AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday the 3rd day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS section 32 of the Dominion Lands Act, 1908, provides that agricultural lands shall on y be open for purchase under regulations made by the Governor General in Council, and that there shall be no sale to one person, under such regulations, of an acre of land in excess of one section, without a special order of the Governor General in Council; provided, however, that the Minister may sell a fractional quarter-section, with or without homestead conditions, at a rate not to be less than three dollars per acre;

And whereas at the time of the passing of the said Act there were certain regulations in existence relating to the sale, settlement, use and occupation of Dominion Lands in the province of Manitoba and the North West Territories, enacted by the Order in Council of the 17th September, 1889, (P.C. 2167), as amended by the Orders in Council of the 18th May, 1891, (P.C. 832), and the 23rd January, 1897, (P.C. No. 146), the effect of the said regulations as regards sales of land being to fix the price of Dominion Lands at three dollars per acre, with a minimum price of one dollar an acre, the Minister having authority to vary the price of lands within the limit fixed by the law;

And whereas all sales of Dominion Lands since the coming into effect of the Dominion Lands Act, 1908, have been made under the authority of the regulations referred to, except where the sale was authorized by a special Order in Council.

And whereas some doubt having arisen as to whether the validity of these regulations was affected by the passing of the Dominion Lands Act in 1908, the Minister in order to remove any such doubt, recommends that the power conferred upon the Minister of the interior to make sales of Dominion Lands by the three Orders in Council above referred to be confirmed, and that in future all sales of Dominion Lands be made subject to the following regulations, nothing in which is to be deemed to limit the power of the Minister to sell any fractional quarter-section with or without homestead conditions at a rate not less than three dollars per acre:—

Therefore His Excellency the Governor General in Council, on the recommendation of the Minister of the Interior, is pleased to make and enact and doth hereby make and enact the following regulations:—

REGULATIONS.

Area of land.

1. There shall be no sale to one person of an area of land in excess of one section.

Valuation of land.—Minimum price.

2. No sale of land shall take place until a valuation has been placed thereon by a competent officer of the Department after a personal inspection thereof, and such valuation shall constitute the basis upon which the sale is to be made; provided, however, that no land shall be offered for sale at less than three dollars per acre.

Terms of sale.

3. The terms of the sale shall be fixed by the Minister, and may be varied by him as the circumstances may require.

Settlement conditions.

4. The Minister may make any sale subject to the performance of such settlement duties in any case as he may deem advisable.

Improvements on land.

5. In case there are improvements on the land offered for sale the purchaser shall be required to pay the value of such improvements in addition to complying with other conditions of sale.

Upset price.

6. Every parcel of land offered for sale by auction shall be sold at an upset price determined by the Minister on the basis of the valuation of such land by an officer of the Department.

Auction sales.

7. In case of sales of land by auction, no sale shall take place without at least thirty days public notice being given.

Withdrawal from sale.

8. At any time prior to the date of sale the Minister may cancel the reservation and make the land again available for disposition under the homestead provisions of the Act, after due public notice.

Sales at reduced price.

9. Where any land offered for sale by auction is not sold at the upset price, the Minister may again offer the land for sale at a reduced price and subject to such altered conditions and terms as would insure the sale of land, or he may withdraw the land from sale and dispose of the same under the homestead conditions of the Act.

Cancellation for non-compliance.

10. If the purchaser fails to comply with the terms of the sale either with regard to the payment of purchase price and interest, or in regard to the performance of the prescribed settlement duties, the same may be cancelled in the discretion of the Minister.

Refunds.

11. Where a sale is cancelled by the Minister for non-compliance on the part of the purchaser with the terms thereof, or for any other reason, the Minister may, in his discretion, refund to the purchaser, in whole or in part, the amount paid by him on account of the purchase price.

Assignment of right.

12. Previous to the issue of a patent, a purchaser shall not assign or transfer to any person, his interest in the land or any part thereof, except by special permission of the Minister.

51-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, 17th day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council, on the recommendation of the Acting Minister of the Interior, advise that the Minister of the Interior be authorized to execute, on behalf of His Majesty the KING, with the Canada Land and Irrigation Company, Limited, an agreement in the form annexed hereto, in amendment of, and substitution for, an agreement made on the 31st day of July, 1914, between the Southern Alberta Land Company, Limited, of the First Part; Sir William Plender, Receiver and Manager of the said Company, of the Second Part; the Metropolitan Trust Company, Limited, of the Third Part; and the Honourable George Halsey Perley, representing the Canadian Government of the Fourth Part.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

—

MEMORANDUM OF AGREEMENT, made in triplicate, this .....day of.....1918,

Between

CANADA LAND AND IRRIGATION COMPANY, LIMITED, hereinafter called "The Company,"

Of the First Part, and

HIS MAJESTY THE KING, represented herein by the Honourable Arthur Meighen, Minister of the Interior of Canada, hereinafter called "The Minister,"

Of the Second Part.

Whereas by an agreement dated the 31st day of July, 1914, between the Southern Alberta Land Company, Limited, of the First Part; Sir William Plender, receiver and manager of the said company, of the Second Part; the Metropolitan Trust Company, Limited, of the Third Part, and the Honourable George Halsey Perley, representing the Canadian Government of the Fourth Part, the Canadian Government agreed to loan to the said receiver and manager the sum of three hundred and fifty-four thousand six hundred and eighty-four dollars ($354,684), secured by a first charge upon the lands therein described, to be expended by him in payment for construction works in connection with the irrigation system undertaken by the Southern Alberta Land Company, Limited;

And whereas, by said Agreement it was in effect, provided that the Canadian Government should from time to time, upon payment to it of any sum or sums on account of said indebtedness, convey or release to the Southern Alberta Land Company, Limited, as therein provided, such number of acres of said lands as would correspond to the amount so paid, at the rate of $1.25 per acre;

And whereas, by said Agreement the Southern Alberta Land Company, Limited, covenanted with the Canadian Government that it would endeavour forthwith to raise a sum of not less than eight hundred thousand dollars ($800,000) ranking after the advance hereinbefore referred to;

AND whereas, owing to the outbreak of war almost immediately upon the execution of said Agreement, the said Company was unable to raise the said sum in accordance with arrangements which it had previously made and has found it impossible since that date to raise any such sum;

And Whereas, representations to that effect were made to the Canadian Government and the parties asked to have the conditions of said agreement modified so that, in the event of said parties raising a less sum of money for construction work but not less than two hundred and fifty thousand dollars, ($250,000), the Government would release to said parties an area of land bearing the same ratio to the total acreage specified in the original agreement as the sum of money raised by the said parties bears to eight hundred thousand dollars ($800,000);

And Whereas, by Order in Council of the 13th July, 1916, authority was granted to enter into such modified form of agreement;

And whereas, arrangements have been completed for the amalgamation of the Southern Alberta Land Company, Limited, the Alberta Land Company, Limited, the Canadian Wheat Lands, Limited, into a company named "Canada Land and Irrigation Company, Limited," being the party hereto of the First Part;

And whereas, the Company has duly taken over all the assets and liabilities of the Southern Alberta Land Company, Limited, and is prepared to enter into an agreement with the Government in accordance with the terms of the Order in Council of the 13th July, 1916, above referred to;

Now, therefore, this indenture witnesseth that the parties hereto, in consideration of the respective covenants and agreements hereinafter contained, covenant and agree each with the other as follows:—

1. Save as hereinafter modified, the Company agrees to assume and discharge each and all of the obligations and to perform and complete all of the covenants and agreements of the Southern Alberta Land Company, Limited, Sir William Plender, Receiver and Manager, and the Metropolitan Trust Company, Limited, under or contained in the Agreement of the 31st July, 1914, and to indemnify and save harmless His Majesty from all claims and demands of any kind whatsoever by any of the parties to said Agreement;
2. [1311]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 3rd June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 13th May, 1918, from the Minister of Militia and Defence, stating that by Order in Council of the 11th June, 1917, (P.C. 1595) provision was made for the payment to the Receiver General of balances up to $400 at the credit of deceased officers of the Canadian Expeditionary Force in the Bank of Montreal, the bank being saved harmless upon such payment being made, and the money being distributed among persons entitled to the estate of the deceased.

As a matter of convenience these payments have been made by the Bank of Montreal directly to the officer in charge of Estates, by whom the money has been distributed, and a similar procedure has been followed in regard to small balances to the credit of officers and soldiers in banks other than the Bank of Montreal.

The practice of distributing with the military estate small amounts lying to the credit of deceased officers and soldiers has been of very great convenience since it saves the proportionately very large expense of obtaining administration, and official sanction is desirable.

Arrangements have now been completed whereby sums paid to the Receiver General under the provisions of the Order in Council above referred to, and sums paid by banks and employers in like cases will be disbursed under the direction of the Paymaster-General upon the report of the officer in charge of Estates, and it is desirable to authorize the practice heretofore followed and make provision for balances to the credit of officers and soldiers elsewhere than in the Bank of Montreal.

The Minister, consequently, recommends that Your Excellency in Council approve of the distribution with the military estate of deceased officers and soldiers of the Canadian Expeditionary Force of balances of money at their credit in the bank or with any employer, provided such balances do not in the case of any officer or soldier exceed in all $400, and direct that the bank or employer be relieved from further liability and saved harmless in respect of any such balance upon the payment thereof to the Receiver General, and further direct that so far as payments of the kind hereinbefore referred to have heretofore been made to the officer in charge of Estates, they shall be deemed to have been properly made and the provisions of this Order in Council shall apply to them.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,
52-2 Clerk of the Privy Council.

[1457]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 12th day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Acting Prime Minister directs attention to the provisions of Regulation 4 in Order in Council, dated 20th April, 1918 (P.C. 919), that the high seas should not be considered "a theatre of actual war," and submits that while such a restriction is applicable in the case of the land forces it is not so in the case of the naval forces.

Therefore His Excellency the Governor General in Council, on the recommendation of the Acting Prime Minister, and in virtue of the powers conferred by the War Measures Act, 1914, and otherwise, is pleased to direct and both hereby direct that the interpretation given to the words "theatre of actual war" as above mentioned shall not be deemed to exclude from the operation of the fifth exception contained in the schedule to the Military Service Act, 1917, those men who, since the 4th August, 1914, have served in the Naval forces of Great Britain or her Allies in any theatre of actual war and have been honourably discharged therefrom.

THE Committee of the Privy Council have had before them a report, dated 22nd May, 1918, from the Minister of the Interior, stating that an application has been received from the Division of Biology of the Canadian Department of Mines, for permission to collect biological specimens of birds and the smaller mammals in Jasper Park during the coming summer.

The Minister, therefore, recommends, as the collection is purely for scientific purposes, that the Park regulations established by Order in Council of the 21st June, 1909, and applied to Jasper Park by the Order in Council of the 6th June, 1911, forbidding the hunting and taking of any wild animal or bird within the park limits be waived in this case, and that permission be granted to Mr. William Spreadborough of the Canadian Department of Mines, to collect biological specimens of birds and the smaller mammals for the summer of 1918, the permission being confined, however, to five male and five female specimens of each species of small mammals and ten of each species of birds.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 17th day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 4th day of June, 1918, from the Acting Minister of the Interior, stating that application has been made to the Department of the Interior by William Henry Hammond, owner of the Basque Ranche, comprising an area of about 2,057·5 acres situated in the Railway Belt near Ashcroft, in the Province of British Columbia, to purchase under irrigation conditions 873·7 acres of Dominion lands lying adjacent to his holdings, all of which it is proposed to bring under an irrigation system.

The lands applied for have been inspected by officers of the Department and reported to be useless for cultivation without irrigation, and that the irrigation of the same is feasible providing water can be secured for the purpose. The lands are vacant and available.

The Minister, therefore, recommends that the lands enumerated in the schedule submitted be sold to William Henry Hammond on the following conditions:—

(*a*) The lands sold to be brought under cultivation by irrigation.

(*b*) The purchase price to be at the rate of five dollars ($5.00) per acre, subject to a deduction of the cost of the irrigation works up to an amount not exceeding two dollars ($2.00) per acre, and the amount so credited shall be deemed to be a payment in cash made on the date of sale, the said purchase price to be paid as follows:—One dollar ($1.00) per acre within one year from the date of the authorization of the sale by the Governor in Council, the balance within three years from the date of such authorization or upon fulfilment before the expiration of the said three years of all other conditions of the sale, with interest at 5 per cent per annum.

(*c*) The necessary water rights to be secured from the Provincial Government of British Columbia; no work to be done on the land until preliminary water rights are secured from the province.

(*d*) The work to be commenced within one year from the date of the authorization by Order in Council of the sale and to be completed to the satisfaction of the Minister of the Interior within three years from such date, unless other dates are fixed by the provincial authorities in connection with the water rights, in which case the provincial dates may be accepted if approved by the Minister of the Interior.

(*e*) Examination to be made by engineers of the Department of the Interior on completion of the work.

(*f*) Patent to issue, when conditions completed, for these parcels, the irrigable portions of which have been brought under cultivation by irrigation.

(*g*) The sale to be cancellable for non-payment of the purchase price or for failure to comply with any of the terms or conditions of sale.

(*h*) Prior to patent no transfer or assignment of the lands, or any rights therein, to be made without the consent of the Minister of the Interior.

The Committee concur in the foregoing recommendation, and submit the same for approval.

52-4 Clerk of the Privy Council.

WHEREAS in the Military Service Regulations as approved by Order in Council dated 2nd March, 1918 (P. C. 510), there is no provision limiting the time within which the public representative or the registrar is required to lodge an appeal from the decision of a local tribunal ;

And whereas the reason of the omission of such a a provision was that it was unnecessary, in view of the fact that the public representative or the registrar might submit the case to any tribunal for review at any time ;

And whereas notwithstanding the terms of the existing regulations and of the rights of the public representative and registrar above referred to, appeals against exemptions granted have been refused hearing by certain appeal tribunals on the ground that such appeals were not lodged in time, the result being to cause unnecessary delay in the determination of the claims in question ;

And whereas the Acting Secretary of State for External Affairs represents that in this letter it is set forth, by direction of the Secretary of State for India that under the Army Council Instructions No. 1771/16, dated 12th September, 1916, natives of India of unmixed Asiatic descent are not to be called up for service under the British Military Service Act ; and the effect of that instruction read with article one of the agreement with France, dated 4th October, 1917, respecting the liability to military service of British subjects resident in France is that certificates of exemption from military service are granted to Indians in France ;

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday the 20th day of June 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a Report, dated 8th June, 1918, from the Acting Minister of the Interior, stating that application made to him on the 13th November, 1913, by Raoul Pirmez and George Roels, of the City of Calgary in the Province Alberta, for permission to purchase certain land underlyng and abutting upon Kleskun Lake, in Township seventy-three (73), ranges three (3), four, (4), and five (5) west of the sixth (6th) meridian for reclamation by drainage, comprising eighteen thousand four hundred, (14,800) acres, more or less.

Approval of the drainage and reclamation by the applicants of the said lands has been given by the Director of Surveys of the Province of Alberta, on behalf of the Government of that Province, and no known interests will be prejudicially affected by the proposed drainage works.

Investigations made by an engineer of the Department of the Interior show that the lake serves no useful purpose as a source of water supply and that its drainage and the reclamation of the underlying and adjacent land would be in the public interest.

The land is valueless in its present condition.

The necessary investigations to determine the feasibility of the project and the conditions upon which the sale of the land could be recommended were not completed until July, 1914, and the outbreak of war made it necessary for Mr. Roels to return to Belgium early in August, 1914, and for Mr. Pirmez to return in December of the same year. Mr. Roels is a reserve officer in the Belgian army and Mr Pirmez was the Belgian Consul at Calgary, Alberta.

As the proposed reclamation project had been found to be feasible and in the public interest, and as there was no reason to doubt the intention of the applicants to construct the required works and to reclaim the land upon being authorized to do so, the Minister reserved the land from other disposition in order to protect the priority and interest of the applicants.

On the 31st day of December, 1915, the applicants transferred their interest in the aforesaid application to Charles Frederick Adams and the said Adams on the 25th day of August, 1917, transferred his interest to Edmund Thompson of Kingman, Alberta, and both transfers have been accepted and registered in the Department of the Interior.

Satisfactory evidence has been submitted of Mr. Thompson's ability to construct the works necessary for the reclamation of the land.

The Minister, therefore, recommends that authority be given for the sale of the said land to the said Edmund Thompson and that an agreement containing the terms, restrictions and conditions set forth in the attached form of agreement be entered into between the Minister of the Interior, as representative of His Majesty King George the Fifth, and the applicant.

The Committee concur in the foregoing recommendation, and submit the same for approval.

THE Committee of the Privy Council have had before them a report, dated 13th June, 1918, from the Acting Minister of the Interior, stating that Mrs. Flossie Fitzgerald, who has been deserted by her husband, was granted homestead entry for the North-west quarter of Section 30, Township 10, Range 27, west of the 2nd Meridian, on the 6th November, 1917, considerable cultivation duties have been performed.

The Minister submits copy of a medical certificate showing that Mrs. Fitzgerald has become totally and permanently unfit to fulfil the residence requirements.

The Minister, therefore, recommends that in view of the statements contained in the medical certificate above referred to, the residence requirements of the Dominion Lands Act be dispensed with in this case in accordance with the provisions of Sub-section 2 of Section 20, Chapter 20, 7–8 Edward the Seventh, so that free patent may be issued to Mrs. Fitzgerald upon proof being furnished in the ordinary way that the other conditions of the law have been fulfilled.

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Commitee of the Privy Council have had before them a report, dated 12th June, 1918, from the Acting Minister of the Interior, stating that Section 3 of the Coal Mining Regulations, approved by Order in Council dated the 20th April, 1910, provides that the length of a location, acquired under the provisions of such regulations, shall not exceed four times the breadth thereof.

In the year 1911, two locations, lying in Township 46, Range 24 west of the 5th Meridian, were staked out under the provisions of the above regulations, and leases of the coal mining rights under the tracts staked were issued, which leases have since been assigned to the Cad min Coal Company, Limited.

It has been discovered on survey that these two locations do not adjoin throughout, as was the intention of the original stakers, and that there remains undisposed of a triangular strip about one-half mile long and with an average width of less than one hundred feet, containing a total area of 4.4 acres, between the locations, which the above company claims is essential to its successful operation of the locations in question.

It has been represented that the company's main entry to the mine is through this available strip of land, and that upon it has been erected the company's tipple, store houses, general store and miner's cabin.

As the company has opened a mine on this land and incurred a very large expenditure in development, the Minister recommends that he be authorized to grant the company a lease of the coal mining rights under the 4.4 acres referred to, notwithstanding the provision of the Coal Mining Regulations already referred to.

The Committee concur in the foregoing recommendation and submit the same for approval.

Clerk of the Privy Council.

THE Committee of the Privy Council have had before them a report, dated 22nd May, 1918, from the Minister of the Interior, stating that an application has been received from Dr. Charles Walcott, Secretary of the Smithsonian Institute, Washington, for permission to collect biological specimens in Rocky Mountains, Yoho and Jasper Parks during the coming summer for the United States National Museum.

The Minister therefore recommends, as the collection is purely for scientific purposes, that the Park Regulations established by Order in Council of the 21st June, 1909, and applied to the aforesaid parks by the Order in Council of the 6th June, 1911, forbidding the hunting and taking of any wild animal or bird within the park limits be waived in this case, and that Dr. Charles Walcott be granted permission to collect biological specimens in Rocky Mountains, Yoho and Jasper Parks for the summer of 1918, the permission being confined, however, to two male and two female specimens of each species of mammals and six of each species of birds.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Minister of Marine and Fisheries has had under consideration an application from the Corporation of the Harbour Commissioners of Montreal for the approval of new By-law No. 125 passed at an ordinary meeting of the Harbour Commissioners held on the 22nd day of May, 1918, dealing with rates to be levied with regard to water supplied to vessels in the Harbour of Montreal.

And whereas the said by-law has been submitted to the Department of Justice and that Department sees no legal objection to its approval;

Therefore His Excellency the Governor General in Council, on the recommendation of the Minister of Marine and Fisheries and under and in accordance with the provisions of chapter 48, 57-58 Victoria, is pleased to approve By-law No. 125 of the Harbour Commissioners of Montreal, and the same is hereby approved accordingly.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

—

HARBOUR COMMISSIONERS OF MONTREAL.

EXTRACT from the Minutes of an ordinary meeting held on the 27th of May, 1918.

RESOLVED that the following be added to the By-laws as By-law No. 125.

By-law No. 125.

FROM and after the date of the coming into force of the present by-law, rates shall be levied as hereinafter set forth with regard to water supplied to vessels in the Harbour of Montreal, viz:—

A minimum charge of $20.00 for the first supply, which will entitle the vessel to receive up to 4,000 cubic feet of water, taken at one time.

For any additional supply taken at the same time, the charge will be $2.00 per 1,000 cubic feet.

For any subsequent delivery of water:

	For vessels lying at wharves between Sections 12 and 27.	For vessels lying at any other wharf of the harbour.
For supply of 2,000 cubic feet or under, taken at one time.....	$ 7.50 per steamship	15.00 "
For supply of 4,000 cubic feet or under, taken at one time.....	15.00 "	30.00 "
Extra supply over 4,000 cubic feet, taken at same time.....	2.00 per 1,000 cu.ft.	2.00 "

Water will be supplied by the hose of the Commissioners if the ship be within convenient reach of the Commissioners' hydrants and hose, but if that be not convenient or for any other reason the water is to be supplied in barrels, by carts or otherwise than merely through hose and hydrants, the actual extra cost will be charged in addition to the above charges.

The Vessel must receive each supply of water continuously to the full capacity of the hose, otherwise the actual extra cost for delay will be added to the above charges.

The Commissioners do not guarantee to supply water at the time for which it is applied for, they merely undertake to deliver it as soon after such time as can reasonably be done, and the Commissioners shall not be liable or responsible in any way if, and whenever, owing to the lack of supply from the city, or for any other reason, beyond the control of the Commissioners, the Commissioners fail to supply the water in question or any part thereof.

A vessel not ready to receive water at the time for which it is supplied or ordered, forfeits its turn in favour of the next vessel that may be ready. Should, however, no other vessel be ready for water, then the vessel which is not ready shall be charged with waiting time at the rate of $5 per hour or fraction thereof.

In all cases the above rates include the use of hydrants and of hose in and so far as they can be conveniently used and include the necessary labour in that connection.

The Commissioners will not be responsible for any injury to persons or damage to property and the Commissioners will not incur any liability in connection with the purposes for which the water is intended or used nor as to its suitability or otherwise.

Any person tampering with the hydrants or supply pipes or other equipment, or taking or attempting to take water without authority shall be subject to the penalties provided for the infraction of the By-laws of the Commissioners.

THE Committee of the Privy Council have had before them a report, dated 17th May, 1918, from the Minister of Finance submitting the findings, herewith, of the Commissioners appointed under the provisions of The Currency Act, 1910, for the purpose of ascertaining that the coins, of the currency of Canada, struck during the year 1917 at the Ottawa Branch of the Royal Mint have been coined in accordance with the provisions of the Act.

The Minister reports that the findings referred to indicate that the coins, both as to weight and fineness, conform to the standards set up by that Act.

The Committee submit the same for Your Excellency's information.

OTTAWA, 8th May 1918.

The Hon. Minister of Finance,
Ottawa.

Sir,—We have the honour to submit herewith the Verdict of the Assay Commissioners for the Trial of The Ottawa Pyx, for the year 1917.

We have the honour to be, sir,
Your obedient servants,

(Sgd.) ALFRED STANSFIELD,
WILLIAM NICOL,
WILLIAM HODGSON MILLS.

—

VERDICT OF THE ASSAY COMMISSIONERS AT THE TRIAL OF THE PYX, 1918.

We whose names are hereunder written, having been sworn on the seventh day of May, one thousand nine undred and eighteen, before His Honour Judge D. B. MacTavish at the Royal Mint, in the City of Ottawa, have made the assays and trials of His Majesty's silver coins, there being no gold coins in the Pyx of the Branch Mint at Ottawa, in the Dominion of Canada, which according to accounts of the officers of the Mint were coined at the said Branch Mint from the first day of January to the thirty-first day of December, one thousand nine hundred and seventeen, both days inclusive.

We ascertained that the coins in each packet produced to us corresponded as to number and denomination with the endorsement on the respective packets and with the account prepared by the officers of the Mint.

We took one coin from each packet amounting to twelve fifty cent pieces, twenty-seven twenty-five

cent pieces, twenty ten cent pieces and twenty-four five cent pieces. We weighed each of the said fifty and twenty-five cent pieces separately for remedy, and the said ten and five cent pieces in lots of ten and twenty coins respectively, for remedy, and ascertained that they were all within the remedy as to weight prescribed in the Schedule of the Currency Act, 1910. We found that the amount of variation from the standard of weight specified in the said Schedule to the said Act was plus fifteen ten-thousandths of an ounce (+ .0015 oz.) on the whole of such coins.

We then melted the said silver coins, so taken out and weighed, into an ingot, and assayed such ingot, comparing it with the pure silver trial-plate produced by the Deputy Minister of Inland Revenue, so as to ascertain whether the metal was within the remedy as to fineness prescribed in the said schedule of the said act; and we found that the amount of variation thereof from the standard of fineness specified in the said schedule of the said act was minus five ten-thousandths (—·0005) and that therefore the said metal was within the prescribed remedy as to fineness. We weighed the residue of the said silver coins in bulk and we ascertained that they were within the prescribed remedy as to weight.

We then took from such residue of silver coins two fifty cent pieces, two twenty-five cent pieces, two ten cent pieces and one five cent piece, and weighed and assayed them separately, and we found that such fifty cent pieces weighed: the first 180.01 grains, the second 179.63 grains, and that such twenty-five cent pieces weighed: the first 90.18 grains, the second 90.26 grains, and that such ten cent pieces weighed: the first 36.12 grains, the second 36.18 grains, and that such five cent pieces weighed 17.97 grains.

We then assayed the said coins separately and we found the millesimal fineness of such fifty cent pieces to be: the first 923.7, the second 924.1, and the millesimal fineness of such twenty-five cent pieces to be: the first 925.5, the second 924.7 and the millesimal fineness of such ten cent pieces to be: the first 925.0, the second 924.3, and the millesimal fineness of the five cent piece to be 923.8.

Dated at Ottawa, the eight day of May, A.D. one thousand nine hundred and eighteen.

Saturday, the 22nd day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency the Governor General in Council on the recommendation of the Acting Minister of the Interior is pleased to order and it is hereby ordered that the regulations for the survey, administration, disposal and management of Dominion Lands within the Forty-five Railway Belt, in the Province of British Columbia, established by Order in Council of 17th September, 1889, shall be and the same are hereby amended by rescinding section 9 thereof and substituting the following therefore:—

9. (1) The word "highway" as used in this section shall mean all public wagon-roads, streets, roads, trails, lanes, bridges and trestles, but shall not include canals, towing-paths or other like public ways.

(2) The authorities of the Province of British Columbia shall, during the pleasure of the Governor in Council and subject to the provisions of these regulations, be authorized and empowered to make and establish such public highways through or over Dominion lands in the railway belt, exclusive of areas set apart as Dominion forest reserves and parks, but including lands held under homestead entry, contract of sale, lease, license or any other form of occupancy, and also including foreshores and lands covered with water, as if the British Columbia Highway Act, chap. 99, of the Revised Statutes of British Columbia, 1911, as amended by chap. 29 of the Statutes of 1913, were applicable to the said Dominion lands.

(3) Notwithstanding the powers conferred upon the Provincial authorities by the preceeding subsection, the Governor in council may authorise the location and construction by any person of such public highways as he may deem expedient through any land subject to these regulations, and for that purpose may take or authorise to be taken without any notice and without any consent on the part of the person owning or occupying such land or having any claim, estate, right, title or interest therein, any requisite area of land, and any existing roads whether the area so taken be or be not in excess of the Provincial allowance for roads, in any section, quarter section or legal subdivision, and may also enter upon or authorise entry upon any such lands and the taking therefrom of any gravel, stone, timber or other material required for the construction of such highway or for the purpose of cutting and maintaining any drains that may be considered necessary.

(4) Whenever any highway is made and declared and has been put into actual use by the Public or whenever the Governor-in-Council has established a highway as provided in the last preceeding sub-section such public highway shall become the property of the Province, the legal title thereto remaining in the Crown for the public use of the Province subject to reversion in the case of closing or abandonment as hereinafter specified, provided that the ownership of any minerals under such roads shall not be affected by the making or establishing of any such highway.

(5) No road so established by the Governor in Council shall be closed up or its direction varied or any part of the land occupied by it sold or otherwise alienated without the consent of the Governor in Council.

(6) Whenever any road constructed by the Provincial authorities over any of the lands subject to these regulations is later closed by the same authorities or by reason of abandonment or otherwise ceases to be a public highway, or whenever any road established by the Governor in Council is closed in the manner specified herein, then, in either such case, the part of such highway, if any, which was comprised of Dominion lands when constructed and which at the time of such closing or ceasing to be used as a public highway, is still situated across or adjacent to Dominion lands, shall revert to and become the property of the Crown in the right of Canada and may be dealt with by the Minister subject to these regulations.

(7) Until necessary highways providing means of egress and ingress to the lands of settlers and landholders shall have been located and constructed, a convenient right of way not exceeding sixty-six feet in width over any Dominion lands disposed of is hereby reserved for the use and convenience of settlers and land-holders in passing from time to time to and from their locations or lands, to and from any now existing public highways, providing always that such settler or landholder making use of the aforesaid privilege shall not damage the fences or crops of the occupier located on the land over which such right of way is reserved.

(8) Notwithstanding any other provisions of these regulations, in case the Provincial authorities and the Governor in Council should both establish highways across the land of any owner or occupier, no greater area shall be taken without compensation from such owner or occupier for the purpose of the said highways than is permitted to be taken by the Provincial authorities under the said British Columbia Highway Act.

(9) Every homestead entry, contract of sale, lease, license or any other form of company, patent or other grant hereafter issued of any Dominion

lands within the Railway Belt shall be subject to a reservation providing for the taking of an area for road purposes and compensation for the same as provided herein.

1–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday the 3rd day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency the Governor General in Council, on the recommendation of the Minister of the Interior, is pleased to order and it is hereby ordered that Section 27 of the regulations governing the granting of yearly licenses and permits to cut timber on Dominion Lands, established by Order in Council of the 1st July, 1898, and subsequent Orders in Council, be rescinded and the following substituted therefor:—

27. Licensees are required to keep a bush count of all saw logs and other timber cut upon a berth, as well as the number of pieces hauled therefrom, in the form of a book to be furnished for the purpose by the Crown Timber Agent. The books covering operations for twelve months ending the 30th April in each year are to be returned to the said Agent duly completed by the foreman in charge of operations, who shall subscribe to the affidavit therein.

(*a*) All saw logs and other timber cut upon a licensed or permit berth, or upon unpatented homestead lands within the Railway Belt of the Province of British Columbia, whether merchantable or cull, must be clearly marked with a distinguishing number on scaling end with crayon, chalk or pencil, at the time of scaling.

Numbering will be necessary even when the logs will be sawn immediately or before being placed in the water. The scale of each log and length will be entered opposite its number in consecutive order in a scale book, cull logs being identified by the addition of the letter "C".

Where operations are carried on to such an extent as to require the use of more than one scale book, the books are to be numbered serially with letters of the alphabet in the order in which they are used. These books are to be carefully preserved by the licensee for inspection by the Crown Timber Agent or other officer of the Crown.

No person is authorized to scale timber cut upon Dominion Lands other than those authorized in writing by the Minister or his appointed agent.

(*b*) The requirements in the next preceding subclause will not apply to timber cut on Dominion Lands within the Railway Belt lying south of a line drawn East and West from the Town of Yale.

All timber cut within said tract, which is subject to Crown dues, shall be scaled by a Dominion Timber Scaler holding a scaler's license from the British Columbia Government, and in accordance with the British Columbia log rule.

(*c*) The following fees, to which shall be added reasonable expenses, shall be paid for the scaler's services by the licensee or permittee conducting operations:—

For scaling saw logs and spars, 5 cents per thousand feet board measure; for measuring piles and poles, 5 cents for each 200 lineal feet; for measuring railway ties, pulpwood, shingle bolts or cordwood, 5 cents for each cord of 128 cubic feet.

When the fees and reasonable expenses are not paid promptly on completion of the work, the amount due shall be made a lien upon the timber with respect to which the work was done, or upon the berth from which the timber was taken.

In the event of a licensee or permittee disputing the Inspector's scale, on application to the Crown Timber Agent for the district, a re-scale of the timber will be made by another Dominion Scaler, and in such case the person requiring his services must pay such additional expense or cost as may be occasioned thereby.

Provided that if the original scale made be proved inaccurate to an extent of five per cent on the total scale, a second charge for the work shall not be made.

(*d*) The scaling officer shall deliver a copy of any scale made by him to the owner of the timber scaled, upon demand and upon payment of his fees and expenses.

(*e*) The Crown Timber Agent, or other duly authorized officer of the Department, shall act as arbiter in any dispute that may arise between a licensee or permittee and the official scaler, as to the measurements of any timber and his award shall be binding upon all parties without appeal.

(*f*) All diameters of logs shall be measured inside of the bark at the top end of the log.

(*g*) No timber or saw logs shall be manufactured or sawn until the same have been scaled in accordance with the requirements of these regulations, and any person violating this provision shall be liable to have such timber or product of manufacture therefrom seized and forfeited, wholly or in part, to the Crown, or pay dues thereon at the rate of five dollars per thousand feet board measure, according as the Minister may direct.

As Revised and brought in force 22nd March, 1916.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during at least three months before the consideration by the Committee on Divorce of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the district in Quebec, Manitoba, Saskatchewan, Alberta, British Columbia or the Northwest Territories, or in the county or union of counties in other provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining district or county or union of counties.

Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the district, but otherwise shall be published in one newspaper in both languages. If a notice given for any session of Parliament is not completed in time to allow the petition to be dealt with during that session the petition may be presented and dealt with during the next ensuing session, without any further publication of such notice.

A copy of the said notice and a copy of the petition to be presented shall, at the instance of the applicant, and not less than two months before the consideration by the Committee of the petition, be served personally, when that can be done, on the person from whom the divorce is sought, who is hereinafter called "the respondent."

If the residence of the respondent is not known or personal service cannot be effected, then, if it be shown to the satisfaction of the Committee that all reasonable efforts have been made to effect personal service, and, if unsuccessfull, to bring such notice and petition to the knowledge of the respondent, what has been done may be deemed and taken by the Committee sufficient service.

The petition should also negative connivance at, or condonation of the wrong complained of and collusion in the application for divorce.

(*a*) The respondent's residence at the time of sending such notice.

(*b*) A Post Office address in Canada at which letters and notices for the respondent may be delivered.

(*c*) The name and address of the solicitor, if any, acting for the respondent.

(*d*) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.

(*6*) That, if the respondent does not so notify the Clerk of the Senate, the petition may be considered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(*7*) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the

satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, ($210).

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL

AU comité du Conseil privé a été soumis un rapport du ministre de l'Intérieur, daté le 22 mai 1918, représentant que le docteur Charles Walcott, secrétaire du Smithsonian Institute, Washington, a demandé la permission de recueillir des spécimens biologiques dans le parc des Montagnes-Rocheuses, le parc Yoho et le parc Jasper au cours de l'été prochain pour le Musée National des Etats-Unis.

Par conséquent, comme cette collection est purement pour des fins scientifiques, le ministre recommande que soient suspendus dans ce cas les règlements des parcs établis par un arrêté en conseil du 21 juin 1909, et appliqués aux dits parcs par un arrêté en conseil du 6 juin 1911, prohibant la chasse et la capture de tout animal ou oiseau sauvage dans les limites des parcs, et que permission soit accordée au docteur Charles Walcott de recueillir des spécimens biologiques dans le parc des Montagnes Rocheuses, le parc Yoho et le parc Jasper au cours de l'été de 1918. Toutefois, la permission est limitée à deux spécimens mâles et deux spécimens femelles de chaque espèce et à six spécimens de chaque espèce d'oiseaux.

Le comité agrée cette recommandation et la soumet pour approbation.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du ministre de la Milice et de la Défense, daté le 13 mai 1918, représentant que par un arrêté du conseil daté le 11 juin 1917 (C.P. 1595), il a été décrété que soient déposées entre les mains du Receveur général des soldes ne dépassant pas $400 chacun et qui sont à la Banque de Montréal au crédit d'officiers défunts du Corps expéditionnaire canadien, la dite banque étant relevée de toute responsabilité après avoir ainsi payé les dits soldes, l'argent étant distribué aux ayants droit des dits défunts.

Pour plus de commodité ces paiements ont été faits par la Banque de Montréal directement au fonctionnaire préposé aux successions par l'entremise de qui cet argent a été distribué et il en a été procédé de même dans la distribution de soldes moindres au crédit d'officiers et de soldats dans d'autres banques que la Banque de Montréal.

La pratique de distribuer en même temps que la succession militaire les petites sommes restant au crédit des officiers et soldats défunts est très commode, car elle évite les fortes dépenses que nécessite l'obtention de lettres d'administration, et la sanction officielle de cette pratique est désirable.

Des arrangements ont été conclus par lesquels les sommes ainsi payées au Receveur général en vertu des dispositions de l'arrêté en conseil susmentionné, de même que les sommes payées par les banques et les patrons dans des cas analogues seront déboursées sous la direction du paie-maître général sur rapport du fonctionnaire préposé aux successions, et il est désirable que soit autorisée la pratique suivie jusqu'ici et d'établir des dispositions au sujet des soldes qui reviennent aux officiers et soldats de sources autres que de la Banque de Montréal.

Le ministre, par conséquent, recommande que Votre Excellence en conseil donne son approbation à la distribution, par l'entremise du préposé aux successions des officiers et soldats défunts du Corps expéditionnaire canadien, des soldes au crédit de ces officiers et soldats défunts dans les banques ou qui leur sont dues par leurs patrons, pourvu que ces sommes n'excèdent en aucun cas $400, et ordonne que la banque ou le patron soit relevé de toute responsabilité à venir et soit immunisé au sujet de tout tel solde après paiement d'icelui au Receveur général, et que de plus soit décrété qu'en ce qui concerne les sommes qui ont jusqu'ici été payées au préposé aux successions, ces paiements soient censés avoir été faits légalement, les dispositions du présent arrêté s'appliquant à ces paiements.

Le comité agrée cette recommandation et la soumet pour approbation.

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du ministre suppléant de l'Intérieur, daté le 4e jour de juin 1918, représentant que William Henry Hammond, propriétaire du Basque Ranche, comprenant une superficie d'à peu près 2,057.5 acres, situé dans la zone des chemins de fer près d'Ashcroft, province de la Colombie-Britannique, a demandé d'acheter, sujet aux conditions d'irrigation, 873.7 acres de terres fédérales attenantes à son terrain, avec l'intention d'y établir un système d'irrigation.

Les terres demandées ont été examinées par des fonctionnaires du département, qui les représentent comme impropres à l'agriculture sans irrigation, et qui font rapport qu'elles peuvent être irriguées pourvu qu'on puisse se procurer l'eau nécessaire Ces terres sont vacantes et disponibles.

Le ministre, par conséquent, recommande que les terrains énumérés dans l'annexe ci-jointe soient vendus à William Henry Hammond aux condilions suivantes:

(*a*) Les terrains ainsi vendus doivent être rendus propres à la culture par l'irrigation.

(*b*) Le prix d'achat sera de cinq (5) dollars l'acre ; le coût des travaux d'irrigation, n'excédant pas $2 l'acre, pourra en être déduit et le total du coût de telle irrigation sera censé être un versement en argent fait à la date de la vente. Le prix d'achat sera payé comme suit : Un ($1) dollar l'acre au cours de l'année qui suit la date d'autorisation de la vente par le Gouverneur en conseil, et la balance dans les trois ans de la date de telle autorisation ou si toutes les autres conditions de la vente sont remplies et si l'intérêt à 5% est payé avant telle expiration de trois années.

(*c*) Les droits hydrauliques nécessaires seront obtenus du gouvernement provincial de la Colombie-Britannique.

Il ne sera fait aucuns travaux sur le terrain avant que des droits hydrauliques aient d'abor été obtenus de la province.

(*d*) Les travaux seront commencés au cours de l'année suivant la date de l'autorisation de la vente par arrêté en conseil et parachevés à la satisfaction du ministre de l'Intérieur dans les trois ans de telle date, sauf dans le cas où d'autres dates seraient fixées par les autorités provinciales en rapport avec les droits hydrauliques, alors que les dates provinciales pourront être acceptées si le ministre de l'Intérieur les approuve.

(*e*) L'examen des travaux sera fait par les ingénieurs du département de l'Intérieur à leur parachèvement.

(*f*) Lorsque les conditions seront remplies, patente de ceux de ces terrains rendus propres à la culture par l'irrigation sera délivrée

(*g*) La vente pourra être annulée si le prix de vente n'est pas payé ou si l'acheteur ne se conforme pas à une quelconque des conditions de la vente.

(*h*) Avant que la patente soit délivrée il ne sera fait aucun transfert du terrain ni de droits au terrain sans le consentement du ministre de l'Intérieur.

Le comité agrée cette recommandation et la soumet pour approbation.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

ATTENDU que l'article 32 de la *Loi des terres fédérales, 1908*, prescrit que les terres arables ne seront à vendre que subordonnément à des règlements établis par le Gouverneur en conseil, et qu'il ne sera pas vendu à une même personne, sous le régime de ces règlements, une étendue de terre de plus d'une section sans un décret spécial du Gouverneur en conseil ; mais que le Ministre peut vendre un quart de section fractionnaire, avec ou sans les conditions exigées pour les homesteads, à un prix ne devant pas être inférieur à trois dollars l'acre;

Et attendu que lors de l'adoption de la dite loi il existait certains règlements régissant la vente, la colonisation, l'usage et l'occupation des terres fédérales dans la province de Manitoba et les Territoires du Nord-Ouest, règlements décrétés par l'arrêté en conseil du 17 septembre 1889 (C.P. 2167), ainsi que modifié par les arrêtés en conseil du 18 mai 1891 (C.P. 832) et du 23 janvier 1897 (C.P. 146), l'effet des dits règlements en ce qui concerne les ventes de terres étant de fixer les prix des terres fédérales à trois dollars l'acre, avec un prix minimum d'un dollar l'acre, le Ministre étant autorisé à varier le prix des terres dans les limites fixées par la loi ;

Et attendu que toutes les ventes de terres fédérales depuis la mise en vigueur de la *Loi des terres fédérales de 1908* ont été faites sous le régime des règlements ci-dessus mentionnés, sauf lorsque la vente était autorisée par un arrêté en conseil spécial ;

Et attendu que certain doute ayant surgi quant à savoir si la validité de ces règlements était affectée par l'adoption de la *Loi des terres fédérales de 1908*, le Ministre, afin d'enlever tout doute à ce sujet, recommande que soit confirmé le pouvoir de vendre des terres fédérales conféré au ministre de l'Intérieur par les trois arrêtés en conseil ci-dessus mentionnés, et qu'à l'avenir toutes les ventes des terres fédérales soient faites conformément aux règlements suivants dans lesquels rien ne sera censé limiter le pouvoir du Ministre de vendre un quart de section fractionnaire quelconque, avec ou sans les conditions de homestead, à un prix n'excédant pas trois dollars l'acre.

Par conséquent, il plaît à Son Excellence le Gouverneur général en conseil, à la recommandation du ministre de l'Intérieur, de faire et décréter par les présentes les règlements suivants :

RÈGLEMENTS.

Étendue du terrain.

1. Il n'y aura aucune vente à une même personne d'une étendue de terrain excédant une section.

Evaluation du terrain.

2. Aucune vente de terrain n'aura lieu avant qu'une évaluation en ait été faite par un fonctionnaire compétent du département, après une inspection personnelle, et cette inspection constituera la base sur laquelle se fera la vente; mais aucun terrain ne sera offert en vente à moins de trois dollars l'acre.

Prix minimum.

3. Les conditions de la vente seront déterminées par le Ministre et peuvent être variées par lui selon que les circonstances l'exigeront.

Conditions d'établissements.

4. Le Ministre peut faire toute vente sujet à l'accomplissement de telles obligations d'établissement qu'il jugera à propos dans tout cas quelconque.

Améliorations du terrain.

5. Au cas où il y a des améliorations sur le terrain offert en vente, l'acheteur peut être requis de payer la valeur de ces améliorations en outre de l'obligation de se conformer aux autres conditions de la vente.

Mise à prix.

6. Tout terrain offert en vente à l'enchère sera vendu à une mise à prix déterminée par le Ministre.

Vente à l'enchère.

7. Au cas de ventes de terres à l'enchère, aucune vente n'aura lieu sans qu'un avis public d'au moins trente jours ait été donné.

Retrait de la vente.

8. En tout temps avant la date de la vente, le Ministre peut annuler la réserve et rendre le terrain de nouveau disponible pour l'aliénation sous le régime des dispositions de homestead de la Loi, après avis public dûment donné.

Ventes à prix réduit.

9. Quand un terrain quelconque offert en vente à l'enchère n'est pas vendu à la mise à prix, le Ministre peut de nouveau offrir le terrain en vente à un prix réduit et à telles conditions qui peuvent assurer la vente du terrain, ou il peut soustraire le terrain de la vente et en disposer aux conditions de homestead de la Loi.

Annulation par défaut.

10. Si l'acheteur néglige de se conformer aux conditions de la vente, soit en ce qui concerne le paiement du prix de l'achat et de l'intérêt, soit quant à l'accomplissement des obligations d'établissement prescrites, la vente peut être annulée à la discrétion du Ministre.

Remboursements.

11. Quand une vente est annulée par le Ministre pour défaut de la part de l'acheteur de se conformer aux conditions ou pour toute autre raison, le Ministre peut à sa discrétion rembourser à l'acheteur, en tout ou en partie, le montant qu'il a payé à compte sur le prix d'achat.

Cession de droit.

12. Avant l'émission de la patente un acheteur ne peut céder ou transférer à une personne quelconque son droit ou partie de son droit sur le terrain, excepté par permission spéciale du Ministre.

A l'honorable ministre des Finances, Ottawa.

Monsieur,—Nous avons l'honneur de vous transmettre ci-joint le verdict des Commissaires Essayeurs sur l'épreuve de la boîte d'essai de la Monnaie (Pyx) d'Ottawa, pour l'année 1917.

Nous avons l'honneur d'être,

VERDICT DES COMMISSAIRES ESSAYEURS SUR L'ÉPREUVE DE LA BOITE D'ESSAI DE LA MONNAIE (*PYX*) D'OTTAWA, 1918.

Nous, dont les noms sont écrits ci-dessous, ayant été assermentés le 7e jour de mai mil neuf cent dix-huit, par devant Son Honneur le juge D. B. MacTavish, à la Monnaie Royale, en la cité d'Ottawa, avons fait les essais et les épreuves des pièces d'argent de Sa Majesté, il n'y avait pas de pièces d'or, dans la boîte d'essai de la Monnaie Succursale d'Ottawa, dans le Dominion du Canada, lesquelles, d'après les registres des officiers de la Monnaie, ont été frappées à la dite Monnaie Succursale du 1er jour de janvier au 31e jour de décembre mil neuf cent dix-sept, ces deux jours inclus.

Nous avons constaté que les pièces dans chaque paquet qui nous a été soumis correspondaient, quant à la dénomination et au nombre, à la suscription sur chaque paquet et à l'état préparé par les fonctionnaires de la Monnaie.

Nous avons pris une pièce dans chaque paquet, soit douze pièces de cinquante cents, vingt-sept pièces de vingt-cinq cents, vingt pièces de dix cents et vingt-quatre pièces de cinq cents. Nous avons pesé séparément chacune desdites pièces de cinquante et de vingt-cinq cents, et lesdites pièces de dix et de cinq cents en lots de dix et de vingt pièces respectivement, et avons constaté qu'elles étaient toutes, quand au poids, dans la limite de tolérance prescrite à l'annexe du *Currency Act, 1910*. Nous avons trouvé que le chiffre de variation d'avec l'étalon de fin spécifié dans ladite annexe dudit acte était "plus" quinze dix-millièmes (+.0015) d'une once sur le total des pièces.

Nous avons alors fondu en un lingot les dites pièces d'argent ainsi sorties et pesées, et nous avons essayé ce lingot en le comparant avec la plaque d'essai d'argent pur fournie par le sous-ministre du Revenu de l'Intérieur, de façon à s'assurer si le métal était dans le degré de tolérance prescrit pour le titre de fin dans l'annexe du dit acte, et avons trouvé que le chiffre de variation d'avec l'étalon de fin spécifié dans la dite annexe du dit acte était "minus" cinq dix-millièmes (−.0005), et, en conséquence, que le dit métal était dans le degré de tolérance prescrit pour le titre de fin. En pesant le résidu des dites pièces d'argent en bloc, nous avons constaté qu'elles étaient dans les limites de tolérance quant au poids.

Nous avons ensuite pris de ce résidu de pièces d'argent deux pièces de cinquante cents, deux pièces de vingt-cinq cents, deux pièces de dix cents et une pièce de cinq cents, et, après les avoir pesées et essayées séparément, nous avons trouvé que ces pièces de cinquante cents pesaient: la première 180.01 grains, la seconde 179.63 grains; et que ces pièces de vingt-cinq cents pesaient respectivement: la première 90.18 grains, la seconde 90.26 grains; et que les pièces de dix cents pesaient respectivement: la première 36.12 grains, la seconde 36.18 grains; et que la pièce de cinq cents pesait 17.97 grains.

Nous avons ensuite essayé les dites pièces séparément et avons constaté que le titre de fin millésime de ces pièces de cinquante cents était, pour la première 923·7, et pour la seconde 924.1; et que le titre de fin millésime de ces pièces de vingt-cinq cents était, pour la première 925.5, et pour la seconde 924-7; et que le titre de fin millésime des dites pièces de dix cents était de 925.0 pour la première et de 924.3 pour la seconde; et que le titre de fin millésime de la pièce de cinq cents était de 923.8.

Daté à Ottawa, ce huitième jour de mai mil neuf cent dix-huit.

Jeudi, le 20e jour de juin 1018.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre suppléant de l'Intérieur, daté le 8 juin 1918, représentant que le 13 novembre 1913, Raoul Pirmez et George Roels, de la ville de Calgary, dans la province d'Alberta, ont demandé la permission d'acheter certains terrains sous le lac Kleskun et y aboutissant, township 73, rangs 3, 4 et 5, à l'ouest du 6e méridien, comprenant 18,400 acres, plus ou moins, pour assèchement par le drainage.

Le projet de drainage et d'asséchement des requérants a été approuvé par le directeur des arpentages de la province d'Alberta, au nom du gouvernement de cette province, et les travaux d'assèchement ne nuiront à aucun intérêt connu.

Il résulte d'enquêtes faites par l'ingénieur du département de l'Intérieur que le lac n'est d'aucune utilité comme source d'approvisionnement d'eau et que l'assèchement des terrains adjacents et de ceux qu'il recouvre seraient d'intérêt public.

Le terrain n'est d'aucune valeur dans sa condition actuelle.

Les enquêtes nécessaires pour déterminer la praticabilité du projet et les conditions auxquelles la vente pouvait être recommandée n'ont été complétées qu'en juillet 1914, et la déclaration de la guerre força M. Roels à retourner en Belgique, au commencement du mois d'août 1914, et M. Pirmez, en décembre de la même année. M. Roels est officier de réserve dans l'armée belge et M. Pirmez était le consul belge à Calgary, Alberta.

Vu que le projet d'assèchement avait été reconnu praticable et d'intérêt public et que ne pouvait être mise en doute l'intention des requérants de construire les travaux nécessaires et de procéder à l'assèchement du terrain dès qu'ils en auraient l'autorisation, le ministre a réservé le terrain afin de respecter la priorité d'intérêts de ces requérants.

Le 31 décembre 1915, les requérants transférèrent leurs droits à Charles Frédérick Adams, et le 25 août 1917, Adams transféra lui-même ses droits à Edmund Thompson, de Kingman, Alberta. Ces deux transfers ont été inscrits au Département de l'Intérieur.

Il a été établi d'une manière satisfaisante que M. Thompson est en position de mener à bonne fin l'exécution du projet.

Le Ministre, par conséquent, recommande que la vente dudit terrain audit Edmund Thompson soit autorisée et que le Ministre de l'Intérieur, à titre de représentant de Sa Majesté le Roi George V, et le requérant souscrivent à une convention contenant les conditions et restrictions stipulées dans la formule de convention annexée.

Le comité agrée cette recommandation et la soumet pour approbation.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

ATTENDU que dans le Code des décrets concernant le commerce avec l'ennemi (C.P. 1023), promulgué le 2 mai 1916, il est déclaré que c'est une infraction de ces décrets de trafiquer ou d'avoir des relations avec une personne qui réside ou exerce un commerce dans un territoire occupé par un état ou un souverain actuellement en guerre avec Sa Majesté ;

Et attendu que vu l'état instable de la Russie il est difficile de s'assurer quelles parties de ce pays sont occupées par l'ennemi et quelles parties ne le sont pas ;

Par conséquent, il plaît à Son Excellence le Gouverneur général en conseil, à la recommandation du Secrétaire d'Etat et en vertu des dispositions de la *Loi des mesures de guerre, 1914*, d'ordonner et déclarer, et il est par les présentes ordonné et déclaré que pour les fins des décrets codifiés concernant le commerce avec l'ennemi le territoire suivant en Russie peut être considéré territoire en occupation hostile ;

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

ATTENDU que le ministre de la Marine et des Pêcheries a pris en considération une demande de la corporation des Commissaires du havre de Montréal, pour l'approbation du nouveau règlement n° 125 adopté à une assemblée ordinaire des Commissaires du havre, tenue le 22e jour de mai 1918, concernant le tarif des droits qui seront prélevés pour l'eau fournie aux vaisseaux dans le havre de Montréal ;

Et attendu que ledit règlement a été soumis au département de la Justice, qui ne voit aucune objection légale à son approbation ;

Par conséquent, il plaît à Son Excellence le Gouverneur général en conseil, à la recommandation du ministre de la Marine et des Pêcheries, et conformément aux dispositions du chapitre 48, 57-58 Victoria, d'approuver le règlement n° 125 des Commissaires du havre de Montréal, et ce règlement est par les présentes approuvé en conséquence.

RODOLPHE BOUDREAU,
Greffier du Conseil privé.

COMMISSAIRES DU HAVRE DE MONTRÉAL.

Extrait des minutes d'une assemblée ordinaire tenue le 27 mai 1918.

Résolu, que ce qui suit soit ajouté aux règlements comme règlement n° 125.

RÈGLEMENT N° 125.

A partir de la date de la mise en vigueur du présent règlement le tarif de droits suivant sera prélevé pour l'eau fournie aux vaisseaux dans le havre de Montréal, savoir :

Un minimum de $25 pour le premier service, qui donne droit aux vaisseaux de recevoir jusqu'à 4,000 pieds cubes d'eau, prise au même temps

Pour toute quantité additionnelle, prise au même temps, $2.00 par 1,000 pieds cubes.

Pour toute livraison subséquente d'eau : Pour les vaisseaux mouillés aux quais entre les sections 12 et 27. Pour les vaisseaux mouillés à tout autre quai du havre.

Pour 2,000 pieds cubes d'eau, ou moins, prise au même temps	$ 7.50 par vaisseau.
	15.00 " "
Pour 4,000 pieds cubes d'eau, ou moins, prise au même temps	15.00 " "
	30.00 " "
Pour toute quantité excédant 4,000 cubes, prise au même temps	2.00 par 1,000 pieds cubes.
	2.00 " 1,000 " "

L'eau sera fournie par le service des Commissaires si le vaisseau est à portée commode des tuyaux et bornes-fontaines des Commissaires, mais s'il en est autrement ou que pour toute autre raison l'eau doive être fournie en barils, par voiture ou autrement que par les tuyaux et les bornes-fontaines, les frais additionnels de ce service seront ajoutés au tarif ci-dessus.

Le vaisseau doit recevoir chaque approvisionnement d'eau à la pleine capacité du tuyau ; sinon les frais additionnels dus au délai seront ajoutés au tarif ci-dessus.

Les Commissaires ne garantissent pas de fournir l'eau au temps précis où on la demande ; ils ne s'engagent à fournir l'eau qu'aussi promptement qu'ils peuvent raisonnablement le faire ; les Commissaires ne seront aucunement responsables si à cause de défaut du service de la ville, ou pour toute autre raison hors de leur contrôle, ils ne fournissent pas l'eau demandée ou une partie de cette eau.

Un vaisseau qui n'est pas prêt à recevoir l'eau alors que la Commission est prête à la fournir ou lorsqu'il en a fait la commande perd son tour en faveur du vaisseau suivant qui peut être prêt. Cependant, si nul autre vaisseau est prêt à recevoir l'eau, celui qui n'est pas prêt devra payer pour le délai au taux de $5 l'heure ou fraction d'heure.

Dans tous les cas le tarif ci-dessus comprend l'usage des bornes-fontaines et des tuyaux, en autant qu'ils peuvent commodément servir, ainsi que la main-d'œuvre nécessaire pour le service.

Les Commissaires ne seront pas responsables des blessures aux personnes ou des dommages à la propriété, et ils n'auront non plus aucune responsabilité en rapport avec les fins auxquelles l'eau est destinée ou pour lesquelles elle est employée, ni quant à la qualité de l'eau ou autrement.

Toute personne qui manie illicitement les bornes-fontaines, tuyaux d'alimentation ou autre outillage, ou qui prend ou tente de prendre de l'eau sans autorisation, est passible des peines prescrites pour infraction des règlements des Commissaires

Certifié.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

ATTENDU qu'en vertu de la loi financière, 1914, le rachat en or des billets du Dominion a été suspendu pendant quelque temps ;

Et attendu que telle mesure a été prise en vue de conserver autant que possible le montant d'or sous le contrôle du Dominion du Canada ;

Attendu que le Secrétaire d'Etat suppléant des Affaires Extérieures représente qu'il est stipulé dans la dite lettre, d'après les instructions du Secrétaire d'Etat pour l'Inde, que sous l'empire de l'Ordonnance du Conseil Militaire n° 1711-16, datée le 12 septembre 1916, les natifs de l'Inde de pure souche asiatique ne seront pas appelés au service militaire ; et que l'effet de cette ordonnance, considérée en rapport avec l'article un de la convention avec la France, datée le 4 octobre 1917, concernant l'obligation au service militaire des sujets britanniques résidant en France, est que des certificats d'exemption du service militaire sont accordés aux Indous en France ;

1. Aucune personne faisant le commerce de gros dans les viandes, le saindoux, le fromage, le beurre, l'oléomargarine, ou les œufs, en vendant à un détaillant ou autres n'étant pas des commerçants de gros, ne devra charger sur chaque transaction plus de dix pour cent au-dessus de son prix coûtant livré à l'entrepôt ; et lorsque des hommes à salaire sont employés pour faire les achats, ou que ces achats se font sous commission, le salaire et la commission, dans l'évaluation du coût, ne devront pas depasser le salaire et la commission ordinairement payés pour ce genre de service.

2. Aucune personne ne faisant le commerce de gros de viandes, de saindoux, de fromage, de beurre, d'oléomargarine ou d'œufs, en vendant à un autre commerçant de gros ne devra charger sur chaque transaction plus de quatre pour cent au-dessus de son prix coûtant, livré à l'entrepôt ; et lorsque des hommes à salaire sont employés pour faire les achats, ou que ces achats se font sous commission, le salaire et la commission, dans l'évaluation du coût, ne devront pas dépasser le salaire et la commission ordinairement payés pour ce genre de service.

3. Un marchand de gros, vendant du beurre en pains, qui ont été moulés ou coupés par lui-même, aura la permission de charger un prix additionnel, qui ne devra pas dépasser trois pour cent du prix coûtant, livré à l'entrepôt, pour pourvoir au coût de préparation du moulage ou du taillage.

4. Un commerçant de gros vendant ou entreposant des œufs qui ont été mirés par lui-même pourra ajouter au prix coûtant, livré à l'entrepôt, pas plus de trois cents par douzaine, pour couvrir le coût du mirage des œufs, des caisses, des empaquetages et des pertes provenant d'œufs défectueux ; et si un commerçant de gros mire des œufs pour être vendus hors d'entrepôts frigorifiques, il pourra ajouter pas plus de trois pour cent pour couvrir le coût du travail et la perte provenant d'œufs défectueux.

5. Lorsque le produit dont on fait le commerce a été entreposé ou détenu par aucun commerçant de gros pendant une période de plus de trente jours, le coût pour détenir ou pour garder en mains pourra être ajouté au prix coûtant, livré à l'entrepôt, et le coût de tenir en mains pourra comprendre l'entreposage aux taux de tarifs publics, l'assurance aux taux de tarifs de la "Canadian Fire Underwriters," l'intérêt à sept pour cent, et la perte causée par la diminution du poids, s'il en existe une, tel que démontré par le certificat du peseur public.

6. Le porteur d'une licence pourra fabriquer des "rolls" et les offrir en vente dans les poids seulement de 1 once ou de 2 onces chaque, et les dits "rolls" devront être cuits dans des moules et non sur le bas de fourneau.

Les poids spécifiés plus haut devront être des poids nets à aucun temps après que le pain a été cuit jusqu'à douze heures après le moment de la cuisson.

7. Aucune personne ne sera passible aux pénalités prescrites par cet Ordre pour fabriquer ou offrir en vente des pains qui n'ont pas le poids voulus excepté dans le cas d'un manufacturier où l'on trouverait au moins dix pains qui n'ont pas le poids requis et dans le cas d'un détaillant chez qui l'on trouverait au moins cinq pains qui n'auraient pas le poids requis à un temps spécifié.

8. Le porteur d'une licence, en fabricant le pain ou les "rolls" ne devra pas faire usage pour chaque baril de farine de cent quatre-vingt-seize livres, des ingrédients suivants en poids excédant:

10. L'usage du sucre blanc ou granulé dans la fabrication du pain est défendu.

11. Les boulangers ne pourront manufacturer seulement qu'un pain simple ou qu'un pain double cuits ensemble dans une lèche-frite ayant une profondeur de pas moins d'un pouce et demi, et le pain ou les pains devront dans tous les cas remplir la lèche-frite.

15. Personne excepté le manufacturier n'aura le droit d'étiquetter le pain.

16. Tous les règlements maintenant en vigueur ou qui le seront à l'avenir par des Arrêtés en Conseil ou par des Ordres de la Commission des Vivres du Canada au sujet de la manufacture, de l'achat ou de la vente d'aucuns produits alimentaires seront applicables à et observés par toute personne sujette à ces règlements. (Référez aux règlements *re* les confiseurs et les établissements où l'on donne à manger.)

17. Le porteur d'une licence ne pourra fabriquer, distribuer, vendre ou tenir aucuns produits des boulangeries et réaliser dessus une commission, un profit et une surcharge qui serait injustes, exhorbitants, déraisonnables, discriminatoires.

20. Le porteur d'une licence, en vendant des produits de la boulangerie, devra fournir ces produits aux consommateurs de la façon la plus directe possible en évitant tout retard déraisonnable. La revente dans le même commerce sans justification suffisante, surtout si le résultat doit être une augmentation dans les prix courants, au marchand de détail ou au consommateur, sera considérée comme une pratique malhonnête.

21. Le porteur d'une licence ne devra pas acheter, prendre de contrat pour, vendre, emmagasiner ou autrement manier ou faire le commerce d'aucuns produits alimentaires de telle manière à augmenter les prix d'une façon déraisonnable, ou d'imposer une restriction sur ces produits, ou de monopoliser, soit d'une façon locale ou générale, aucuns de ces produits.

22. Le porteur d'une licence ne pourra pas, sans le consentement écrit de la Commission des Vivres du Canada ou d'un représentant dûment autorisé par elle, avoir en main ou avoir en possession ou sous contrôle par contrat ou autre arrangement, en aucun temps, de la fleur en une quantité excédant les besoins raisonnables de son commerce, pour une période de trente jours, POURVU, CEPENDANT, que cette règle n'empêche pas le porteur d'une licence d'avoir en transit assez de fleur pour maintenir le stock du porteur de la licence, dans la proportion ici prescrite.

23. Le porteur d'une licence pourra être obligé de faire des rapports mensuels, et aussi souvent, et à telles époques, et de telle forme qui pourront être exigés par écrit, par la Commission des Vivres du Canada, montrant le stock en mains, ou en transit à l'ordre du porteur de licence, et telle autre information qui puisse être exigée de temps en temps par la Commission des Vivres du Canada.

24. Chaque porteur de licence devra tenir tels livres, factures, reçus et autre documents ou pièces justificatives qui puissent permettre à la Commission des Vivres du Canada, ou à aucune personne par elle autorisée, de vérifier aucun rapport ou aucune déclaration qu'un tel porteur de licence est obligé de faire à la Commission des Vivres du Canada.

25. Le porteur d'une licence ne devra pas émettre ou rendre public, des prix du marché, ou faire aucune déclaration à qui que ce soit au sujet des produits alimentaires, lesquelles déclarations ne peuvent être vérifiées soit par ses propres livres ou par les rapports des autres porteurs de licences, et ne devra pas faire d'autres déclarations erronnées qui peuvent avoir pour résultat de faire augmenter les prix d'aucuns produits alimentaires.

26. Le porteur d'une licence devra placer sur chaque entête de lettre, contrat, commande. acceptation de commande, facture, liste de prix, cote et annonce, les mots "Numéro de licence de la Commission des vivres du Canada", suivi du numéro de la licence. Aucun porteur d'une licence ne devra avec connaissance de cause acheter aucuns produits alimentaires de ou vendre aucuns tels produits pour aucune personne qui devrait avoir une licence d'après aucun ordre maintenant émis, ou qui pourra être émis plus tard, à moins que cette personne ne se soit procurée telle licence et se soit soumise aux exigences de la présente règle.

et $5 pour chaque $50,000 additionnel ou fraction de ce chiffre, de la valeur représentée parla vente.

28. (*a*) Aucune personne violant aucune des dispositions de ces règlements, ou aucun ordre qui en découle, est coupable d'une offense, et sera passible, sur preuve sommaire de culpabilité, devant un magistrat de police ou deux juges de Paix, d'une pénalité n'excédant pas la somme de mille piastres et de pas moins de cent piastres ; ou d'un emprisonnement pendant une période n'excédant pas trois mois, ou des deux, soit l'amende et l'emprisonnement.

(*b*) Lorsque les poursuites dans aucun cas où une amende est imposée d'après l'autorité de ces règlements sont intentées à l'instance d'aucune municipalité, ou par aucun officier d'une municipalité, l'amende sera payée au trésorier d'une telle municipalité, pour être disposée tel que la municipalité pourra décider de temps en temps. (*b*) Chaque personne en Canada, qui cuit pour la consommation privée du pain, des petits pains, (rolls), de la pâtisserie, ou aucun autre produit dans lequel on fait usage de farine blanche ou de farine Standard, devra, en faisant ces produits, employer pas moins d'une livre de substituts pour chaque neuf livres de farine de blé blanche ou Standard.

3. (*a*) Le et après le 15 juillet 1918 :

Les boulangers, les confiseurs et les établissements où l'on donne à manger à l'est de, mais ne comprenant pas Port-Arthur, en faisant aucun produit de la boulangerie dans lequel le montant de substituts à la farine de blé n'est pas prescrit dans les Ordres numéros 34 et 46 de la Commission des Vivres du Canada devront faire usage d'une livre de substituts pour chaque quatre livres de farine de blé Standard.

(*b*) Toute personne en Canada à l'est de, mais ne comprenant pas Port-Arthur, qui cuit pour la consommation privée du pain, des petits pains (rolls), de la pâtisserie, ou tout autre produit dans lequel on fait usage de farine blanche ou Standard, devra en faisant ceux-ci employer pas moins d'une livre de substituts pour chaque quatre livres de farine de blé blanche ou Standard.

NOTE.—Les quantités de substituts disponibles à l'ouest de Port-Arthur sont en ce moment trop incertaines pour permettre de fixer une date pour une augmentation égale à celle requise par cet Ordre pour l'est du Canada, mais les boulangers et ceux qui tiennent maison prendront avis que les montants de substituts dans l'ouest du Canada seront augmentés aussitôt que les circonstances le permettront.

(*c*) Aucun commerçant porteur d'une licence ne devra avoir en sa possession pour vendre aucune farine blanche ou Standard à moins qu'il ait aussi, en tout temps, un stock suffisant de substituts pour faire face aux demandes de ses clients à des prix raisonnables.

(*d*) Aucun commerçant porteur d'une licence ne devra vendre à aucune personne pour la consommation privée, à l'est de, mais ne comprenant pas Port-Arthur, aucune farine, blanche ou standard, qui n'achète pas de lui des substituts dans la proportion de pas moins d'une livre de substituts pour deux livres de farine blanche ou Standard, ou à aucune personne à l'ouest de, et comprenant Port-Arthur, aucune farine blanche ou Standard, qui n'achète pas de lui des substituts dans la proportion de pas moins d'une livre de substituts pour quatre livres de farine blanche ou Standard.

(*e*) Chaque boulanger devra, au moment de cuire, placer sur chaque pain une étiquette ou papier gommé, portant son nom et son adresse et les mots "Pain de Victoire."

Les mots "Pain de Victoire" paraissant sur aucun pain devront signifier que le pain est garanti comme contenant le montant prescrit de substituts en farine de blé Standard requis par cet Ordre ou par aucun autre Ordre de la Commission des Vivres du Canada.

4. Aucun porteur de licence faisant usage d'un étiquette ou papier gommé sur du pain qui n'est pas conforme aux exigences de cet Ordre, sera passible d'une suspension ou de la cancellation de sa licence par la Commission des Vivres du Canada.

5. Aucune personne autorisée par la Commission des Vivres du Canada ou par aucun officier fédéral, provincial ou municipal, pourra saisir aucun pain ne portant pas l'étiquette ou papier gommé, tel qu'ici requis, et aucun pain, ainsi saisi, sera par le fait même confisqué en faveur de Sa Majesté, et sera disposé de telle façon que la dite Commission pourra de temps en temps décider.

6. Aucune personne ne devra vendre ou avoir en sa possession aucun pain, petits pains (rolls), pâtisserie, ou aucun autre produit où il est fait usage de farine blanche ou Standard qui ne se conforme pas aux exigences de cet Ordre ou d'aucun autre Ordre de la Commission des Vivres du Canada.

7. (a) Aucune personne violant aucune des dispositions de ces règlements, est coupable d'une offense et sera passible sur preuve sommaire de culpabilité, devant un magistrat de police ou deux juges de paix, à une pénalité ne dépassant pas mille piastres et de pas moins de cent piastres ; ou à l'emprisonnement pour une période n'excédant pas trois mois ; ou à l'amende et à l'emprisonnement à la fois.

(*b*) Lorsque les poursuites dans aucun cas où une amende est imposée d'après l'autorité de ces règlements sont intentées à l'instance d'aucune municipalité, ou par aucun officier d'une municipalité, l'amende sera payée au trésorier de telle municipalité pour être disposée telle que la municipalité jugera à propos de temps en temps. Et lorsque telles poursuites sont intentées à l'instance d'un, ou par un officier provincial, telle amende sera payée au trésorier provincial pour être disposée de telle manière que tel trésorier jugera à propos de temps en temps.

DEMANDES AU PARLEMENT.

SENAT.

SUBSTANCES DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

Telles que revisées et mises en vigueur le 22 mars 1916.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, dans le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée "partie défenderesse".

Si la résidence de la partie défenderesse n'est pas connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est recevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu; les traits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément à l'*Acte de la preuve en Canada, 1893*.

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants:

(*1*) La résidence du étitionnaire à l'époque de la signification.

(*2*) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(*3*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(*4*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa à qui tous avis et pièces puissent être signifiés.

(*5*) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat:

(*a*) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(*b*) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(*c*) Le nom et l'adresse de l'avocat, s'il y en a un agissant pour la partie défenderesse.

(*d*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*6*) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(7) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les services d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

A. E. BLOUNT,
Greffier du Sénat.

SENAT.

Avis de bills privés.

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada*, il doit en être publié un semblable, comme il suit:—

A) Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une *compagnie de chemin de fer ou de canal*, —dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée;

2. Une *compagnie de télégraphe ou de téléphone*, —dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer;

3. Une *compagnie pour la confection de travaux quelconques*, dont la confection ou l'exploitation intéresserait spécialement telle localité particulière; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse;

4. Une *compagnie de banque;* une *compagnie d'assurance;* une *compagnie de crédit;* une *compagnie de prêt;* ou une *compagnie industrielle*, sans pouvoirs exclusifs,—dans la *Gazette du Canada* seulement.

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement mentionnée dans l'avis; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B) Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera e même, *mutatis mutandis*, que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs); d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

C) Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires *marqués* de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots: *"Avis de bill privé"*; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session; aucun rapport d'un comité permanent ou spécial sur un bill n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de la présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de $200, avec les frais d'insertion de l'acte au corps des Statuts; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

A. E. BLOUNT,
Greffier du Sénat.

CHAMBRE DES COMMUNES.

RÈGLES RELATIVES AUX PÉTITIONS ET AUX BILLS PRIVÉS.

88. (1) Les pétitions pour bills privés ne sont reçues par la Chambre que si elles sont présentées pendant les six premières semaines de la session, Mettout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'examinateur ou le comité des ordres permanents auront fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

Instructions aux comités.

97. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommendation que ces bills soient retirés.

Dépôt de bills et honoraires.

89. (1) Toute personne qui voudra obtenir un bill privé sera tenu de déposer entre les mains du greffier de la Chambre, au moins huit jours avant la réunion de la Chambre, un exemplaire de ce bill en anglais ou en français, avec une somme suffisante pour en payer la traduction et l'impression, la traduction en devant être faite par les fonctionnaires de la Chambre, et l'impression par le département des impressions publiques, et si pareil bill n'est pas déposé dans le délai ci-dessus prescrit, le solliciteur devra, en sus des frais d'impression et de traduction, payer la somme de cinq dollars pour chaque jour qui s'écoulera entre le dit huitième jour avant la réunion de la Chambre et la date de la présentation du bill; mais ces taxes additionnelles ne devront pas dépasser en totalité la somme de deux cents dollars.

2. Après la deuxième lecture d'un bill et avant son examen par le comité auquel il a été renvoyé, celui qui en fait la demande doit dans tous les cas verser le prix de l'impression de la loi dans les statuts ainsi qu'un droit de deux cents dollar

Taxes supplémentaires.

3. Les taxes suivantes seront également imposées et payées, en sus de celles qui précèdent, savoir:—

(*a*) Lorsqu'une règle de la Chambre est suspendue relativement à un bill, ou à la pétition de ce bill pour chaque suspension.....	$100 00
(*b*) Lorsqu'un bill est présenté dans la Chambre après la huitième Semaine de la session et avant la fin de la douzième.....	100 00
(*c*) Lorsqu'un bill est présenté dans la Chambre après la douzième semaine de la session.....	200 00
(*d*) Lorsque le capital social projeté d'une compagnie dépasse $250,000, et n'excède pas $500,000.....	100 00
(*e*) Lorsque le capital social projeté d'une compagnie dépasse $500,000, et n'excède pas $750,000.....	150 00

5. Quand un bill est à l'effet d'augmenter ou tend augmenter pour une compagnie sa faculté d'emprunter sans qu'il y ait augmentation du capital social, le droit additionnel est de $300.

6. Si, à quelque phase d'un bill, il est apporté quelque augmentation au chiffre du capital social projeté d'une compagnie, ou à celui de sa faculté d'emprunter, le bill ne passe pas à la phase subséquente tant que les droits découlant de ce changement n'ont pas été versés.

7. Dans la présente règle, l'expression "capital social projeté" comprend toute augmentation de ce capital prévue dans le bill, et dans les cas où un bill accorde le pouvoir d'augmenter, à quelque date que e soit, le montant du capital social projeté, le droit additionnel sera prélevé sur le chiffre maximum de telle augmentation projetée, tel qu'il en est fait mention dans le bill.

8. Les taxes supplémentaires prescrites en la présente règle s'appliqueront aussi aux bills privés prenant naissance au Sénat, sauf, toutefois, que si une pétition demandant pareil bill privé a été présentée en cette Chambre dans les six premières semaines de la session, la taxe supplémentaire imposée sous l'empire des alinéas *b* ou *c* de l'article 3, ne sera pas exigée.

AT THE GOVERNMENT HOUSE AT OTTAWA,

SATURDAY, the 15th day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

His Excellency the Governor General in Council, on the recommendation of the Minister of Agriculture, is pleased to order and it is hereby ordered as follows:—

The Regulations Governing the Inspection of Preserved Fruits, Vegetables and Milk, approved by Order in Council of the 6th July, 1910, are hereby repealed and the annexed regulations are hereby substituted in lieu thereof.

(*e*) "Export" means export out of Canada, or out of any province to any other province thereof;

(*i*) "Products" means anything prepared from fruit or vegetables, or any condensed or evaporated milk;

(*j*) "Container" means any receptacle made of wood, glass, earthenware, or metallic substance, whether hermetically sealed or intended to be so sealed, or otherwise;

(*k*) "Package" means any can or other container in which products are packed, or any box, basket, or other receptacle used for their transportation, or anything in which products are wrapped up or bound together.

2. These regulations shall apply to all establishments within the meaning of paragraph (*d*) of Section 1 hereof.

3. Every establishment operating under the provisions of the Act shall within one month after the date upon which these regulations come into force, mail to the Minister by registered letter an application for a permit to continue operation, and in case no permit is received within sixty days from the date of mailing said letter such establishment shall discontinue export or interprovincial business. No establishment shall hereafter commence operating without first obtaining from the Minister a permit. In case the Minister has reasonable ground to believe that any establishment has committed a violation of any of the provisions of the Act or of these regulations, he may upon ten days' notice to the permittee cancel the permit.

4. The Minister may, as provided in the Act, appoint inspectors who shall, from time to time, visit each establishment for the purpose of seeing that the provisions of the Act and of these regulations are duly observed and complied with.

5. Inspectors shall, in the performance of their official duties, wear a numbered badge provided by the department.

6. Inspectors shall furnish to the Veterinary Director General full and detailed reports of all inspections made by them, and of such other matters as may, in the public interest, be deemed necessary or advisable.

7. The following sanitary conditions shall be observed and maintained in all establishments:—

(*a*) All establishments shall be suitably lighted and ventilated;

(*i*) All yards, outhouses, or other premises belonging to or used in connection with any establishment shall be maintained in a clean and sanitary condition, and shall not be used for the emptying or storing of refuse;

(*j*) The drainage, if any, in connection with establishments shall be ample, and kept in proper working order;

(*k*) No lavatory, sink, or cesspool shall be so situated or maintained as to permit any odours or fumes therefrom to pervade any room where food or articles intended for food are prepared or stored.

8. All fruits, vegetables, milk, or other articles used in any establishment shall be sound, wholesome, and in every way fit for food.

9. All fruits, vegetables, milk, or other articles intended to be used for food, found by an inspector in any establishment, whether in course of preparation or after they have been prepared, to be decomposed, diseased, or in any way unfit for food purposes, shall be confiscated by the inspector and destroyed under his supervision.

10. No food or food product shall contain any deleterious drug, dye, or preservative, or other foreign substance injurious to health.

(*a*) No drug, dye, preservative, or seasoning which has not been approved in writing by the Veterinary Director General, shall be used in the preparation or packing of any food product.

(*b*) Any proprietor of an establishment may also submit to the Veterinary Director General for his approval any dye, drug, preservative, or seasoning which he may desire to use, and in the event of any such preparation being approved, its use shall be permitted.

11. With the object of preventing the use of deleterious substances, inspectors shall, as often as deemed advisable, procure samples of the preservatives used, as also of the different food products during their preparation, or after the same have been prepared, and shall submit them without delay to the Veterinary Director General.

The proprietor of any establishment shall, upon request of an inspector, furnish to him free of charge any sample or samples of foods or food products, or of any preservative, seasoning, or other ingredient used in the preparation of foods. Samples so obtained must be sealed, labelled and marked with a description of the same, together with the inspector's name and the date, and forwarded at once to the Veterinary Director General.

12. Containers in which vegetables, milk, or other articles intended for food are finally placed, shall be clean and sanitary, and, if previously used, must be thoroughly sterilized immediately prior to being filled.

13. Containers in which fruits, vegetables, milk or other articles prepared for food in any establishment are placed shall be marked, unless otherwise ordered by the Governor in Council, with:—

(*a*) The initials of the Christian names, the full surname, and the address, or, in the case of a firm or corporation, the firm or corporate name and address of the packer, or of the first dealer obtaining it direct from the packer who sells or offers the same for sale. Such dealer shall, upon the request of the inspector appointed under this Act, disclose the name of the packer of such articles;

(*b*) A true and correct description of the contents of the container as is or may be defined in the appendices to these Regulations.

These requirements shall be embodied upon a trade label, stencil, or lithographed design, which shall be of a size reasonably proportionate to the size of the container or package, having thereon, as provided above, the name and address of the packer or of the first dealer, and a true and correct description of the contents.

(*c*) All packages must be marked as required in this section together with the permit number which shall or may be assigned to the establishment.

(*d*) Owners or managers of establishments shall supply to the Veterinary Director General duplicate copies of all labels, stencils or lithographed designs used in the establishment; no label, stencil or lithographed design shall be used unless it has been approved in writing by him. One copy shall be filed with the Veterinary Director General, the other copy to be retained by the owner or manager and shall be produced for the information of an inspector when required.

14. No container or package shall bear any label or mark of any kind which falsely represents the nature or quantity or weight of its contents, or the date when such contents were packed.

15. No person shall offer for export or shall export any fruits or vegetables, or fruit or vegetable products, canned, bottled, evaporated, dried, or otherwise preserved for food, or any milk, condensed, evaporated, or otherwise preserved for food, in any establishment, unless the requirements of section 13 of these regulations as regards labelling have been complied with in respect to such articles.

16. No person shall import, nor shall there be imported, any fruit or vegetables, or fruit or vegetable products, canned, bottled, dried, evaporated or otherwise preserved for food, or any milk, condensed, evaporated, dried, or otherwise preserved for food, unless the requirements of this section are strictly adhered to.

(*a*) Collectors of customs shall not clear any importation of fruit, or vegetables, or fruit or vegetable products, canned, bottled, dried, evaporated, or otherwise preserved for food, or any milk, condensed, evaporated, dried, or otherwise preserved for food, unless such shipment is accompanied by an affidavit taken before a Justice of the Peace, or other person duly authorized (in the country of origin) to attest such declarations, in the following form:—

DEFINITION OF TERMS USED IN THESE REGULATIONS.

CONTAINERS.

"Containers" are the tin cans, glass bottles, glass or carbon jars, boxes, pails, tubs, etc., made of wood, paper or other material, or any other vessels in which canned, evaporated or otherwise preserved fruits and vegetables are kept.

THE LABEL.

The "Label" is the wrapper or sticker around or attached to the container. Its function is to furnish the purchaser with a true and correct description of the contents of the container as laid down by these regulations.

STANDARDS OF QUALITY.

"Standards of Quality" for these regulations shall include those standards already made by the Department of Inland Revenue under the authority of the Adulteration Act and regulations made thereunder, together with the following grades which shall be known as "Seconds," "Standards," "Choice" and "Fancy," and when used shall appear conspicuously upon the principal part of the label in letters not less than one-half an inch in height.

NOTE.—Canned or evaporated fruits or vegetables of a quality of "Standard" grade, or better, as hereinafter defined, may be sold as "Standard" grade without declaration of grade on the label, but in every instance where any description of quality is shown, such description shall be in terms of the foregoing grading, i.e. tomatoes of a quality as hereinafter described as "Standard" tomatoes, "Choice" tomatoes or "Fancy" tomatoes would be correctly labelled "Tomatoes" without the prefix "Standard," "Choice" or "Fancy," provided only that they were sold as standard quality. Such terms as "Fine," "Extra," etc., would not be accepted or allowed. On the other hand, a class of tomatoes whose quality fell below the "Standard" grade as defined would not be correctly labelled "Tomatoes" without the word "Seconds" either above or before the word "Tomatoes" in plain type not less than one-half an inch in height.

HEAD SPACE.

"Head Space" is that space between the under side of the top of the container and the upper level of the contents of the container. It shall in no case be greater than is necessary for the proper sealing of the container.

DEGREE OF SYRUP.

The "Degree of Syrup" referred to in these regulations is based on the reading of the saccahimeter or hydrometer in the syrup at a temperature of 60 degrees.

The Container.

The "Container" referred to in these regulations shall be deemed to be the general type of container now in use, and which may be further described as follows:—

Number of can.	Diameter in inches.	Height in inches.	Capacity in ounces.
1	$2\frac{11}{16}$	4	12·6
1 tall	$2\frac{11}{16}$	$4\frac{1}{4}$	12·3
2	$3\frac{3}{8}$	$4\frac{9}{16}$	21·3
$2\frac{1}{2}$	4	$4\frac{3}{4}$	31·2
3	$4\frac{3}{16}$	$4\frac{7}{8}$	35
10	$6\frac{3}{16}$	7	107

The foregoing shall be known as standard sizes of containers. If, in the opinion of the minister, a considerable portion of the consuming public would be benefited by the use of other sizes of containers, he may add such sizes to the standard list. All sizes shall be plainly shown on the ends of the box or case in which they are packed.

All containers not listed as standard size as stated above shall have marked thereon in addition to the information required on standard sizes, the nett weight in ounces, or pounds and ounces, of the contents of the container, and, unless the container is transparent, the drained weight of the solids therein. Such information shall be conspicuously placed on the principal part of the label in plain type not less than one-eighth of an inch in height.

(A) FRUITS AND VEGETABLES AND CERTAIN OF THEIR PRODUCTS.

1. The terms *Fruits* and *Vegetables* as used in the following definitions include all those parts of plants which are ordinarily consumed as food, with the exception of plants belonging to the order Graminæ (grains) and various spices. Typical examples of fruits are apples, pears, oranges, peaches, plums, grapes, currants, nuts, etc. Typical examples of vegetables are carrots, potatoes, beets, spinach, asparagus, cabbage, etc. The terms are indiscriminately applied to many articles, such as tomatoes, rhubarb, pumpkin, corn (maize), and some others.

2. *Dried Fruits or Vegetables* are the clean, sound products made by drying properly matured and prepared fresh fruits or vegetables in such a way as to take up no harmful substances; and conform in name to the particular fruit or vegetable used in their preparation.

3. *Evaporated Fruits or Vegetables* are such dried fruits or vegetables as have been desiccated with employment of artificial heat.

4. *Evaporated Apples,* including apple chop or waste, shall contain not more than twenty-five (25) per cent of moisture.

5. *Evaporated Vegetables,* with the exception of onions, shall contain not more than twelve (12) per cent of moisture.

6. *Evaporated Onions* shall contain not more than fifteen (15) per cent of moisture.

NOTE I.

Experimental work done in these laboratories shows that the method employed in determination of moisture in evaporated fruits and vegetables affects more or less the accuracy of the result; and in order to secure uniformity, the following method of working is provisionally adopted:—

1. A representative sample (at least 25 grammes) is comminuted by cutting with a sharp knife, on a hardwood board, until the fragments are not larger than a cube of one-fourth of an inch. Machines such as are used to cut sausage meat are objectionable, as they squeeze out more or less of the water, thus causing loss of dissolved material.

2. Weigh out duplicate portions of from 10 to 15 grammes, of the finely cut material, on tared watch glasses, and dry for two hours at 90°C. in a well-ventilated, water-jacketed oven.

3. Weigh the samples.

4. Return to oven for another hour, under same conditions as above.

5. Weigh again.

If the loss of weight between the last two weighings amounts to less than one-half of one per cent of the weight of the samples, the last weighing is to be accepted as correct, and the weight lost in three hours is to be calculated as a percentage loss on the original weight of the sample, and stated as moisture.

6. If the loss shown in the last hour exceeds one-half of one per cent of the weight of the sample, this is to be returned to the oven for another hour, under same conditions of temperature, etc., and the loss of weight after the fourth hour is to be taken as measuring the moisture present in the original sample.

7. *Canned Fruits or Vegetables* are the sound product made by sterilizing clean, sound, properly matured and prepared fresh fruits or vegetables, by means of heat, and keeping the same in suitable, clean, heremetically sealed containers; and conform in name to the particular fruit or vegetable used in their preparation.

8. *Preserve* is the sound product made from clean, sound, properly matured and prepared fresh fruit and sugar syrup, with or without spices and vinegar, and conform in name to the fruit used in its preparation.

9. *Jam Marmalade* is the sound product made from clean, sound, properly matured and prepared fresh fruit or fruit pulp and sugar, with or without spices or vinegar, by boiling to a semi-solid consistence; and conforms in name to the fruit used in its preparation.

10. *Fruit Butter* is the sound product made from fruit juice, and clean, sound, properly matured and prepared fruit, boiled to a semi-solid mass of homogeneous consistence, with or without the addition of sugar and spices or vinegar;; and conforms in name to the fruit used in its preparation.

11. *Jelly, Fruit Jelly* is the sound, semi-solid gelatinous product made by boiling clean, sound, properly matured and prepared fresh fruit with water, concentrating the expressed and strained juice, to which sugar is added; and conforms in name to the fruit used in its preparation.

12. When *Jam, Marmalade, Fruit Butter or Jelly* contains other fruit or fruit juice than that which gives its special name to the article, the fact of the presence of such other fruit shall be stated on the label, in lettering as large and as distinct as that used in naming the fruit principally present. This requirement does not however, apply to the use of fruit juice, up to the amount of ten (10) per cent of the weight of the jam, etc., used instead of water in the manufacture of the jam, etc.

13. When *Jam, Jelly, Marmalade, etc.,* are prepared from two or more sorts of fruits, the first named fruit on the label shall be that which is present in largest amount; thus, a jam made from strawberries and apples, or apple pulp or apple jelly, shall be labelled as "Strawberry and Apple Jam" only if the weight of strawberries used exceeds the weight of apples or apple pulp or apple jelly in the product; where the weight of apples or apple pulp or apple jelly exceeds the weight of strawberries used, the label shall read "Apple and Strawberry Jam" or "Apple Jam flavoured with Strawberries," or otherwise, in such a way as to make clear the fact that strawberries are not the chief constituent.

14. When the sugar in preserve, jam, marmalade, fruit butter or jelly is wholly or partially replaced by glucose, or by any other substitute for sugar, the fact of such substitution shall be stated upon the label in plain lettering, of a size of type not less than that known as 10 point.

NOTE II.

It has been shown to the satisfaction of this Department that processed fruit (that is, fruit which has been sterilized by heat and stored in hermetically sealed containers of proper material), may be quite as good for use in the manufacture of jams, as fresh fruit, only differing from the fresh fruit by being more or less off colour. The shortness of the fruit season in Canada renders it necessary that the larger part of our fruit should be processed as above described, in order to prevent wastage.

In recognition of the above this department will, until further advice, interpret the addition of harmless colouring matter to jams, made from sound fruit, either processed or fresh, as not "concealing damage or making the article appear better than it really is"; and will not require a declaration of the presence of such colouring matter.

NOTE III.

When *Jam, Jelly, Marmalade, etc.,* contain any other ingredient than one fruit (with not more than 10 per cent of other fruit juices, as provided in section 12), and sugar, the word *pure* or *genuine* is forbidden to be used as descriptive of such jam, jelly, etc. For example, a jam made from apples, strawberries, and sugar, may be named *fruit jam* or *blended jam* with or without the words "apple" or "strawberry"; (but if one fruit is named, then all the fruits present must be named, in conformity with Section 13), but in no case may the words "pure" or "genuine" be used in this class of jams.

ORDERS IN COUNCIL.

[1101]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday the 3rd day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency the Governor General in Council, on the recommendation of the Minister of the Interior, is pleased to order and it is hereby ordered that Section 27 of the regulations governing the granting of yearly licenses and permits to cut timber on Dominion Lands, established by Order in Council of the 1st July, 1898, and subsequent Orders in Council, be rescinded and the following substituted therefor:—

27. Licensees are required to keep a bush count of all saw logs and other timber cut upon a berth, as well as the number of pieces hauled therefrom, in the form of a book to be furnished for the purpose by the Crown Timber Agent. The books covering operations for twelve months ending the 30th April in each year are to be returned to the said Agent duly completed by the foreman in charge of operations, who shall subscribe to the affidavit therein.

(*a*) All saw logs and other timber cut upon a licensed or permit berth, or upon unpatented homestead lands within the Railway Belt of the Province of British Columbia, whether merchantable or cull, must be clearly marked with a distinguishing number on scaling end with crayon, chalk or pencil, at the time of scaling.

Numbering will be necessary even when the logs will be sawn immediately or before being placed in the water. The scale of each log and length will be entered opposite its number in consecutive order in a scale book, cull logs being identified by the addition of the letter "C".

Where operations are carried on to such an extent as to require the use of more than one scale book, the books are to be numbered serially with letters of the alphabet in the order in which they are used. These books are to be carefully preserved by the licensee for inspection by the Crown Timber Agent or other officer of the Crown.

No person is authorized to scale timber cut upon Dominion Lands other than those authorized in writing by the Minister or his appointed agent.

(*b*) The requirements in the next preceding subclause will not apply to timber cut on Dominion Lands within the Railway Belt lying south of a line drawn East and West from the Town of Yale.

All timber cut within said tract, which is subject to Crown dues, shall be scaled by a Dominion Timber Scaler holding a scaler's license from the British Columbia Government, and in accordance with the British Columbia log rule.

(*c*) The following fees, to which shall be added reasonable expenses, shall be paid for the scaler's

services by the licensee or permittee conducting operations :—

For scaling saw logs and spars, 5 cents per thousand feet board measure; for measuring piles and poles, 5 cents for each 200 lineal feet; for measuring railway ties, pulpwood, shingle bolts or cordwood, 5 cents for each cord of 128 cubic feet.

When the fees and reasonable expenses are not paid promptly on completion of the work, the amount due shall be made a lien upon the timber with respect to which the work was done, or upon the berth from which the timber was taken.

In the event of a licensee or permittee disputing the Inspector's scale. on application to the Crown Timber Agent for the district, a re-scale of the timber will be made by another Dominion Scaler, and in such case the person requiring his services must pay such additional expense or cost as may be occasioned thereby.

Provided that if the original scale made be proved inaccurate to an extent of five per cent on the total scale, a second charge for the work shall not be made.

(*d*) The scaling officer shall deliver a copy of any scale made by him to the owner of the timber scaled, upon demand and upon payment of his fees and expenses.

(*e*) The Crown Timber Agent, or other duly authorized officer of the Department, shall act as arbiter in any dispute that may arise between a licensee or permittee and the official scaler, as to the measurements of any timber and his award shall be binding upon all parties without appeal.

(*f*) All diameters of logs shall be measured inside of the bark at the top end of the log.

(*g*) No timber or saw logs shall be manufactured or sawn until the same have been scaled in accordance with the requirements of these regulations, and any person violating this provision shall be liable to have such timber or product of manufacture therefrom seized and forfeited, wholly or in part, to the Crown, or pay dues thereon at the rate of five dollars per thousand feet board measure, according as the Minister may direct.

1-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday the 20th day of June 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a Report, dated 8th June, 1918, from the Acting Minister of the Interior, stating that application made to him on the 13th November, 1913, by Raoul Pirmez and George Roels, of the City of Calgary in the Province Alberta, for permission to purchase certain land underlyng and abutting upon Kleskun Lake, in Township seventy-three (73), ranges three (3), four, (4), and five (5) west of the sixth (6th) meridian for reclamation by drainage, comprising eighteen thousand four hundred, (14,800) acres, more or less.

Approval of the drainage and reclamation by the applicants of the said lands has been given by the Director of Surveys of the Province of Alberta, on behalf of the Government of that Province, and no known interests will be prejudicially affected by the proposed drainage works.

Investigations made by an engineer of the Department of the Interior show that the lake serves no useful purpose as a source of water supply and that its drainage and the reclamation of the underlying and adjacent land would be in the public interest.

The land is valueless in its present condition.

The necessary investigations to determine the feasibility of the project and the conditions upon which the sale of the land could be recommended were not completed until July, 1914, and the outbreak of war made it necessary for Mr. Roels to return to Belgium early in August, 1914, and for Mr. Pirmez to return in December of the same year. Mr. Roels is a reserve officer in the Belgian army and Mr Pirmez was the Belgian Consul at Calgary, Alberta.

As the proposed reclamation project had been found to be feasible and in the public interest, and as there was no reason to doubt the intention of the applicants to construct the required works and to reclaim the land upon being authorized to do so, the Minister reserved the land from other disposition in order to protect the priority and interest of the applicants.

On the 31st day of December, 1915, the applicants transferred their interest in the aforesaid application to Charles Frederick Adams and the said Adams on the 25th day of August, 1917, transferred his interest to Edmund Thompson of Kingman, Alberta, and both transfers have been accepted and registered in the Department of the Interior.

Satisfactory evidence has been submitted of Mr. Thompson's ability to construct the works necessary for the reclamation of the land.

The Minister, therefore, recommends that authority be given for the sale of the said land to the said Edmund Thompson and that an agreement containing the terms, restrictions and conditions set forth in the attached form of agreement be entered into between the Minister of the Interior, as representative of His Majesty King George the Fifth, and the applicant.

The Committee concur in the foregoing recommendation, and submit the same for approval.

52-4 Clerk of the Privy Council.

Thursday, June 20th, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 13th June, 1918, from the Acting Minister of the Interior, stating that Mrs. Flossie Fitzgerald, who has been deserted by her husband, was granted homestead entry for the North-west quarter of Section 30, Township 10, Range 27, west of the 2nd Meridian, on the 6th November, 1917, considerable cultivation duties have been performed.

The Minister submits copy of a medical certificate showing that Mrs. Fitzgerald has become totally and permanently unfit to fulfil the residence requirements.

The Minister, therefore, recommends that in view of the statements contained in the medical certificate above referred to, the residence requirements of the Dominion Lands Act be dispensed with in this case in accordance with the provisions of Sub-section 2 of Section 20, Chapter 20, 7-8 Edward the Seventh, so that free patent may be issued to Mrs. Fitzgerald upon proof being furnished in the ordinary way that the other conditions of the law have been fulfilled.

The Committee concur in the foregoing recommendation and submit the same for approval.

HIS Excellency the Governor General in Council, on the recommandation of the Minister of Customs and Inland Revenue, is pleased to order, and it is hereby ordered that the name of the Customs Outport of Rondeau, Ontario, be changed to Erieau.

2-2 Clerk of the Privy Council

[1263]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday the 3rd day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS section 32 of the Dominion Lands Act, 1908, provides that agricultural lands shall only be open for purchase under regulations made by the Governor General in Council, and that there shall be no sale to one person, under such regulations, of an acre of land in excess of one section, without a special order of the Governor General in Council; provided, however, that the Minister may sell a fractional quarter-section, with or without homestead conditions, at a rate not to be less than three dollars per acre;

And whereas at the time of the passing of the said Act there were certain regulations in existence relating to the sale, settlement, use and occupation of Dominion Lands in the province of Manitoba and the North West Territories, enacted by the Order in Council of the 17th September, 1889, (P.C. 2167), as amended by the Orders in Council of the 18th May, 1891, (P.C. 832), and the 23rd January, 1897, (P.C. No. 146), the effect of the said regulations as regards sales of land being to fix the price of Dominion Lands at three dollars per acre, with a minimum price of one dollar an acre, the Minister having authority to vary the price of lands within the limit fixed by the law;

And whereas all sales of Dominion Lands since the coming into effect of the Dominion Lands Act, 1908, have been made under the authority of the regulations referred to, except where the sale was authorized by a special Order in Council.

And whereas some doubt having arisen as to whether the validity of these regulations was affected by the passing of the Dominion Lands Act in 1908, the Minister, in order to remove any such doubt, recommends that the power conferred upon the Minister of the interior to make sales of Dominion Lands by the three Orders in Council above referred to be confirmed, and that in future all sales of Dominion Lands be made subject to the following regulations, nothing in which is to be deemed to limit the power of the Minister to sell any fractional quarter-section with or without homestead conditions at a rate not less than three dollars per acre:—

Therefore His Excellency the Governor General in Council, on the recommendation of the Minister of the Interior, is pleased to make and enact and doth hereby make and enact the following regulations:—

REGULATIONS.

Area of land.

1. There shall be no sale to one person of an area of land in excess of one section.

Valuation of land.—Minimum price.

2. No sale of land shall take place until a valuation has been placed thereon by a competent officer of the Department after a personal inspection thereof, and such valuation shall constitute the basis upon which the sale is to be made; provided, however, that no land shall be offered for sale at less than three dollars per acre.

Terms of sale.

3. The terms of the sale shall be fixed by the Minister, and may be varied by him as the circumstances may require.

Settlement conditions.

4. The Minister may make any sale subject to the performance of such settlement duties in any case as he may deem advisable.

Improvements on land.

5. In case there are improvements on the land offered for sale the purchaser shall be required to pay the value of such improvements in addition to complying with other conditions of sale.

Upset price.

6. Every parcel of land offered for sale by auction shall be sold at an upset price determined by the Minister on the basis of the valuation of such land by an officer of the Department.

Auction sales.

7. In case of sales of land by auction, no sale shall take place without at least thirty days public notice being given.

Withdrawal from sale.

8. At any time prior to the date of sale the Minister may cancel the reservation and make the land again available for disposition under the homestead provisions of the Act, after due public notice.

Sales at reduced price.

9. Where any land offered for sale by auction is not sold at the upset price, the Minister may again offer the land for sale at a redneed price and subject to such altered conditions and terms as would insure the sale of land, or he may withdraw the land from sale and dispose of the same under the homestead conditions of the Act.

Cancellation for non-compliance.

10. If the purchaser fails to comply with the terms of the sale either with regard to the payment of purchase price and interest, or in regard to the performance of the prescribed settlement duties, the same may be cancelled in the discretion of the Minister.

Refunds.

11. Where a sale is cancelled by the Minister for non-compliance on the part of the purchaser with the terms thereof, or for any other reason, the Minister may, in his discretion, refund to the purchaser, in whole or in part, the amount paid by him on account of the purchase price.

Assignment of right.

12. Previous to the issue of a patent, a purchaser shall not assign or transfer to any person, his interest in the land or any part thereof, except by special permission of the Minister.

RODOLPHE BOUDREAU,
51-4 Clerk of the Privy Council.

[1516]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, 20th June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Commitee of the Privy Council have had before them a report, dated 12th June, 1918, from the Acting Minister of the Interior, stating that Section 3 of the Coal Mining Regulations, approved by Order in Council dated the 20th April, 1910, provides that the length of a location, acquired under the provisions of such regulations, shall not exceed four times the breadth thereof.

In the year 1911, two locations, lying in Township 46, Range 24, west of the 5th Meridian, were staked out under the provisions of the above regulations, and leases of the coal mining rights under the tracts staked were issued, which leases have since been assigned to the Cadomin Coal Company, Limited.

It has been discovered on survey that these two locations do not adjoin throughout, as was the intention of the original stakers, and that there remains undisposed of a triangular strip about one-half mile long and with an average width of less than one hundred feet, containing a total area of 4.4 acres, between the locations, which the above company claims is essential to its successful operation of the locations in question.

It has been represented that the company's main entry to the mine is through this available strip of

land, and that upon it has been erected the company's tipple, store houses, general store and miner's cabin.

As the company has opened a mine on this land and incurred a very large expenditure in development, the Minister recommends that he be authorized to grant the company a lease of the coal mining rights under the 4.4 acres referred to, notwithstanding the provision of the Coal Mining Regulations already referred to.

The Committee concur in the foregoing recommendation and submit the same for approval.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council, on the recommendation of the Acting Minister of the Interior, advise that the Minister of the Interior be authorized to execute, on behalf of His Majesty the KING, with the Canada Land and Irrigation Company, Limited, an agreement in the form annexed hereto, in amendment of, and substitution for, an agreement made on the 31st day of July, 1914, between the Southern Alberta Land Company, Limited, of the First Part; Sir William Plender, Receiver and Manager of the said Company, of the Second Part; the Metropolitan Trust Company, Limited, of the Third Part; and the Honourable George Halsey Perley, representing the Canadian Government of the Fourth Part.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

MEMORANDUM OF AGREEMENT, made in triplicate, this .....day of.....1918,

Between

CANADA LAND AND IRRIGATION COMPANY, LIMITED, hereinafter called "The Company,"
Of the First Part, and

HIS MAJESTY THE KING, represented herein by the Honourable Arthur Meighen, Minister of the Interior of Canada, hereinafter called "The Minister,"
Of the Second Part.

Whereas by an agreement dated the 31st day of July, 1914, between the Southern Alberta Land Company, Limited, of the First Part; Sir William Plender, receiver and manager of the said company, of the Second Part; the Metropolitan Trust Company, Limited, of the Third Part, and the Honourable George Halsey Perley, representing the Canadian Government of the Fourth Part, the Canadian Government agreed to loan to the said receiver and manager the sum of three hundred and fifty-four thousand six hundred and eighty-four dollars ($354,684), secured by a first charge upon the lands therein described, to be expended by him in payment for construction works in connection with the irrigation system undertaken by the Southern Alberta Land Company, Limited;

And whereas, by said Agreement it was in effect, provided that the Canadian Government should from time to time, upon payment to it of any sum or sums on account of said indebtedness, convey or release to the Southern Alberta Land Company, Limited, as therein provided, such number of acres of said lands as would correspond to the amount so paid, at the rate of $1.25 per acre;

And whereas, by said Agreement the Southern Alberta Land Company, Limited, covenanted with the Canadian Government that it would endeavour forthwith to raise a sum of not less than eight hundred thousand dollars ($800,000) ranking after the advance hereinbefore referred to;

AND whereas, owing to the outbreak of war almost immediately upon the execution of said Agreement, the said Company was unable to raise the said sum in accordance with arrangements which it had previously made and has found it impossible since that date to raise any such sum;

And Whereas, representations to that effect were made to the Canadian Government and the parties asked to have the conditions of said agreement modified so that, in the event of said parties raising a less sum of money for construction work but not less than two hundred and fifty thousand dollars, ($250,000), the Government would release to said parties an area of land bearing the same ratio to the total acreage specified in the original agreement as the sum of money raised by the said parties bears to eight hundred thousand dollars ($800,000);

And Whereas, by Order in Council of the 13th July, 1916, authority was granted to enter into such modified form of agreement;

And whereas, arrangements have been completed for the amalgamation of the Southern Alberta Land Company, Limited, the Alberta Land Company, Limited, the Canadian Wheat Lands, Limited, into a company named "Canada Land and Irrigation Company, Limited," being the party hereto of the First Part;

And whereas, the Company has duly taken over all the assets and liabilities of the Southern Alberta Land Company, Limited, and is prepared to enter into an agreement with the Government in accordance with the terms of the Order in Council of the 13th July, 1916, above referred to;

Now, therefore, this indenture witnesseth that the parties hereto, in consideration of the respective covenants and agreements hereinafter contained, covenant and agree each with the other as follows:—

1. Save as hereinafter modified, the Company agrees to assume and discharge each and all of the obligations and to perform and complete all of the covenants and agreements of the Southern Alberta Land Company, Limited, Sir William Plender, Receiver and Manager, and the Metropolitan Trust Company, Limited, under or contained in the Agreement of the 31st July, 1914, and to indemnify and save harmless His Majesty from all claims and demands of any kind whatsoever by any of the parties to said Agreement;
2. Notwithstanding anything contained in the said agreement of the 31st July, 1914, it is hereby agreed that upon the Company raising a sum of not less than fifty thousand pounds, (£50,000), to be expended for the purposes of this Agreement, the Company may claim title to an acreage of land bearing the same ratio to the total acreage specified in the said Agreement as the sum of money raised by the Company for such purposes bears to eight hundred thousand dollars, ($800,000) and no more, and that the lands so to be conveyed or released shall be selected by mutal agreement;
3. Notwithstanding anything contained in clause 6 of the said Agreement, the money therein referred to may be expended for the completion of the irrigation works heretofore or hereafter undertaken or constructed by the Company, or its predecessors, and for the maintenance and operation of the said works and the development of the irrigation project.

In witness whereof the parties hereto have hereunto set their hands and seals.

The Common Seal of the Canada Land and Irrigation Company, Limited, was affixed hereto in the presence of

THE Committee of the Privy Council have had before them a report, dated 22nd May, 1918, from the Minister of the Interior, stating that an application has been received from the Division of Biology of the Canadian Department of Mines, for permission to collect biological specimens of birds and the smaller mammals in Jasper Park during the coming summer.

The Minister, therefore, recommends, as the collection is purely for scientific purposes, that the Park regulations established by Order in Council of the 21st June, 1909, and applied to Jasper Park by the Order in Council of the 6th June, 1911, forbidding the hunting and taking of any wild animal or bird within the park limits be waived in this case, and that permission be granted to Mr. William Spreadborough of the Canadian Department of Mines, to collect biological specimens of birds and the smaller mammals for the summer of 1918, the permission being confined, however, to five male and five female specimens of each species of small mammals and ten of each species of birds.

RODOLPHE BOUDREAU,
52-4 Clerk of the Privy Council.

[1464]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 17th day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 4th day of June, 1918, from the Acting Minister of the Interior, stating that application has been made to the Department of the Interior by William Henry Hammond, owner of the Basque Ranche, comprising an area of about 2,057·5 acres situated in the Railway Belt near Ashcroft, in the Province of British Columbia, to purchase under irrigation conditions 873·7 acres of Dominion lands lying adjacent to his holdings, all of which it is proposed to bring under an irrigation system.

The lands applied for have been inspected by officers of the Department and reported to be useless for cultivation without irrigation, and that the irrigation of the same is feasible providing water can be secured for the purpose. The lands are vacant and available.

The Minister, therefore, recommends that the lands enumerated in the schedule submitted be sold to William Henry Hammond on the following conditions:—

(*a*) The lands sold to be brought under cultivation by irrigation.

(*b*) The purchase price to be at the rate of five dollars ($5.00) per acre, subject to a deduction of the cost of the irrigation works up to an amount not exceeding two dollars ($2.00) per acre, and the amount so credited shall be deemed to be a payment in cash made on the date of sale, the said purchase price to be paid as follows:—One dollar ($1.00) per acre within one year from the date of the authorization of the sale by the Governor in Council, the balance within three years from the date of such authorization or upon fulfilment before the expiration of the said three years of all other conditions of the sale, with interest at 5 per cent per annum.

(*c*) The necessary water rights to be secured from the Provincial Government of British Columbia; no work to be done on the land until preliminary water rights are secured from the province.

(*d*) The work to be commenced within one year from the date of the authorization by Order in Council of the sale and to be completed to the satisfaction of the Minister of the Interior within three years from such date, unless other dates are fixed by the provincial authorities in connection with the water rights, in which case the provincial dates may be accepted if approved by the Minister of the Interior.

Miss Reith represents that her two nephews above referred to are respectively thirty and twenty-seven years of age; that they are orphans; that she is the next of kin and that they have requested her to apply for permission to make entries on their behalf.

In view of the relationship and the circumstances above stated, the Minister recommends that Miss Margaret Reith be authorized to make entries by proxy on behalf of her nephews, William John Franklin Reith and James Wilbert Reith.

AT THE GOVERNMENT HOUSE AT OTTAWA

Friday, the 28th day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Minister of Marine and Fisheries has had under consideration an application from the Corporation of the Harbour Commissioners of Montreal for the approval of new By-law No. 125 passed at an ordinary meeting of the Harbour Commissioners held on the 22nd day of May, 1918, dealing with rates to be levied with regard to water supplied to vessels in the Harbour of Montreal.

And whereas the said by-law has been submitted to the Department of Justice and that Department sees no legal objection to its approval;

Therefore His Excellency the Governor General in Council, on the recommendation of the Minister of Marine and Fisheries and under and in accordance with the provisions of chapter 48, 57-58 Victoria, is pleased to approve By-law No. 125 of the Harbour Commissioners of Montreal, and the same is hereby approved accordingly.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

—

HARBOUR COMMISSIONERS OF MONTREAL.

EXTRACT from the Minutes of an ordinary meeting held on the 27th of May, 1918.

RESOLVED that the following be added to the By-laws as By-law No. 125.

By-law No. 125.

FROM and after the date of the coming into force of the present by-law, rates shall be levied as hereinafter set forth with regard to water supplied to vessels in the Harbour of Montreal, viz:—

A minimum charge of $25.00 for the first supply, which will entitle the vessel to receive up to 4,000 cubic feet of water, taken at one time.

For any additional supply taken at the same time, the charge will be $2.00 per 1,000 cubic feet.

For any subsequent delivery of water:

	For vessels lying at wharves between Sections 12 and 27.	For vessels lying at any other wharf of the harbour.
For supply of 2,000 cubic feet or under, taken at one time.....	$ 7.50 per steamship	15.00 "
For supply of 4,000 cubic feet or under, taken at one time.....	15.00 "	30.00 "
Extra supply over 4,000 cubic feet, taken at same time	2.00 per 1,000 cu.ft.	2.00 "

Water will be supplied by the hose of the Commissioners if the ship be within convenient reach of the Commissioners' hydrants and hose, but if that be not convenient or for any other reason the water is to be supplied in barrels, by carts or otherwise than merely through hose and hydrants, the actual extra cost will be charged in addition to the above charges.

The Vessel must receive each supply of water continuously to the full capacity of the hose, otherwise the actual extra cost for delay will be added to the above charges.

The Commissioners do not guarantee to supply water at the time for which it is applied for, they merely undertake to deliver it as soon after such time as can reasonably be done, and the Commissioners shall not be liable or responsible in any way if, and whenever, owing to the lack of supply from the city, or for any other reason, beyond the control of the Commissioners, the Commissioners fail to supply the water in question or any part thereof.

A vessel not ready to receive water at the time for which it is supplied or ordered, forfeits its turn in favour of the next vessel that may be ready. Should, however, no other vessel be ready for water, then the vessel which is not ready shall be charged with waiting time at the rate of $5 por hour or fraction thereof.

In all cases the above rates include the use of hydrants and of hose in and so far as they can be conveniently used and include the necessary labour in that connection.

The Commissioners will not be responsible for any injury to persons or damage to property and the Commissioners will not incur any liability in connection with the purposes for which the water is intended or used nor as to its suitability or otherwise.

Any person tampering with the hydrants or supply pipes or other equipment, or taking or attempting to take water without authority shall be subject to the penalties provided for the infraction of the By-laws of the Commissioners.

Certified,

Secretary. 1-2

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 17th May, 1918, from the Minister of Finance submitting the findings, herewith, of the Commissioners appointed under the provisions of The Currency Act, 1910, for the purpose of ascertaining that the coins, of the currency of Canada, struck during the year 1917 at the Ottawa Branch of the Royal Mint have been coined in accordance with the provisions of the Act.

The Minister reports that the findings referred to indicate that the coins, both as to weight and fineness, conform to the standards set up by that Act.

The Committee submit the same for Your Excellency's information.

OTTAWA, 8th May, 1918.

The Hon. Minister of Finance,
Ottawa.

Sir,—We have the honour to submit herewith the Verdict of the Assay Commissioners for the Trial of The Ottawa Pyx, for the year 1917.

We have the honour to be, sir,
Your obedient servants,

(Sgd.) ALFRED STANSFIELD,
WILLIAM NICOL,
WILLIAM HODGSON MILLS.

—

VERDICT OF THE ASSAY COMMISSIONERS AT THE TRIAL OF THE PYX, 1918.

We whose names are hereunder written, having been sworn on the seventh day of May, one thousand nine undred and eighteen, before His Honour Judge D. B. MacTavish at the Royal Mint, in the City of Ottawa, have made the assays and trials of His Majesty's silver coins, there being no gold coins in the Pyx of the Branch Mint at Ottawa, in the Dominion of Canada, which according to accounts of the officers of the Mint were coined at the said Branch Mint from the first day of January to the thirty-first day of December, one thousand nine hundred and seventeen, both days inclusive.

We ascertained that the coins in each packet produced to us corresponded as to number and denomination with the endorsement on the respective packets and with the account prepared by the officers of the Mint.

We took one coin from each packet amounting to twelve fifty cent pieces, twenty-seven twenty-five cent pieces, twenty ten cent pieces and twenty-four five cent pieces. We weighed each of the said fifty and twenty-five cent pieces separately for remedy, and the said ten and five cent pieces in lots of ten and twenty

coins respectively, for remedy, and ascertained that they were all within the remedy as to weight prescribed in the Schedule of the Currency Act, 1910. We found that the amount of variation from the standard of weight specified in the said Schedule to the said Act was plus fifteen ten-thousandths of an ounce (+ .0015 oz.) on the whole of such coins.

We then melted the said silver coins, so taken out and weighed, into an ingot, and assayed such ingot, comparing it with the pure silver trial-plate produced by the Deputy Minister of Inland Revenue, so as to ascertain whether the metal was within the remedy as to fineness prescribed in the said schedule of the said act; and we found that the amount of variation thereof from the standard of fineness specified in the said schedule of the said act was minus five ten-thousandths (—·0005) and that therefore the said metal was within the prescribed remedy as to fineness. We weighed the residue of the said silver coins in bulk and we ascertained that they were within the prescribed remedy as to weight.

We then took from such residue of silver coins two fifty cent pieces, two twenty-five cent pieces, two ten cent pieces and one five cent piece, and weighed and assayed them separately, and we found that such fifty cent pieces weighed: the first 180.01 grains, the second 179.63 grains, and that such twenty-five cent pieces weighed: the first 90.18 grains, the second 90.26 grains, and that such ten cent pieces weighed: the first 36.12 grains, the second 36.18 grains, and that such five cent pieces weighed 17.97 grains.

We then assayed the said coins separately and we found the millesimal fineness of such fifty cent pieces to be: the first 923.7, the second 924.1, and the millesimal fineness of such twenty-five cent pieces to be: the first 925.5, the second 924.7 and the millesimal fineness of such ten cent pieces to be: the first 925.0, the second 924.3, and the millesimal fineness of the five cent piece to be 923.8.

Dated at Ottawa, the eight day of May, A.D. one thousand nine hundred and eighteen.

WILLIAM NICOL,

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 22nd day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency the Governor General in Council on the recommendation of the Acting Minister of the Interior is pleased to order and it is hereby ordered that the regulations for the survey, administration, disposal and management of Dominion Lands within the Forty-five Railway Belt, in the Province of British Columbia, established by Order in Council of 17th September, 1889, shall be and the same are hereby amended by rescinding section 9 thereof and substituting the following therefore:—

9. (1) The word "highway" as used in this section shall mean all public wagon-roads, streets, roads, trails, lanes, bridges and trestles, but shall not include canals, towing-paths or other like public ways.

(2) The authorities of the Province of British Columbia shall, during the pleasure of the Governor in Council and subject to the provisions of these regulations, be authorized and empowered to make and establish such public highways through or over Dominion lands in the railway belt, exclusive of areas set apart as Dominion forest reserves and parks, but including lands held under homestead entry, contract of sale, lease, license or any other form of occupancy, and also including foreshores and lands covered with water, as if the British Columbia Highway Act, chap. 99, of the Revised Statutes of British Columbia, 1911, as amended by chap. 29 of the Statutes of 1913, were applicable to the said Dominion lands.

(3) Notwithstanding the powers conferred upon the Provincial authorities by the preceeding subsection, the Governor in council may authorise the location and construction by any person of such public highways as he may deem expedient through any land subject to these regulations, and for that purpose may take or authorise to be taken without any notice and without any consent on the part of the person owning or occupying such land or having any claim, estate, right, title or interest therein, any requisite area of land, and any existing roads whether the area so taken be or be not in excess of the Provincial allowance for roads, in any section, quarter section or legal subdivision, and may also enter upon or authorise entry upon any such lands and the taking therefrom of any gravel, stone, timber or other material required for the construction of such highway or for the purpose of cutting and maintaining any drains that may be considered necessary.

(4) Whenever any highway is made and declared and has been put into actual use by the Public or whenever the Governor-in-Council has established a highway as provided in the last preceeding sub-section such public highway shall become the property of the Province, the legal title thereto remaining in the Crown for the public use of the Province subject to reversion in the case of closing or abandonment as hereinafter specified, provided that the ownership of any minerals under such roads shall not be affected by the making or establishing of any such highway.

(5) No road so established by the Governor in Council shall be closed up or its direction varied or any part of the land occupied by it sold or otherwise alienated without the consent of the Governor in Council.

(6) Whenever any road constructed by the Provincial authorities over any of the lands subject to these regulations is later closed by the same authorities or by reason of abandonment or otherwise ceases to be a public highway, or whenever any road established by the Governor in Council is closed in the manner specified herein, then, in either such case, the part of such highway, if any, which was comprised of Dominion lands when constructed and which at the time of such closing or ceasing to be used as a public highway, is still situated across or adjacent to Dominion lands, shall revert to and become the property of the Crown in the right of Canada and may be dealt with by the Minister subject to these regulations.

(7) Until necessary highways providing means of egress and ingress to the lands of settlers and landholders shall have been located and constructed, a convenient right of way not exceeding sixty-six feet in width over any Dominion lands disposed of is hereby reserved for the use and convenience of settlers and land-holders in passing from time to time to and from their locations or lands, to and from any now existing public highways, providing always that such settler or landholder making use of the aforesaid privilege shall not damage the fences or crops of the occupier located on the land over which such right of way is reserved.

(8) Notwithstanding any other provisions of these regulations, in case the Provincial authorities and the Governor in Council should both establish highways across the land of any owner or occupier, no greater area shall be taken without compensation from such owner or occupier for the purpose of the said highways than is permitted to be taken by the Provincial authorities under the said British Columbia Highway Act.

(9) Every homestead entry, contract of sale, lease, license or any other form of company, patent or other grant hereafter issued of any Dominion lands within the Railway Belt shall be subject to a reservation providing for the taking of an area for road purposes and compensation for the same as provided herein.

RODOLPHE BOUDREAU,
1–4 Clerk of the Privy Council.

[1621]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 2nd day of July, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Dominion Lands Act (chapter 20 of the statutes of 1908) provides that every application for entry for a homestead shall be made by the applicant in person, unless otherwise provided by regulations made by the Governor in Council;

And whereas under regulations approved by Orders in Council dated the 26th of August, 1908, and the 11th of January, 1915, homestead entry may be made by proxy on behalf of a husband, father, mother, son, daughter, brother or sister;

And whereas it is represented that cases are likely to arise where a number of soldiers eligible for soldier grant entry under the terms of the Soldier Settlement Act, 1917, and eligible also to make ordinary homestead entry, desire to send one of their number in advance to select and enter for land on their behalf;

And whereas authority has already been taken under section 23 of the Soldier Settlement Regulations to meet a case of this kind in so far as the soldier grant entry is concerned, but there is no corresponding provision in the case of an application for ordinary homestead entry by proxy on behalf of a "settler," as defined by the Soldier Settlement Act;

Therefore His Excellency the Governor General in Council, in view of the above, is pleased, on the recommendation of the Acting Minister of the Interior, to make the following regulation and the same is hereby made and established accordingly:—

In the case of a "settler" as defined by the Soldier Settlement Act, 1917, who is eligible to make ordinary homestead entry, application for entry by proxy may be permitted not only in the case of a person making entry on behalf of a husband, father, mother, son, daughter, brother or sister, but also in the case of a person who for special reasons has been authorized by the Department of the Interior to make entry on behalf of such "settler."

Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Ottawa, Friday, 28th June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 21st June, 1918, from the Minister of the Interior, stating that it has been represented to the Department of the Interior that Mr. George Ross who entered for the East ½ of the South-west ¼ of Section 24, Township 10, Range 10, West of Principal Meridian, on the 10th August, 1915, became permanently disabled through illness after obtaining entry, and was, therefore, unable to perform his residence duties in pursuance of the provisions of the Dominion Lands Act of 1908.

Evidence has been submitted that Mr. Ross performed two months' residence, erected a house and broke one acre in 1916, and was admitted to the Home for Incurables at Portage la Prairie, Manitoba, on the 17th February, 1917.

A certificate from the Superintendent of that institution, dated the 8th June, has now come to hand, setting out that Mr. Ross is over seventy-five years of age and will never be able to do any further work on the land referred to.

The Minister, therefore, recommends that Mr. Ross be relieved from the performance of any further residence duties, under the provisions of Clause 2, Section 20 of the Act, and that authority be given for the issue of a free patent for the land described, upon proof being furnished in the ordinary way that the other requirements of the law have been complied with.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

As Revised and brought in force 22nd March, 1916.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during at least three months before the consideration by the Committee on Divorce of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the district in Quebec, Manitoba, Saskatchewan, Alberta, British Columbia or the Northwest Territories, or in the county or union of counties in other provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining district or county or union of counties.

Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the district, but otherwise shall be published in one newspaper in both languages. The petition should also negative connivance at, or condonation of the wrong complained of and collusion in the application for divorce.

ARRÊTÉS EN CONSEIL.

[1263]

HOTEL DU GOUVERNEMENT A OTTAWA.

Lundi, le 3e jour de juin 1918.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

ATTENDU que l'article 32 de la *Loi des terres fédérales, 1908*, prescrit que les terres arables ne seront à vendre que subordonnément à des règlements établis par le Gouverneur en conseil, et qu'il ne sera pas vendu à une même personne, sous le régime de ces règlements, une étendue de terre de plus d'une section sans un décret spécial du Gouverneur en conseil ; mais que le Ministre peut vendre un quart de section fractionnaire, avec ou sans les conditions exigées pour les homesteads, à un prix ne devant pas être inférieur à trois dollars l'acre;

Et attendu que lors de l'adoption de la dite loi il existait certains règlements régissant la vente, la colonisation, l'usage et l'occupation des terres fédérales dans la province de Manitoba et les Territoires du Nord-Ouest, règlements décrétés par l'arrêté en conseil du 17 septembre 1889 (C.P. 2167), ainsi que modifié par les arrêtés en conseil du 18 mai 1891 (C.P. 832) et du 23 janvier 1897 (C.P. 146), l'effet des dits règlements en ce qui concerne les ventes de terres étant de fixer les prix des terres fédérales à trois dollars l'acre, avec un prix minimum d'un dollar l'acre, le Ministre étant autorisé à varier le prix des terres dans les limites fixées par la loi ;

Et attendu que toutes les ventes de terres fédérales depuis la mise en vigueur de la *Loi des terres fédérales de 1908* ont été faites sous le régime des règlements ci-dessus mentionnés, sauf lorsque la vente était autorisée par un arrêté en conseil spécial ;

Et attendu que certain doute ayant surgi quant à savoir si la validité de ces règlements était affectée par l'adoption de la *Loi des terres fédérales de 1908*, le Ministre, afin d'enlever tout doute à ce sujet, recommande que soit confirmé le pouvoir de vendre des terres fédérales conféré au ministre de l'Intérieur par les trois arrêtés en conseil ci-dessus mentionnés, et qu'à l'avenir toutes les ventes des terres fédérales soient faites conformément aux règlements suivants dans lesquels rien ne sera censé limiter le pouvoir du Ministre de vendre un quart de section fractionnaire quelconque, avec ou sans les conditions de homestead, à un prix n'excédant pas trois dollars l'acre.

Par conséquent, il plaît à Son Excellence le Gouverneur général en conseil, à la recommandation du ministre de l'Intérieur, de faire et décréter par les présentes les règlements suivants :

RÈGLEMENTS.

Étendue du terrain.

1. Il n'y aura aucune vente à une même personne d'une étendue de terrain excédant une section.

Evaluation du terrain.

2. Aucune vente de terrain n'aura lieu avant qu'une évaluation en ait été faite par un fonctionnaire compétent du département, après une inspection personnelle, et cette inspection constituera la base sur laquelle se fera la vente; mais aucun terrain ne sera offert en vente à moins de trois dollars l'acre.

Prix minimum.

3. Les conditions de la vente seront déterminées par le Ministre et peuvent être variées par lui selon que les circonstances l'exigeront.

Conditions d'établissements.

4. Le Ministre peut faire toute vente sujet à l'accomplissement de telles obligations d'établissement qu'il jugera à propos dans tout cas quelconque.

Améliorations du terrain.

5. Au cas où il y a des améliorations sur le terrain offert en vente, l'acheteur peut être requis de payer la valeur de ces améliorations en outre de l'obligation de se conformer aux autres conditions de la vente.

Mise à prix.

6. Tout terrain offert en vente à l'enchère sera vendu à une mise à prix déterminée par le Ministre.

Vente à l'enchère.

7. Au cas de ventes de terres à l'enchère, aucune vente n'aura lieu sans qu'un avis public d'au moins trente jours ait été donné.

Retrait de la vente.

8. En tout temps avant la date de la vente, le Ministre peut annuler la réserve et rendre le terrain de nouveau disponible pour l'aliénation sous le régime des dispositions de homestead de la Loi, après avis public dûment donné.

Ventes à prix réduit.

9. Quand un terrain quelconque offert en vente à l'enchère n'est pas vendu à la mise à prix, le Ministre peut de nouveau offrir le terrain en vente à un prix réduit et à telles conditions qui peuvent assurer la vente du terrain, ou il peut soustraire le terrain de la vente et en disposer aux conditions de homestead de la Loi.

Annulation par défaut.

10. Si l'acheteur néglige de se conformer aux conditions de la vente, soit en ce qui concerne le paiement du prix de l'achat et de l'intérêt, soit quant à l'accomplissement des obligations d'établissement prescrites, la vente peut être annulée à la discrétion du Ministre.

Remboursements.

11. Quand une vente est annulée par le Ministre pour défaut de la part de l'acheteur de se conformer aux conditions ou pour toute autre raison, le Ministre peut à sa discrétion rembourser à l'acheteur, en tout ou en partie, le montant qu'il a payé à compte sur le prix d'achat.

Cession de droit.

12. Avant l'émission de la patente un acheteur ne peut céder ou transférer à une personne quelconque son droit ou partie de son droit sur le terrain, excepté par permission spéciale du Ministre.

51-4 Greffier du Conseil privé.

6. Lorsqu'une personne quelconque est accusée d'une infraction d'un arrêté de Son Excellence le Gouverneur général en conseil concernant les vivres ou les produits alimentaires, ou de violation d'un décret de la Commission des Vivres du Canada, la preuve que les vivres ou produits alimentaires en sa possession ou sous sa charge n'y sont pas contrairement à un arrêté du Gouverneur géneral en conseil où un décret de la Commission des Vivres du Canada, ou en quantités excédant celles prescrites par tel arrêté ou décret, est à la charge de la personne accusée.

7. Toute personne qui viole une disposition quelconque d'un décret ou règlement de la Commission des Vivres maintenant ou plus tard promulgué conformément aux pouvoirs à elle conférés, est coupable de délit et passible sur conviction sommaire devant un magistrat de police ou deux juges de paix d'une amende n'excédant pas mille dollars et d'au moins cent dollars, ou d'emprisonnement pour une période n'excédant pas trois mois, ou des deux peines de l'amende et de l'emprisonnement.

PRESENT:

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du ministre de l'Intérieur, daté le 22 mai 1918, représentant que la division de la biologie du département des mines du Canada a demandé la permission de recueillir des spécimens biologiques d'oiseaux et de petits mammifères dans le parc Jasper, au cours de l'été prochain.

Par conséquent, comme la collection n'est que pour des fins purement scientifiques, le ministre recommande que dans ce cas soient suspendus les règlements établis par un arrêté en conseil du 21 juin 1909 et appliqués au parc Jasper, par un arrêté en conseil du 6 juin 1911, défendant la chasse et la capture de tout animal ou oiseau sauvage dans les limites du parc, et que permission soit accordée à M. William Spreadborough du département des mines du Canada, de recueillir des spécimens biologiques d'oiseaux et de petits mammifères au cours de l'été de 1918, cette permission étant limitée, toutefois, à cinq spécimens mâles et cinq spécimens femelles de chaque espèces de petits mammifères et dix de chaque espèce d'oiseaux.

Le comité agrée cette recommandation et la soumet pour approbation.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du ministre suppléant de l'Intérieur, daté le 4e jour de juin 1918, représentant que William Henry Hammond, propriétaire du Basque Ranche, comprenant une superficie d'à peu près 2,057.5 acres, situé dans la zone des chemins de fer près d'Ashcroft, province de la Colombie-Britannique, a demandé d'acheter, sujet aux conditions d'irrigation, 873.7 acres de terres fédérales attenantes à son terrain, avec l'intention d'y établir un système d'irrigation.

Les terres demandées ont été examinées par des fonctionnaires du département, qui les représentent comme impropres à l'agriculture sans irrigation, et qui font rapport qu'elles peuvent être irriguées pourvu qu'on puisse se procurer l'eau nécessaire. Ces terres sont vacantes et disponibles.

Le ministre, par conséquent, recommande que les terrains énumérés dans l'annexe ci-jointe soient vendus à William Henry Hammond aux condilions suivantes:

(*a*) Les terrains ainsi vendus doivent être rendus propres à la culture par l'irrigation.

(*b*) Le prix d'achat sera de cinq (5) dollars l'acre ; le coût des travaux d'irrigation, n'excédant pas $2 l'acre, pourra en être déduit et le total du coût de telle irrigation sera censé être un versement en argent fait à la date de la vente. Le prix d'achat sera payé comme suit : Un ($1) dollar l'acre au cours de l'année qui suit la date d'autorisation de la vente par le Gouverneur en conseil, et la balance dans les trois ans de la date de telle autorisation ou si toutes les autres conditions de la vente sont remplies et si l'intérêt à 5% est payé avant telle expiration de trois années.

(*c*) Les droits hydrauliques nécessaires seront obtenus du gouvernement provincial de la Colombie-Britannique.

Il ne sera fait aucuns travaux sur le terrain avant que des droits hydrauliques aient d'abor été obtenus de la province.

(*d*) Les travaux seront commencés au cours de l'année suivant la date de l'autorisation de la vente par arrêté en conseil et parachevés à la satisfaction du ministre de l'Intérieur dans les trois ans de telle date, sauf dans le cas où d'autres dates seraient fixées par les autorités provinciales en rapport avec les droits hydrauliques, alors que les dates provinciales pourront être acceptées si le ministre de l'Intérieur les approuve.

(*e*) L'examen des travaux sera fait par les ingénieurs du département de l'Intérieur à leur parachèvement.

(*f*) Lorsque les conditions seront remplies, patente de ceux de ces terrains rendus propres à la culture par l'irrigation sera délivrée

(*g*) La vente pourra être annulée si le prix de vente n'est pas payé ou si l'acheteur ne se conforme pas à une quelconque des conditions de la vente.

(*h*) Avant que la patente soit délivrée il ne sera fait aucun transfert du terrain ni de droits au terrain sans le consentement du ministre de l'Intérieur.

Le comité agrée cette recommandation et la soumet pour approbation.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du ministre des Finances, daté le 17 mai 1918, transmettant le verdict des commissaires nommés sous l'empire des dispositions du *Currency Act, 1910*, dans le but de constater que les pièces de la monnaie du Canada frappées au cours de l'année 1917, à la succursale d'Ottawa de la Monnaie Royale, l'ont été conformément aux dispositions de la loi.

Le Ministre fait rapport que ce verdict indique que ces pièces, quant au poids et au titre de fin, sont conformes aux étalons établis par cette loi.

Le comité soumet ce rapport pour approbation.

RODOLPHE BOUDREAU,
Greffier du Conseil privé.

—

Ottawa, 8 mai 1918.

A l'honorable ministre des
Finances, Ottawa.

Monsieur,—Nous avons l'honneur de vous transmettre ci-joint le verdict des Commissaires Essayeurs sur l'épreuve de la boîte d'essai de la Monnaie (Pyx) d'Ottawa, pour l'année 1917.

Nous avons l'honneur d'être,
Monsieur,
Vos obéissants serviteurs,

(Signé) ALFRED STANSFIELD,
WILLIAM NICOL,
WILLIAM HODGSON ELLIS.

—

VERDICT DES COMMISSAIRES ESSAYEURS SUR L'ÉPREUVE DE LA BOITE D'ESSAI DE LA MONNAIE (*PYX*) D'OTTAWA, 1918.

Nous, dont les noms sont écrits ci-dessous, ayant été assermentés le 7e jour de mai mil neuf cent dix-huit, par devant Son Honneur le juge D. B. MacTavish, à la Monnaie Royale, en la cité d'Ottawa, avons fait les essais et les épreuves des pièces d'argent de Sa Majesté, il n'y avait pas de pièces d'or, dans la boîte d'essai de la Monnaie Succursale d'Ottawa, dans le Dominion du Canada, lesquelles, d'après les registres des officiers de la Monnaie, ont été frappées à la dite Monnaie Succursale du 1er jour de janvier au 31e jour de décembre mil neuf cent dix-sept, ces deux jours inclus.

Nous avons constaté que les pièces dans chaque paquet qui nous a été soumis correspondaient, quant à la dénomination et au nombre, à la suscription sur chaque paquet et à l'état préparé par les fonctionnaires de la Monnaie.

Nous avons pris une pièce dans chaque paquet, soit douze pièces de cinquante cents, vingt-sept pièces de vingt-cinq cents, vingt pièces de dix cents et vingt-quatre pièces de cinq cents. Nous avons pesé séparément chacune desdites pièces de cinquante et de vingt-cinq cents, et lesdites pièces de dix et de cinq cents en lots de dix et de vingt pièces respectivement, et avons constaté qu'elles étaient toutes, quand au poids, dans la limite de tolérance prescrite à l'annexe du *Currency Act, 1910*. Nous avons trouvé que le chiffre de variation d'avec l'étalon de fin spécifié dans ladite annexe dudit acte était "plus" quinze dix-millièmes (+.0015) d'une once sur le total des pièces.

Nous avons alors fondu en un lingot les dites pièces d'argent ainsi sorties et pesées, et nous avons essayé ce lingot en le comparant avec la plaque d'essai d'argent pur fournie par le sous-ministre du Revenu de l'Intérieur, de façon à s'assurer si le métal était dans le degré de tolérance prescrit pour le titre de fin dans l'annexe du dit acte, et avons trouvé que le chiffre de variation d'avec l'étalon de fin spécifié dans la dite annexe du dit acte était "minus" cinq dix-millièmes (-.0005), et, en conséquence, que le dit métal était dans le degré de tolérance prescrit pour le titre de fin. En pesant le résidu des dites pièces d'argent en bloc, nous avons constaté qu'elles étaient dans les limites de tolérance quant au poids.

Nous avons ensuite pris de ce résidu de pièces d'argent deux pièces de cinquante cents, deux pièces de vingt-cinq cents, deux pièces de dix cents et une pièce de cinq cents, et, après les avoir pesées et essayées séparément, nous avons trouvé que ces pièces de cinquante cents pesaient: la première 180.01 grains, la seconde 179.63 grains; et que ces pièces de vingt-cinq cents pesaient respectivement: la première 90.18 grains, la seconde 90.26 grains; et que les pièces de dix cents pesaient respectivement: la première 36.12 grains, la seconde 36.18 grains; et que la pièce de cinq cents pesait 17.97 grains.

Nous avons ensuite essayé les dites pièces séparément et avons constaté que le titre de fin millésime de ces pièces de cinquante cents était, pour la première 923 7, et pour la seconde 924.1; et que le titre de fin millésime de ces pièces de vingt-cinq cents était, pour la première 925.5, et pour la seconde 924-7; et que le titre de fin millésime des dites pièces de dix cents était de 925.0 pour la première et de 924.3 pour la seconde; et que le titre de fin millésime de la pièce de cinq cents était de 923.8.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre suppléant de l'Intérieur, daté le 8 juin 1918, représentant que le 13 novembre 1913, Raoul Pirmez et George Roels, de la ville de Calgary, dans la province d'Alberta, ont demandé la permission d'acheter certains terrains sous le lac Kleskun et y aboutissant, township 73, rangs 3, 4 et 5, à l'ouest du 6e méridien, comprenant 18,400 acres, plus ou moins, pour assèchement par le drainage.

Le projet de drainage et d'asséchement des requérants a été approuvé par le directeur des arpentages de la province d'Alberta, au nom du gouvernement de cette province, et les travaux d'assèchement ne nuiront à aucun intérêt connu.

Il résulte d'enquêtes faites par l'ingénieur du département de l'Intérieur que le lac n'est d'aucune utilité comme source d'approvisionnement d'eau et que l'assèchement des terrains adjacents et de ceux qu'il recouvre seraient d'intérêt public.

Le terrain n'est d'aucune valeur dans sa condition actuelle.

Les enquêtes nécessaires pour déterminer la practicabilité du projet et les conditions auxquelles la vente pouvait être recommandée n'ont été complétées qu'en juillet 1914, et la déclaration de la guerre força M. Roels à retourner en Belgique, au commencement du mois d'août 1914, et M. Pirmez, en décembre de la même année. M. Roels est officier de réserve dans l'armée belge et M. Pirmez était le consul belge à Calgary, Alberta.

Vu que le projet d'assèchement avait été reconnu praticable et d'intérêt public et que ne pouvait être mise en doute l'intention des requérants de construire les travaux nécessaires et de procéder à l'assèchement du terrain dès qu'ils en auraient l'autorisation, le ministre a réservé le terrain afin de respecter la priorité d'intérêts de ces requérants.

Le 31 décembre 1915, les requérants transférèrent leurs droits à Charles Frédérick Adams, et le 25 août 1917, Adams transféra lui-même ses droits à Edmund Thompson, de Kingman, Alberta. Ces deux transfers ont été inscrits au Département de l'Intérieur.

Il a été établi d'une manière satisfaisante que M. Thompson est en position de mener à bonne fin l'exécution du projet.

Le Ministre, par conséquent, recommande que la vente dudit terrain audit Edmund Thompson soit autorisée et que le Ministre de l'Intérieur, à titre de représentant de Sa Majesté le Roi George V, et le requérant souscrivent à une convention contenant les conditions et restrictions stipulées dans la formule de convention annexée.

Le comité agrée cette recommandation et la soumet pour approbation.

ATTENDU que le ministre de la Marine et des Pêcheries a pris en considération une demande de la corporation des Commissaires du havre de Montréal, pour l'approbation du nouveau règlement n° 125 adopté à une assemblée ordinaire des Commissaires du havre, tenue le 22e jour de mai 1918, concernant le tarif des droits qui seront prélevés pour l'eau fournie aux vaisseaux dans le havre de Montréal ;

Et attendu que ledit règlement a été soumis au département de la Justice, qui ne voit aucune objection légale à son approbation ;

Par conséquent, il plaît à Son Excellence le Gouverneur général en conseil, à la recommandation du ministre de la Marine et des Pêcheries, et conformément aux dispositions du chapitre 48, 57-58 Victoria, d'approuver le règlement n° 125 des Commissaires du havre de Montréal, et ce règlement est par les présentes approuvé en conséquence.

RODOLPHE BOUDREAU,
Greffier du Conseil privé.

COMMISSAIRES DU HAVRE DE MONTRÉAL.

Extrait des minutes d'une assemblée ordinaire tenue le 27 mai 1918.

Résolu, que ce qui suit soit ajouté aux règlements comme règlement n° 125.

RÈGLEMENT N° 125.

A partir de la date de la mise en vigueur du présent règlement le tarif de droits suivant sera prélevé pour l'eau fournie aux vaisseaux dans le havre de Montréal, savoir :

Un minimum de $25 pour le premier service, qui donne droit aux vaisseaux de recevoir jusqu'à 4,000 pieds cubes d'eau, prise au même temps

Pour toute quantité additionnelle, prise au même temps, $2.00 par 1,000 pieds cubes.

Pour toute livraison subséquente d'eau : Pour les vaisseaux mouillés aux quais entre les sections 12 et 27. Pour les vaisseaux mouillés à tout autre quai du havre.

Pour 2,000 pieds cubes d'eau, ou moins, prise au même temps	$ 7.50	par vaisseau.
	15.00	" "
Pour 4,000 pieds cubes d'eau, ou moins, prise au même temps	15.00	" "
	30.00	" "
Pour toute quantité excédant 4,000 cubes, prise au même temps	2.00	par 1,000 pieds cubes.
	2.00	" 1,000 " "

L'eau sera fournie par le service des Commissaires si le vaisseau est à portée commode des tuyaux et bornes-fontaines des Commissaires, mais s'il en est autrement ou que pour toute autre raison l'eau doive être fournie en barils, par voiture ou autrement que par les tuyaux et les bornes-fontaines, les frais additionnels de ce service seront ajoutés au tarif ci-dessus.

Le vaisseau doit recevoir chaque approvisionnement d'eau à la pleine capacité du tuyau ; sinon les frais additionnels dus au délai seront ajoutés au tarif ci-dessus.

Les Commissaires ne garantissent pas de fournir l'eau au temps précis où on la demande ; ils ne s'engagent à fournir l'eau qu'aussi promptement qu'ils peuvent raisonnablement le faire ; les Commissaires ne seront aucunement responsables si à cause de défaut du service de la ville, ou pour toute autre raison hors de leur contrôle, ils ne fournissent pas l'eau demandée ou une partie de cette eau.

Un vaisseau qui n'est pas prêt à recevoir l'eau alors que la Commission est prête à la fournir ou lorsqu'il en a fait la commande perd son tour en faveur du vaisseau suivant qui peut être prêt. Cependant, si nul autre vaisseau est prêt à recevoir l'eau, celui qui n'est pas prêt devra payer pour le délai au taux de $5 l'heure ou fraction d'heure.

Dans tous les cas le tarif ci-dessus comprend l'usage des bornes-fontaines et des tuyaux, en autant qu'ils peuvent commodément servir, ainsi que la main-d'œuvre nécessaire pour le service.

Les Commissaires ne seront pas responsables des blessures aux personnes ou des dommages à la propriété, et ils n'auront non plus aucune responsabilité en rapport avec les fins auxquelles l'eau est destinée ou pour lesquelles elle est employée, ni quant à la qualité de l'eau ou autrement.

Toute personne qui manie illicitement les bornes-fontaines, tuyaux d'alimentation ou autre outillage, ou qui prend ou tente de prendre de l'eau sans autorisation, est passible des peines prescrites pour infraction des règlements des Commissaires

Certifié.

PRESENT:

SON EXCELLENCE LE GOUVERNEUR GENERAL EN CONSEIL.

ATTENDU qu'une dépêche, datée le 14 février 1918, a été reçue du Secrétaire d'Etat pour les colonies, ainsi que copie d'une lettre du India Office concernant l'obligation au service militaire des Indous au Canada;

Attendu que le Secrétaire d'Etat suppléant des Affaires Extérieures représente qu'il est stipulé dans la dite lettre, d'après les instructions du Secrétaire d'Etat pour l'Inde, que sous l'empire de l'Ordonnance du Conseil Militaire n° 1711-16, datée le 12 septembre 1916, les natifs de l'Inde de pure souche asiatique ne seront pas appelés au service militaire ; et que l'effet de cette ordonnance, considérée en rapport avec l'article un de la convention avec la France, datée le 4 octobre 1917, concernant l'obligation au service militaire des sujets britanniques résidant en France, est que des certificats d'exemption du service militaire sont accordés aux Indous en France ;

Et attendu que le Secrétaire d'Etat pour les Indes suggère que les Indous résidant en Canada soient placés sur le même pied en ce qui concerne l'obligation au service militaire qu'ils le sont maintenant dans le Royaume-Uni et la France.

Par conséquent, il plaît à Son Excellence le Gouverneur général en conseil, à la recommandation du Secrétaire d'Etat suppléant pour les Affaires Extérieures, avec l'approbation du ministre de la Justice et en vertu des pouvoirs conférés au Gouverneur en conseil par la *Loi des mesures de guerre, 1914*, et autrement, de décréter que les natifs de l'Inde de pure souche asiatique ne seront pas appelés au service militaire sous l'empire des dispositions de la *Loi militaire, 1917*, ou des règlements établis sous le régime de la *Loi des mesures de guerre, 1914*.

AU comité du Conseil privé a été soumis un rapport du ministre de l'Intérieur, daté le 21 juin 1918, représentant que le département de l'Intérieur a été saisi du fait que M. George Ross qui, le 10 août 1915, a obtenu une inscription de homestead pour la moitié est du quart sud-ouest de la section 24, township 10, rang 10, à l'ouest du méridien principal, a été frappé d'invalidité permanente par la maladie après avoir obtenu son inscription et qu'il lui a été par conséquent impossible de remplir ses obligations de résidence conformément aux dispositions de la *Loi des terres fédérales*.

Il a été établi que M. Ross a accompli deux mois de résidence, a érigé une maison et fait un acre de défoncement en 1916. Il a été admis à l'hospice des incurables à Portage-la-Prairie, Manitoba, le 17 février 1917.

Un certificat du surintendent de l'institution, daté le 8 juin, déclare que M. Ross est âgé de plus de 75 ans et ne sera jamais plus capable de faire aucun travail sur le dit terrain.

Le Ministre, par conséquent, recommande que M. Ross soit relevé de toute obligation de résidence à venir, en vertu des dispositions du paragraphe 2, article 20 de la loi, et que l'émission d'une patente gratuite du dit terrain soit autorisée sur preuve fournie de la manière ordinaire que les autres conditions de la loi ont été remplies.

Le et après le premier jour de juillet 1918,—

1. Aucune personne faisant le commerce de gros dans les viandes, le saindoux, le fromage, le beurre, l'oléomargarine, ou les œufs, en vendant à un détaillant ou autres n'étant pas des commerçants de gros, ne devra charger sur chaque transaction plus de dix pour cent au-dessus de son prix coûtant livré à l'entrepôt ; et lorsque des hommes à salaire sont employés pour faire les achats, ou que ces achats se font sous commission, le salaire et la commission, dans l'évaluation du coût, ne devront pas depasser le salaire et la commission ordinairement payés pour ce genre de service.

2. Aucune personne ne faisant le commerce de gros de viandes, de saindoux, de fromage, de beurre, d'oléomargarine ou d'œufs, en vendant à un autre commerçant de gros ne devra charger sur chaque transaction plus de quatre pour cent au-dessus de son prix coûtant, livré à l'entrepôt ; et lorsque des hommes à salaire sont employés pour faire les achats, ou que ces achats se font sous commission, le salaire et la commission, dans l'évaluation du coût, ne devront pas dépasser le salaire et la commission ordinairement payés pour ce genre de service.

3. Un marchand de gros, vendant du beurre en pains, qui ont été moulés ou coupés par lui-même, aura la permission de charger un prix additionnel, qui ne devra pas dépasser trois pour cent du prix coûtant, livré à l'entrepôt, pour pourvoir au coût de préparation du moulage ou du taillage.

4. Un commerçant de gros vendant ou entreposant des œufs qui ont été mirés par lui-même pourra ajouter au prix coûtant, livré à l'entrepôt, pas plus de trois cents par douzaine, pour couvrir le coût du mirage des œufs, des caisses, des empaquetages et des pertes provenant d'œufs défectueux ; et si un commerçant de gros mire des œufs pour être vendus hors d'entrepôts frigorifiques, il pourra ajouter pas plus de trois pour cent pour couvrir le coût du travail et la perte provenant d'œufs défectueux.

5. Lorsque le produit dont on fait le commerce a été entreposé ou détenu par aucun commerçant de gros pendant une période de plus de trente jours, le coût pour détenir ou pour garder en mains pourra être ajouté au prix coûtant, livré à l'entrepôt, et le coût de tenir en mains pourra comprendre l'entreposage aux taux de tarifs publics, l'assurance aux taux de tarifs de la "Canadian Fire Underwriters," l'intérêt à sept pour cent, et la perte causée par la diminution du poids, s'il en existe une, tel que démontré par le certificat du peseur public.

7. Les augmentations maxima au-dessus du coût pourvu dans cet ordre ne seront pas considérées comme étant justifiables dans des conditions normales de commerce, et les commerçants sont avertis que le fait d'exiger de telles augmentations maxima ne sera pas considéré, dans des conditions ordinaires, comme étant une pratique juste, et elles sont intentionnellement larges, afin de comprendre les conditions où le coût de poursuivre le commerce est au-dessus des conditions normales.

8. Tout le commerce en fait de produits sera destiné à faire circuler les marchandises de la façon la plus directe du producteur au consommateur, et rien contenu dans cet ordre de pourra être interprêté comme étant une autorisation pour aucune personne d'augmenter le nombre de transactions au delà de celles qui sont absolument nécessaires à la distribution économique des produits.

COMMISSION DES VIVRES DU CANADA.

Ordre n° 50.

SUBSTITUTS DU PAIN.

Dans l'exercice des pouvoirs qui lui ont été conférés par un décret de Son Excellence le Gouverneur Général en Conseil, en date du 12ème jour de mars 1918, C.P. 596, et de tous les autres pouvoirs qui lui ont été accordés pour la même fin, la Commission des Vivres du Canada par les présentes ordonne ce qui suit :

1. Dans cet Ordre "Substituts" voudra dire la farine pure et saine de maïs, d'avoine, d'orge, de riz, de seigle, de sarrasin, de tapioca ou de pommes de terre ; le son, la moulée, le gruau d'avoine, l'avoine roulée, le gruau de maïs, le "cornstarch", l'hominy, les recoupes de maïs, le gruau de seigle, le riz, le tapioca ou aucun autre mélange de ceux-ci, et les pommes de terre.

En faisant usage de pommes de terre, quatre livres de celles-ci équivaudront à une livre d'autres substituts.

2. Le et après le 1er juillet 1918 ;

(*a*) Les boulangers, les confiseurs et les établissements où l'on donne à manger en faisant aucun produit de la boulangerie dans lequel le montant de substituts à la farine de blé n'est pas prescrit dans les ordres de la Commission des Vivres du Canada Nos. 34 et 46 devront faire usage d'une livre de substituts pour chaque neuf livres de farine de blé Standard.

(*b*) Chaque personne en Canada, qui cuit pour la consommation privée du pain, des petits pains, (rolls), de la pâtisserie, ou aucun autre produit dans lequel on fait usage de farine blanche ou de farine Standard, devra, en faisant ces produits, employer pas moins d'une livre de substituts pour chaque neuf livres de farine de blé blanche ou Standard.

3. (*a*) Le et après le 15 juillet 1918 :

Les boulangers, les confiseurs et les établissements où l'on donne à manger à l'est de, mais ne comprenant pas Port-Arthur, en faisant aucun produit de la boulangerie dans lequel le montant de substituts à la farine de blé n'est pas prescrit dans les Ordres numéros 34 et 46 de la Commission des Vivres du Canada devront faire usage d'une livre de substituts pour chaque quatre livres de farine de blé Standard.

NOTE.—Les quantités de substituts disponibles à l'ouest de Port-Arthur sont en ce moment trop incertaines pour permettre de fixer une date pour une augmentation égale à celle requise par cet Ordre pour l'est du Canada, mais les boulangers et ceux qui tiennent maison prendront avis que les montants de substituts dans l'ouest du Canada seront augmentés aussitôt que les circonstances le permettront.

(c) Aucun commerçant porteur d'une licence ne devra avoir en sa possession pour vendre aucune farine blanche ou Standard à moins qu'il ait aussi, en tout temps, un stock suffisant de substituts pour faire face aux demandes de ses clients à des prix raisonnables.

(*e*) Chaque boulanger devra, au moment de cuire, placer sur chaque pain une étiquette ou papier gommé, portant son nom et son adresse et les mots "Pain de Victoire."

Les mots "Pain de Victoire" paraissant sur aucun pain devront signifier que le pain est garanti comme contenant le montant prescrit de substituts en farine de blé Standard requis par cet Ordre ou par aucun autre Ordre de la Commission des Vivres du Canada.

4. Aucun porteur de licence faisant usage d'un étiquette ou papier gommé sur du pain qui n'est pas conforme aux exigences de cet Ordre, sera passible d'une suspension ou de la cancellation de sa licence par la Commission des Vivres du Canada.

5. Aucune personne autorisée par la Commission des Vivres du Canada ou par aucun officier fédéral, provincial ou municipal, pourra saisir aucun pain ne portant pas l'étiquette ou papier gommé, tel qu'ici requis, et aucun pain, ainsi saisi, sera par le fait même confisqué en faveur de Sa Majesté, et sera disposé de telle façon que la dite Commission pourra de temps en temps décider.

6. Aucune personne ne devra vendre ou avoir en sa possession aucun pain, petits pains (rolls), pâtisserie, ou aucun autre produit où il est fait usage de farine blanche ou Standard qui ne se conforme pas aux exigences de cet Ordre ou d'aucun autre Ordre de la Commission des Vivres du Canada.

7. (*b*) Lorsque les poursuites dans aucun cas où une amende est imposée d'après l'autorité de ces règlements sont intentées à l'instance d'aucune municipalité, ou par aucun officier d'une municipalité, l'amende sera payée au trésorier de telle municipalité pour être disposée telle que la municipalité jugera à propos de temps en temps. Et lorsque telles poursuites sont intentées à l'instance d'un, ou par un officier provincial, telle amende sera payée au trésorier provincial pour être disposée de telle manière que tel trésorier jugera à propos de temps en temps.

DEMANDES AU PARLEMENT.

SENAT.

SUBSTANCES DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

Telles que revisées et mises en vigueur le 22 mars 1916.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, dans le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée "partie défenderesse".

Si la résidence de la partie défenderesse n'est pas connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est recevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu; les traits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément à l'*Acte de la preuve en Canada, 1893*.

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants:

(*1*) La résidence du étitionnaire à l'époque de la signification.

(*2*) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(*3*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(*4*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa à qui tous avis et pièces puissent être signifiés.

(*5*) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat:

(*a*) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(*b*) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(*c*) Le nom et l'adresse de l'avocat, s'il y en a un agissant pour la partie défenderesse.

(*d*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*6*) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(7) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les services d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

A. E. BLOUNT,
Greffier du Sénat.

Avis de bills privés.

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada,* il doit en être publié un semblable, comme il suit:—

A) Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une *compagnie de chemin de fer ou de canal,* —dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée;

2. Une *compagnie de télégraphe ou de téléphone,* —dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer;

3. Une *compagnie pour la confection de travaux quelconques,* dont la confection ou l'exploitation intéresserait spécialement telle localité particulière; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse;

4. Une *compagnie de banque;* une *compagnie d'assurance;* une *compagnie de crédit;* une *compagnie de prêt;* ou une *compagnie industrielle,* sans pouvoirs exclusifs,—dans la *Gazette du Canada* seulement.

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement mentionnée dans l'avis; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B) Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera de même, *mutatis mutandis,* que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs); d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

C) Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires *marqués* de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots: *"Avis de bill privé"*; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session; aucun rapport d'un comité permanent ou spécial sur un bill n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de la présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de $200, avec les frais d'insertion de l'acte au corps des Statuts; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

A. E. BLOUNT,
Greffier du Sénat.

CHAMBRE DES COMMUNES.

RÈGLES RELATIVES AUX PÉTITIONS ET AUX BILLS PRIVÉS.

88. (1) Les pétitions pour bills privés ne sont reçues par la Chambre que si elles sont présentées pendant les six premières semaines de la session, Mettout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'examinateur ou le comité des ordres permanents auront fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

Instructions aux comités.

97. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommendation que ces bills soient retirés.

Dépôt de bills et honoraires.

89. (1) Toute personne qui voudra obtenir un bill privé sera tenu de déposer entre les mains du greffier de la Chambre, au moins huit jours avant la réunion de la Chambre, un exemplaire de ce bill en anglais ou en français, avec une somme suffisante pour en payer la traduction et l'impression, la traduction en devant être faite par les fonctionnaires de la Chambre, et l'impression par le département des impressions publiques, et si pareil bill n'est pas déposé dans le délai ci-dessus prescrit, le solliciteur devra, en sus des frais d'impression et de traduction, payer la somme de cinq dollars pour chaque jour qui s'écoulera entre le dit huitième jour avant la réunion de la Chambre et la date de la présentation du bill; mais ces taxes additionnelles ne devront pas dépasser en totalité la somme de deux cents dollars.

2. Après la deuxième lecture d'un bill et avant son examen par le comité auquel il a été renvoyé, celui qui en fait la demande doit dans tous les cas verser le prix de l'impression de la loi dans les statuts ainsi qu'un droit de deux cents dollar

3. Les taxes suivantes seront également imposées et payées, en sus de celles qui précèdent, savoir:—

8. Les taxes supplémentaires prescrites en la présente règle s'appliqueront aussi aux bills privés prenant naissance au Sénat, sauf, toutefois, que si une pétition demandant pareil bill privé a été présentée en cette Chambre dans les six premières semaines de la session, la taxe supplémentaire imposée sous l'empire des alinéas *b* ou *c* de l'article 3, ne sera pas exigée.

AVIS DU GOUVERNEMENT.

MINISTÈRE DU SERVICE NAVAL.

RÈGLEMENTS DE PÊCHE PARTICULIERS À LA PROVINCE DU MANITOBA.

Adoptés par le Décret du Conseil en date du 11 juin 1917, tels qu'amendés jusqu'au 30 novembre 1917.

Les règlements de pêche particuliers à la province du Manitoba, adoptés par le décret du conseil du 9 février 1915, ainsi que tous les amendements s'y rapportant, sont par les présentes abrogés et remplacés par les dispositions suivantes:

Les règlements suivants ne s'appliquent pas aux eaux situées dans les limites des réserves forestières, et qui sont du ressort du ministre de l'Intérieur.

1. Excepté en vertu d'une licence ou d'un permis délivré par le ministre du Service Naval, toute personne qui exerce la pêche d'amateur, ne peut le faire qu'au moyen de la ligne à main, et il ne lui est jamais permis de vendre le poisson ainsi capturé ni d'en trafiquer.

L'expression "pêche à la ligne à la main" embrasse dans sa signification la pêche à la ligne traînante et comprend la capture du poisson au moyen d'hameçons et de lignes tenues à la main ou d'hameçons et de lignes attachées à une canne de pêche, cette dernière tenue dans la main, mais ne signifie pas une série de lignes ou des lignes attachées à une embarcation.

2. Il n'est permis d'accorder cette licence qu'aux seules personnes qui sont sujets britanniques et qui habitent la province du Manitoba, ou encore aux seules sociétés canadiennes dont les bureaux-chefs sont situés dans la province.

3. Tous colons établis, y compris les Indiens, ont droit à un permis annuel de pêche les autorisant à faire usage de cent verges au plus de filet à mailler, d'un carrelet ou de cinquante hameçons eschés, au plus, et cela pour leurs usages domestiques seulement car il n'est jamais permis de vendre le poisson ainsi capturé ni d'en trafiquer.

Ces permis sont délivrés gratuitement.

4. Il n'est pas permis de passer à un autre sa licence, excepté par permission spéciale écrite et émanant de l'inspecteur des pêcheries de l'arrondissement.

5. Pour la pêche à bord de remorqueurs, voiliers ou esquifs, les licenciés doivent être les propriétaires du bateau, des filets et autres engins de pêche qu'ils emportent avec eux. En ce qui concerne toutes les autres méthodes de faire la pêche au moyen de filets à mailler ou de carrelets, nulle personne autre que le détenteur d'une telle licence, ne peut exploiter, ni aider à exploiter un filet à mailler ou un carrelet.

6. On est tenu de numéroter lisiblement tous les bateaux, bouées ou filets au moyen d'étiquettes ou autres procédés. Chaque bateau doit porter son numéro peint en noir sur fond blanc sur l'un ou l'autre côté de la proue. Les caractères ne peuvent mesurer moins de six pouces de hauteur et le numéro des bouées doit être fixé de façon à ce qu'on puisse l'apercevoir, sans qu'il y ait besoin de les lever. Quant aux étiquettes numérotées des filets il faut les attacher de façon à ce qu'elles soient visibles, quand lesdits filets sont mis en caisses ou enroulés sur dévidoirs. Les numéros des bateaux, bouées ou filets sont désignés par l'inspecteur des pêcheries de l'arrondissement à l'époque de la délivrance de la licence.

7. Il n'est pas permis de faire la pêche au moyen d'engins, autres que les filets à mailler, les carrelets, les hameçons eschés ou les lignes à main.

8. Les licences commerciales de carrelets n'autorisent l'usage que d'un seul carrelet pour la capture de la carpe ou autres poissons communs non protégés par la saison prohibée. Les droits d'une telle licence sont de deux dollars.

Si la quantité de poisson blanc apprêté ci-haut désignée est prise avant le 15 d'août, l'inspecteur des pêcheries de l'arrondissement doit ordonner que tous les filets pour poisson blanc soient enlevés, et tout filet non retiré à la suite de cette injonction, ou à défaut d'elle, le 15 d'août, est susceptible d'être saisi et confisqué, et les licenciés deviennent par le fait même passibles des pénalités décrétées par la Loi des Pêcheries. LICENCES OU PERMIS AUTORISANT À PRENDRE DIVERSES ESPÈCES DE POISSONS.

(b) Un permis de pêche de l'esturgeon pour des fins domestiques n'autorise pas l'usage de plus de 100 verges de filet à mailler ou de 50 hameçons eschés.

(3) (a) Les mailles d'un filet à mailler pour l'esturgeon, employé pour la pêche dans le lac Winnipeg, Manitoba, ne doivent pas mesurer moins de 12 pouces et les mailles des filets en usage pour la pêche dans les autres eaux des provinces du Manitoba, de la Saskatchewan, de l'Alberta et des territoires situés au nord desdites provinces, ne sauraient comporter moins de 11 pouces au moment de leur emploi.

(5) Il n'est pas permis de conserver des esturgeons non apprêtés pesant moins de 18 livres, et tout esturgeon non apprêté pesant moins de 18 livres doit être relaché immédiatement et si possible, sans blessures dans les eaux où on l'a pêché.

(6) Il est défendu de parquer ou d'enchaîner des esturgeons.

(7) En vertu d'un permis de pêche de l'esturgeon pour des fins domestiques il n'est pas permis de prendre plus de 3 esturgeons par semaine. (8) Nul n'est autorisé à pêcher, capturer, tuer ou vendre de l'esturgeon à partir du 16 octobre jusqu'au 15 juin suivant de chaque année, ces deux jours compris. (D.C. 16 décembre, 1915.)

3. Au cas où on trouverait de la dynamite ou autres explosifs ou qu'on prouverait qu'il y en a ou qu'il y en a eu à bord d'un navire ou d'une barque, le capitaine ou l'armateur deviendraient passibles de l'amende décrétée pour les cas d'infractions du règlement précédent, aussi bien que toute personne qui aurait pu placer ou déposer de la dynamite ou autres explosifs à bord d'un navire ou barque de pêche ou qui en aurait détenu en sa possession.

Ce règlement ne s'adresse pas aux sujets britanniques qui pêchent dans des eaux dont ils sont possesseurs ou dont ils détiennent par bail les droits de pêche riverains, mais dans tous les cas où une personne se réclame de sa nationalité pour être exemptée du permis c'est à elle seule qu'il appartient d'en faire la preuve.

Les droits annuels pour l'obtention d'un semblable permis s'élèvent à cinq dollars.

2. On ne peut délivrer qu'un seul permis par postulant. Ce permis ne saurait être transféré à un autre, et seule la personne dont le nom figure est légalement autorisée à s'en servir. Chaque détenteur d'un permis de pêche à la ligne est tenu de le produire quand un officier de pêche l'exige.

(Il est illicite de détenir du poisson en temps prohibé sans raison légitime.) (*Voir* la Loi des Pêcheries, article 29.)

2. Il est défendu de pêcher, de prendre ou de tuer de l'achigan au moyen de seines ou de tous autres filets dont les mailles ont moins de six pouces.

3. Au cas où on trouverait ou prouverait qu'il y a ou qu'il y a eu de la dynamite ou autres explosifs à bord d'un navire ou d'une barque, le capitaine et le propriétaire ou le patron deviendraient passibles de l'amende édictée contre l'infraction du règlement précédent, aussi bien du reste que toutes autres personnes à qui il serait arrivé de placer ou d'embarquer de la dynamite ou autres explosifs à bord d'un navire ou d'une barque ou d'en avoir eu en leur possession.

2. Toute écluse de quelque nature que ce soit doit être pourvu de portes, placées dans la claie ou endroit le plus profond; ces portes doivent posséder une ouverture d'au moins huit pieds de longueur par quatre pieds de hauteur et être suspendues par le haut au moyen de pentures en fer, et pourvues d'un dispositif fixé à une pièce de bois droite en vue de lever lesdites portes à n'importe quelle heure de la marée. Il faut placer de ces portes telles que ci-haut décrites à tous les cent cinquante pieds d'écluse; mais dans chaque cas elles doivent être disposées comme ci-haut prescrit, c'est-à-dire dans l'endroit le plus profond. On est tenu de les ouvrir à ou avant six heures de chaque samedi soir et de les maintenir dans cette situation jusqu'au lundi matin à six heures.

3. En vue d'empêcher la destruction des jeunes poissons, toute personne possédant ou exploitant une écluse est tenue elle ou ses employés d'y pénétrer en barque lorsque le niveau de l'eau ne mesure pas moins de six pieds à l'endroit le moins profond le long de l'autre aile, pour s'assurer de la taille des poissons capturés et si on constate que ces derniers sont trop jeunes ou trop petits, il faut ouvrir immédiatement les portes pour leur permettre de s'échapper.

4. L'endroit et le numéro de toutes écluses exploitées sur les bancs de pêche publics dans le comté d'Annapolis sont assignés par le garde-pêche local après l'approbation de l'inspecteur des pêcheries.

5. Toutes pêcheries où l'on capture le hareng dans les filets doivent mesurer un front de cent verges, et être placées à angle droit avec le rivage, en autant que la chose est possible. Il faut décrire et numéroter toutes ces pêcheries et il n'est permis à personne de tendre des filets en face d'aucun de ces postes détenus ou occupés par une autre personne, ni de lui nuire en rien dans l'exploitation de sa pêcherie.

6. Chaque bouée de pêche doit porter le nom et le numéro de la pêcherie du détenteur, soit en lettres rouges, soit marqués au fer rouge et on est tenu d'attacher à tout filet de pêche une plaque sur laquelle sont inscrits le nom du propriétaire et le numéro du filet, comme désigné plus haut.

7. Il n'est jamais permis de mouiller des casiers à homard de façon à nuire aux filets à hareng et jamais on ne saurait tendre de ces engins en deçà de soixante verges d'un filet à hareng et même plus loin encore si le garde-pêche juge la chose nécessaire.

8. Il est défendu de faire usage de carrelets pour capturer n'importe quelle espèce de poissons dans la rivière Round-Hill, comté d'Annapolis, Nouvelle-Ecosse.

9. (*a*) Il n'est pas permis de pêcher au filet dans la rivière Nictaux, ni dans cette partie de la rivière Annapolis qui y fait face, non plus qu'en deçà de deux cents verges de l'une ou l'autre rive de l'embouchure de la rivière Nictaux.

Sauf toutes dispoositions contraires il n'est permis de pêcher au filet le saumon et l'alose dans la rivière Annapolis que le lundi et le mardi de chaque semaine au cours de la saison de pêche. (D.C. 28 avril 1917.)

(*b*) L'usage des filets pour saumon doit être limité aux eaux de marée.

(*c*) Il n'est pas permis de tendre des filets pour alose après le 1er juin de chaque année. (Il est illicite de détenir du poisson en temps prohibé sans raison légitime.) (Voir la Loi des Pêcheries, article 29.)

(*d*) Les mailles des filets dérivants pour esturgeon doivent mesurer 11 pouces, et on ne doit rien faire pour en diminuer les dimensions.

(*e*) Il est permis de pêcher l'esturgeon au filet dérivant dans la rivière Annapolis.

(*f*) Les mailles des filets dérivants pour l'esturgeon doivent mesurer onze pouces et on ne doit rien faire pour en diminuer les dimensions.

(*g*) Il n'est pas permis de pêcher, de capturer ou de tuer l'esturgeon pendant le mois de juin de chaque année. (Il est illicite de détenir du poisson en temps prohibé sans raison légitime.) (Voir la Loi des Pêcheries, article 29.)

(*h*) Tout officier de pêche dûment autorisé peut empêcher la pêche de l'esturgeon au moyen du filet dérivant, s'il obtient la preuve qu'on prend ou capture du saumon ou de l'alose dans les filets dérivants employés à la capture de l'esturgeon. (D. C. 17 avril 1915.)

ARTICLE 21.—COMTÉ D'ANTIGONISH.

1. Il est défendu de faire usage de seines dans le but de capturer du hareng dans les eaux du Havre-aux-Bouches ou en deçà d'un mille et demi de tout endroit et dans toutes directions, à partir d'une ligne imaginaire traversant l'entrée dudit havre; il appartient à l'inspecteur des pêcheries qui surveille cette partie de la province de la Nouvelle-Ecosse de déterminer les points entre lesquels il est nécessaire de tirer cette ligne.

ARTICLE 22.—COMTÉ DE COLCHESTER.

1. Pour des fins de pêche, les rivières et cours d'eau de l'arrondissement sud de Colchester se délimitent comme suit:—

(*a*) Rivière Shubénacadie.—A partir de la ligne de démarcation du comté d'Halifax jusqu'à l'endroit où la rivière se déverse dans la baie de Fundy.

(*b*) Rivière Stewiacke.—A partir de sa source jusqu'à son confluent avec la rivière Shubénacadie.

(*c*) Crique Verte.—A partir de la source du cours d'eau de ce nom, y compris les lacs, jusqu'à son confluent avec la rivière Shubénacadie.

(*d*) Rivière-aux-Saumons et Rivière-du-Nord.—A partir de leur source respective jusqu'au pont traversant la baie de Fundy et connu sous le nom de "Pont Board Landing".

2. Il n'est pas permis de capturer du gaspareau dans aucun des cours d'eau de ce comté après le 1er juin.

3. Le propriétaire d'un filet est tenu d'attacher à son filet une plaque ou une étiquette portant son nom écrit au long.

4. Il n'est pas permis de tendre aucun filet en deçà de cent verges du débouché d'un lac.

ARTICLE 23.—COMTÉ DE CUMBERLAND.

1. La ligne de laisse de basse mer ou ligne de démarcation entre l'eau douce et l'eau salée est située, pour des fins de pêche, au pied des chutes Hannan, dans la rivière Philip.

2. Il n'est pas permis de construire des écluses, dans le but de prendre du poisson, dans aucune des rivières de ce comté ni en deça d'un demi-mille de leur embouchure.

3. Les filets à alose ne doivent pas mesurer (excepté à Port-Laurence) plus de douze brasses de longueur et les mailles de ces filets ne peuvent jamais avoir moins de quatre pouces et demi.

4. Après le 31 août, il n'est jamais permis de pêcher l'alose dans aucune des rivières ou baies de ce comté.

5. Chaque famille ou chef de famille jouit du droit de tendre cinquante brasses de filet, mais jamais plus, par rang de filets.

6. On est tenu de tendre les filets par rang, à partir du rivage jusqu'au bord du chenal ou de la baie et il n'est jamais permis dans les eaux de marées de placer deux rangs de filets à cinq cents verges en deça l'un de l'autre.

7. Le garde-pêche est autorisé à opérer le tracé d'autant de rangs de filets qu'il le jugera nécessaire pour l'avantage des habitants; chaque particulier a droit à vingt-cinq brasses par rang, mais pas davantage, et chaque poste dans un rang est assigné par tirage au sort.

8. Le garde-pêche est tenu de donner par affichage dans trois des endroits les plus fréquentés par le public, six jours d'avis pour connaître la date et l'endroit où auront lieu le tracé et le tirage au sort.

9. Il est défendu de faire usage de seines pour la pêche du gaspareau.

10. Il n'est pas permis de tendre des filets en vue de capturer du gaspareau en deça d'un quart de mille de la digue du moulin appartenant à MM. Rindress et Seaman, sur la rivière Wallace.

ARTICLE 24.—COMTÉ DE DIGBY.

1. Toute pêcherie où l'on pêche le hareng au moyen de filets doit offrir un front de cent verges, et être divisée par une série de lignes tirées à angle droit avec le rivage en autant que possible. Toutes ces pêcheries doivent être décrites et numérotées et nul ne peut tendre de filets en face d'une pêcherie déjà occupée, y commettre d'empiètement, ni nuire à son exploitation.

2. Sur chaque bouée de pêche doivent figurer le nom du propriétaire et le numéro de sa pêcherie écrits en lettres rouges ou marqués au fer rouge; on est obligé d'attacher à chaque filet une plaque ou une étiquette indiquant le nom et le numéro comme ci-haut indiqué.

3. Toute écluse, de quelque nature que ce soit, doit être pourvue de portes placées dans la claie ou endroit le plus profond; ces portes doivent posséder une ouverture d'au moins huit pieds de longueur par quatre pieds de hauteur, et être suspendues par le haut au moyen de pentures en fer et aussi être pourvues d'un dispositif fixé à une pièce de bois droite, en vue de les lever à n'importe quelle heure de la marée. Il faut placer de ces portes, telles que décrites ici, à tous les cent cinquante pieds d'écluse; mais dans chaque cas il faut les disposer comme ci-haut indiqué, c'est-à-dire dans l'endroit le plus profond. On est tenu de les ouvrir à ou avant six heures de chaque samedi soir, et de les maintenir dans cette situation jusqu'au lundi matin à six heures.

4. En vue d'empêcher la destruction des jeunes poissons, toute personne possédant ou exploitant une écluse est tenue, elle ou ses employés d'y pénétrer en barque au mi-jusant en vue de s'assurer de la taille des poissons capturés, et si on constate que ces derniers sont trop jeunes ou trop petits, il faut ouvrir immédiatement les portes pour leur permettre de s'échapper.

5. Il n'est pas permis d'ériger des écluses en deça de cent verges de l'endroit où il y en a déjà une en explotation, et il est interdit d'en construire une en face d'une autre ni nuire en rien à son exploitation.

6. C'est aux officiers de pêche qu'il appartient d'assigner l'endroit et le numéro de toutes les écluses ou de toutes les pêcheries appartenant au domaine public dans le comté de Digby, après l'approbation de l'inspecteur des pêcheries.

7. Nul n'est autorisé à mouiller, placer ou tendre des nasses, des filets ou autres engins si ce n'est des nasses à anguille et des filets à éperlan dans aucune des rivières du comté de Digby fréquentées par le saumon, ni à aucun endroit en deça d'un quart

de mille de l'embouchure de ces cours d'eau; toutefois, il est permis de tendre des filets à gaspareau à l'époque où le gaspareau remonte le courant dans cette partie de la Rivière-au-Saumon, située en aval de la propriété que possède actuellement M. Henry Melançon, mais on est tenu d'enlever ces filets dès après la montée du gaspareau. Le garde-pêche local a le pouvoir de fixer lui-même la fermeture de la pêche du gaspareau et sa décision est sans recours. A cet effet, il a l'obligation de donner, par écrit, un avis destiné à être affiché dans le bureau de poste local, et tout filet laissé dans la rivière vingt-quatre heures après l'affichage dudit avis doit être jugé tendu illicitement. (D.C. 19 juin 1915).

8. Nul ne peut placer une nasse à anguille en deça d'un quart de mille d'une autre nasse.

9. Du 1er juillet au 10 novembre, il n'est pas permis, dans le but de capturer du jeune gaspareau, de placer, face au courant, aucun conduit, coffre à anguilles, goulets ou autres accessoires d'une nasse à anguille dans aucune des rivières ou de leurs affluents.

10. On peut accorder aux propriétaires de terrains, situés le long d'une chute dans les rivières du comté de Digby, un emplacement pour capturer le poisson au carrelet, emplacement que lesdits propriétaires sont autorisés à choisir et désigner eux-mêmes au garde-pêche qui a le devoir d'examiner leur réclamation, de fixer l'emplacement auquel ils ont droit, et qu'ils détiendront dans l'avenir à titre de privilège de pêche.

11. Chaque fois que la largeur d'une chute excède vingt pieds, toute personne, sauf le détenteur d'un poste de pêche, peut y mouiller une embarcation dans le but de prendre du poisson au carrelet, pourvu qu'il ne porte en aucune façon atteinte aux privilèges spéciaux des détenteurs de postes de pêche; et toute embarcation ainsi mouillée doit, après avoir opéré son chargement de poisson, faire place à d'autres embarcations, en s'éloignant des lieux lorsqu'on lui en manifeste le désir; pour empêcher qu'on n'enfreigne cette clause, il n'est jamais permis de saler du poisson à bord d'aucune de ces embarcations ni d'en transborder d'un bateau à l'autre. Quand la rivière mesure moins de vingt pieds de largeur, il n'est permis à aucun bateau ou embarcation d'exercer le privilège de pêche ci-haut décrit dans une rivière deux fois de suite ou plus, avant que chaque personne désireuse d'en bénéficier ne l'ait fait à son tour.

ARTICLE 25.—COMTÉ DE GUYSBOROUGH.

1. Aucun corps mort, piquet, pieux ou autres amarres ne peuvent rester dans un poste de pêche pendant plus de quarante-huit heures à moins que leurs détenteurs ne les laissent à l'eau pendant au moins huit heures au cours de ces quarante-huit heures, et cela pendant tout le temps de l'occupation de la pêcherie, pourvu que le mauvais temps ou autres causes inévitables ne surviennent pour les empêcher d'en agir ainsi.

2. Nul n'est autorisé à occuper plus d'un poste de pêche à la fois dans le but de prendre du poisson dans aucune des rivières, si d'autres personnes sont, par le fait même, privées de l'exploitation d'une station et qu'elles manifestent le désir d'en obtenir une.

3. Nul n'a le droit de mouiller des corps morts ni de tendre des filets sur aucun des fonds de pêche à la seine s'il s'y trouve des seines prêtes à être utilisées pour la capture du poisson. On ne peut non plus ancrer, ni mouiller en deçà de cent brasses du rivage à la laisse de basse mer aucun navire, barque ou autres amarres coulés à fond, ou flottantes.

4. Les armateurs ou les capitaines sont tenus d'enlever immédiatement tous corps morts, filets, navires, barques ou autre matériel ainsi placés, tendus, ancrés ou mouillés dès que le propriétaire de la seine en fait la demande ou dès que l'officier de pêche le leur enjoint, à moins d'en être empêché par le mauvais temps ou autres causes inévitables. Dans le cas où l'enlèvement serait praticable et où lesdits armateurs et propriétaires négligeraient d'enlever le matériel ci-haut désigné, il sera permis à l'officier de pêche ou au propriétaire de la seine prête à être utilisée pour prendre du poisson, d'accomplir eux-mêmes ce travail dont le coût en plus des peines et autres frais s'y rattachant, doivent être défrayés par ceux qui ont placé, tendu, ancré ou mouillé ce matériel; de même on a le devoir de conserver ce matériel jusqu'à l'acquittement de toutes les amendes peines ou autres frais.

5. Il n'est jamais permis de placer en deçà de soixante-dix brasses l'un de l'autre des corps morts destinés à retenir les filets, (excepté pour la pêche du saumon) à moins que les filets ne soient amarrés à chaque extrémité; dans ce cas, il faut que la distance entre les corps morts ne dépasse pas soixante brasses; tout corps mort doit pouvoir retenir une tessure de deux filets par temps ordinaire et toute bouée doit porter le nom de son posssesseur.

6. Il n'est pas permis de fixer à un corps mort plus de deux filets (excepté pour la pêche du saumon) et leur longueur respective ne saurait excéder vingt brasses; il est interdit de tendre deux filets au-dessus l'un de l'autre, l'un sous le niveau de l'eau et l'autre flottant, et aucun filet ne peut excéder en profondeur celle d'un filet ordinaire à maquereau.

7. Lorsque les filets sont mouillés ou sont sous la surface de l'eau, on est tenu d'en indiquer la position au moyen d'au moins trois bouées flottantes attachées l'une à l'autre avec le nom du propriétaire lisiblement écrit sur chacune d'elles.

8. A moins d'en être empêché par quelque cause inévitable, il n'est pas permis de laisser des filets (à l'exception des filets à saumon) tendus dans les limites d'un port ou en deçà d'un demi-mille de l'entrée d'un port, ni sur aucun fond de pêche à la seine prête à être utilisée pour la capture du poisson, du soleil levant à une heure avant le coucher du soleil.

9. Il n'est pas permis de tendre ni de laisser en exploitation des seines, des parcs, des filets à poche et des filets à enclos ou autres engins de pêche placés de façon à empêcher le poisson de se rendre sur un fond de pêche à la seine situé dans les limites dudit comté où il se trouve une seine prête à être utilisée pour la capture du poisson.

10. Nul ne peut pêcher à la seine, au filet ou au moyen d'autres engins dans l'entrée d'un lac d'eau douce ou dans l'embouchure d'un cours d'eau, non plus qu'en deçà d'un demi mille au large de l'entrée d'un lac ou de l'embouchure d'un cours d'eau de l'un ou de l'autre côté du rivage.

ARTICLE 26.—COMTÉ D'HALIFAX.

1. Il n'est pas permis de tendre des filets ou d'employer d'autres procédés de pêche dans les limites suivantes de certaines étendues de rivières:—

(*k*) Rivière Lawrencetown.—En deçà de 250 verges de l'un ou l'autre côté de la digue.

(*l*) Digue et rivière Cole-Harbour.—Nul ne peut tendre des filets ou faire usage d'aucun autre procédé de pêche en deçà de la ligne Cole-Harbour ou de l'embouchure de la rivière Cole-Harbour non plus qu'à 250 verges de ces deux endroits. Toutefois, il est permis de mouiller des filets à gaspareau du 15 au 31 mai, ces deux jours compris, chaque année.

(*m*) Cow-Bay-Run.—En deçà de 250 verges de l'un ou de l'autre côté.

(*o*) Rivière Neuf-Milles.—Au nord d'un point situé à 250 verges en aval du pont de la grande route près de l'embouchure de la rivière. Toutefois on peut permettre l'usage des filets à mailler, seulement, pour la pêche du gaspareau en deçà d'un demi-mille au nord du pont de la grande route, à partir du 10 jusqu'au 25 mai de chaque année, ces deux jours compris.

(*p*) Rivière Prospect-Bay.—En deça de 250 verges du quai appelé quai White.

3. Il n'est pas permis de prendre du poisson dans les écluses du canal Shubénacadie, non plus qu'en deçà de 60 verges de ces écluses.

4. Ci-après figurent les règlements de pêche relatifs à Ketch-Harbour:—

(*a*) Dans les eaux côtières du comté d'Halifax, province de la Nouvelle-Ecosse, entre la pointe Morris à l'ouest, et un demi-mille au nord de Chebouctou-Head à l'est, il n'est pas permis, à partir du 1er juin jusqu'au 30 novembre de chaque année, ces deux jours compris, d'amarrer ni d'ancrer des filets en deçà de 60 brasses du rivage, exception faite toutefois pour les dragues.

(*b*) Nul ne peut pêcher ni se préparer à pêcher à la seine dans l'espace s'étendant entre deux seines situées à moins de 150 verges l'une de l'autre après le lancement et le retrait de ces deux engins.

(*c*) Il n'est pas permis de tendre ni de se servir de filets ou autres procédés de pêche dans Ketch-Harbour, comté d'Halifax, entre le quai de Frank Martin et l'embouchure du ruisseau de Ketch-Harbour, non plus que dans le ruisseau lui-même.

Toutefois dans l'espace compris entre une ligne imaginaire s'étendant à 100 verges de l'embouchure du ruisseau de Ketch-Harbour et du quai de Frank Martin, il est permis de tendre des filets parallèlement au courant, mais jamais par le travers du courant; dans le ruisseau de Ketch-Harbour il est permis de pêcher le gaspareau au carelet le lundi, le mercredi et le jeudi de chaque semaine.

5.—RÈGLEMENT CONCERNANT LA PÊCHE À LA SEINE DANS LES PÊCHERIES DU COMTÉ D'HALIFAX.

1. (*a*) Du 1er mai au 15 novembre de chaque année, ces deux jours compris, il n'est pas permis de tendre ni d'amarrer d'autres filets de pêche que des seines dans les limites d'une pêcherie à la seine, excepté pendant la nuit entre le coucher et le lever du soleil, et même alors jamais en avant d'une seine déjà exploitée en vertu d'une licence.

Toutefois, s'il ne se prend pas de maquereau dans les limites d'une pêcherie à la seine ou dans la région de pêche avoisinante, le garde-pêche local est autorisé à accorder un permis renouvelable de jour en jour donnant l'autorisation de tendre des filets dans les limites d'une pêcherie à la seine; il est dûment revêtu du pouvoir d'annuler ce permis en affichant dans trois endroits différents un avis public à cet effet, dès que le maquereau apparaît sur la côte, et de faire enlever les filets déjà tendus deux heures après la publication dudit avis, et cela aux frais des propriétaires des filets.

(*b*) En vertu de ce permis, toute personne a le droit de tendre des filets dans ladite pêcherie à la seine, qu'il soit détenteur d'une licence pour seine ou non.

(*c*) Nul ne peut conduire une barque à voiles ou à rames au travers ou au-dessus d'une seine tendue dans les limites d'un poste de pêche; il est de même défendu de troubler l'eau dans les limites d'une station de façon à effrayer le poisson.

LICENCES.

(*d*) Dans toutes les pêcheries à la seine, nul ne peut pêcher à la seine, si ce n'est en vertu d'une licence spéciale émanant du ministère du Service Naval et dont les droits s'élèvent à 50 sous.

(*e*) On peut délivrer au propriétaire d'une seine d'une longueur non inférieure à quatre-vingts brasses et d'une profondeur de huit brasses dans la poche à mailles et de cinq brasses dans les ralingues, pourvu que ledit propriétaire soit en possession d'un bateau monté par un équipage assez nombreux pour le manœuvrer, et pourvu aussi que le propriétaire réside dans les limites de l'arrondissement de pêche à la seine, qu'il en fasse son poste permanent de pêche et qu'il y ait construit des poissonneries et des hangars aménagés pour nettoyer et préparer le poisson capturé en vertu de sa licence.

(*f*) Le détenteur d'une licence a le droit de pêcher à la seine dans les limites du poste qui lui est assigné en vertu de son permis jusqu'à ce qu'il ait pris vingt barils de maquereau, après quoi sa licence expire; mais cette sorte de pêche ne saurait se pratiquer que durant les deux saisons ci-après désignées; du 1er mai au 15 juillet, ces deux jours compris, ou du 16 juillet au 15 novembre, ces deux jours compris.

(*g*) On doit numéroter les licences, et le détenteur de la licence n° 1 aura le droit au premier privilège de pêche dans les limites du poste désigné sur sa licence.

(*h*) Le détenteur de la licence dont le numéro suit immédiatement a droit de jeter sa seine à la courbe de la seine exploitée par le détenteur de la licence dont le numéro précède le sien immédiatement, et il bénéficie aussi de l'avantage de pêcher dans la pêcherie quand la licence précédente devient expirée.

(*i*) Une heure après le lever du soleil, en l'absence inexcusable du détenteur de la licence jouissant du droit de priorité de lancer une seine dans une station, le licencié suivant est autorisé à mouiller sa seine dans la pêcherie et a droit à la possession de tout le poisson qu'il capture par ce coup de seine.

(*j*) On a le devoir de considérer comme raison légitime le fait pour un licencié de s'absenter pour les funérailles d'un parent ou d'un ami, ou de se livrer au séchage de sa seine.

(*k*) Une heure après le lever du soleil, en l'absence du détenteur d'une pêcherie, tout propriétaire de seine est autorisé à mouiller sa seine; le pêcheur qui le premier aura jeté l'ancre et attaché sa seine à un pieu et possédant un équipage assez nombreux pour la manœuvrer, a droit de priorité dans le poste, et le deuxième qui jette l'ancre et attache sa seine à un pieu bénéficie du privilège de jeter sa seine à la courbe de la première seine.

(*l*) Tout poisson capturé par une personne, ou dans les limites d'une pêcherie ou entre des pêcheries, autre que le détenteur licencié au moment ou celui-ci occupe son poste, devient la propriété de ce dernier.

(*m*) On délivre aux personnes qui y ont droit, dans l'ordre déterminé, des licences pour l'exploitation des pêcheries désignées à une assemblée des propriétaires de seines

que le garde-pêche local a le devoir de convoquer à cette fin durant la première semaine de mai et la première semaine de juillet de chaque année, après qu'avis en a été donné par cet officier.

(*n*) Le porteur d'un permis sur le point d'expirer a droit à tout le poisson capturé dans le dernier coup de seine, même si les quantités prises excèdent celles autorisées dans son permis.

Ci-après nous donnons la nomenclature des arrondissements délimités pour la pêche à la seine:

6. On autorise toute personne faisant la pêche commerciale de la morue de tendre durant la semaine un filet pour prendre de la boitte, à l'exception du samedi soir; toutefois, l'inspecteur des pêcheries a le pouvoir de délivrer un permis pour prendre de la boitte le dimanche au soir, à condition que ledit permis soit contresigné par le garde-pêche, et que le permissionnaire ait au préalable prêté serment qu'il lui faut absolument de la boitte pour la pêche du lundi.

10. On peut permettre aux Indiens de pêcher au carrelet dans leurs canots, à condition qu'ils observent les règlements ci-haut désignés, et à cet effet, le grand rocher situé aux chutes Bear, dans la rivière Port-Medway, est par les présentes réservé à l'usage exclusif des Indiens en vue de leur permettre de pêcher chaque jour où on est autorisé à prendre du poisson.

11. Il faut enlever tous pieux, corps morts ou ancres servant à la pêche du saumon ou du gaspareau, immédiatement après la fermeture de la saison de pêche, le 15 août, et il n'est jamais permis de les mouiller de nouveau avant le 1er de mars suivant.

12. Il n'est pas permis de laisser tendus des filets ou autres procédés pour prendre du poisson, en deça de cent verges d'un poste ou d'un lieu de pêche après l'époque spécifiée par la loi pour la capture du poisson.

18. Les propriétaires de terrains, situés le long des chutes du comté de Shelburne, peuvent recevoir l'autorisation d'exploiter un poste pour la pêche du gaspareau au carrelet. Ils jouissent de la facultée de choisir eux-mêmes l'emplacement et de le désigner au garde-pêche qui a le pouvoir de leur assigner le poste auquel ils ont droit et qu'ils détiennent par après à titre de privilège de pêche; il convient de faire observer cependant que ces emplacements doivent être situés en face de leur terrain respectif.

19. Lorsque la largeur d'une chute excède vingt pieds, toute personne, à l'exception du détenteur d'un poste, peut amarrer un chaland, une barque ou une chaloupe à un certain endroit de ces chutes dans le but de pêcher le poisson au carrelet, pourvu toutefois qu'elle ne nuise en rien aux privilèges spéciaux dont bénéficient les détenteurs d'emplacements, et chaque chaland, barque ou chaloupe ainsi amarrés, doit après avoir opéré son chargement de poisson, faire place à d'autres, en se retirant des lieux si une autre personne en exprime le désir; il n'est jamais permis de saler du poisson

Cet emplacement est choisi par les propriétaires eux-mêmes qui le désignent au garde-pêche. Ce dernier a le devoir d'examiner leurs réclamations, de leur indiquer l'emplacement auxquels ils ont droit et qu'ils détiennent par la suite à titre de privilège de pêche; ces postes devront être situés en face de leurs terrains.

3. Toute personne possédant un privilège de pêche dans une chute devra, après avoir opéré un chargement de poisson, faire place à une autre personne, si cette dernière l'exige, et elle ne saurait se prévaloir de nouveau de cet avantage aussi longtemps que n'en auront pas joui à leur tour les autres personnes qui en expriment le désir.

Nul ne saurait tendre de filets dans le Lac-aux Canards ou dans le ruisseau situé près de chez Paul Doucette, et toutes digues de moulin construites dans ce ruisseau ou lac doivent demeurer ouvertes du 1er avril au

WAR OFFICE,
22nd June, 1918.

HIS MAJESTY the KING has been graciously pleased to approve of the following Awards to the undermentioned Officers and Warrant Officers, in recognition of their gallantry and devotion to duty in the Field :—

Awarded a Bar to the Distinguished Service Order.

CANADIAN FORCE.

Lt.-Col. Donald John MacDonald, D.S.O., M.C., Cav.

For conspicuous gallantry and devotion to duty. In the attack launched by a cavalry brigade he led the reserve squadron of the regiment to the attack. Though suffering acute pain from a wound in the ankle, he continued to direct operations and led his men forward until the position was finally secured. But for his outstanding courage, skill and dash the position could not have been held.

(D.S.O. gazetted 1st January, 1918, see *Canada Gazette*, 26th January, 1918.)

Awarded the Distinguished Service Order.

CANADIAN FORCE.

Major Maurice Augustus Burbank, Rly. Troops.

For conspicuous gallantry and devotion to duty. During an enemy advance he superintended the construction of light railway bridges. He completed two bridges in the course of ten hours under heavy enemy shelling and bombing and in the face of great difficulties, and superintended the withdrawal of a large quantity of light railway material and rolling stock across a river from the battle area. He showed magnificent courage, skill and resource in a most difficult situation.

Maj. Leslie Clare Moyer, Rly. Troops.

For conspicuous gallantry and devotion to duty. He showed great skill and judgment in handling his company at their work under intense shell fire during an engagement. During later operations he kept his lines open for traffic throughout under very heavy fire until ordered to withdraw, and then succeeded in bringing back all his light railway rolling-stock and stores. His splendid example of courage was an inspiration to his men.

Lt.-Col. Herbert Irving Stevenson, Cav.

For conspicuous gallantry and devotion to duty. When our line was temporarily pierced, he led a charge with great skill and dash, by which the enemy were driven back and a new line established. He succeeded in establishing communication with the troops on his right flank, and though heavily outnumbered maintained this line until relieved by fresh infantry units. His prompt action and cool leadership were the means of allowing two battalions of infantry, who were in danger of being cut off, to withdraw safely to our line.

Award a Bar to the Military Cross.

CANADIAN FORCE.

Lt. Henry Vernon, Le Mesurier, M.C., Dgns.

For conspicuous gallantry and devotion to duty. When his troop was ordered to reconoitre the position of a machine gun, in order that the remainder of the squadron could reach its objective, finding two guns in the position, he immediately commenced to surround them and continued to engage them until every man in his troop had become a casualty. Having obtained reinforcements, he still continued to attack the enemy, until he himself was wounded. His gallant conduct and dogged perseverance in carrying on with his task enabled his squadron to reach its objective.

(M.C. gazetted 26th March, 1918. See *Canada Gazette*, 11th May, 1918).

Lt. Frederick Robert McCall, M.C., Infy., R.F.C.

For conspicuous gallantry and devotion to duty. Whilst engaged on photographic work, he observed a hostile scout, on which he dived and fired a burst from his machine-gun. The enemy machine went down in a steep dive out of control. On a later occasion he engaged two hostile two-seater planes, which immediately turned East. Though a steady rate of fire was kept up against him, he continued the attack, during which the observer of one of the hostile machines collapsed in the cockpit, other observers reporting that this machine crashed to earth in the enemy lines. He has always displayed the greatest gallantry and determination in carrying out his work, and has set a very high example to his squadron.

(M. C. gazetted 4th March, 1918. See *Canada Gazette* 6th April, 1918.)

Awarded the Military Cross.

CANADIAN FORCE.

Lt. Albert Guido Bonn, Ry. Troops.

For conspicuous gallantry and devotion to duty. When the enemy had penetrated our line, he rallied his men and led them forward again to the original line, which, despite the intense shell and machine-gun fire, the company maintained, although both its flanks were exposed. When the order to withdraw had been given, he assisted in carrying away a wounded N.C.O. under extremely heavy fire. His marked courage and gallantry, and his untiring devotion to duty contributed greatly in holding up the enemy's advance.

Lt. Hugh Eric Esme Cochran, R. Can. Dns.

For conspicuous gallantry and devotion to duty. Despite heavy casualties to his troop, he led it with great dash and daring in the attack, accounting for five of the enemy himself and securing a position on the far side of the wood. In the attack two days later he again led the survivors of his troop, capturing prisoners and machine guns. On both occasions he showed exceptional courage and an utter disregard of danger, which greatly contributed to the success of the operations.

Lt. (A./Capt.) Frank Stanley Filmer, Fld. Arty.

For conspicuous gallantry and devotion to duty as forward observation officer during a raid on the enemy's lines. He went forward with the raiding party and entered the enemy's lines. Though his signalling lamp was several times put out of action by shell fire, he succeeded in establishing prompt communication with artillery brigade head-quarters. He showed great coolness and disregard of danger.

Capt. John Elsworth Finlay, Rly. Troops.

For conspicuous gallantry and devotion to duty. He organized and carried out an urgent piece of work under most difficult conditions, working for two days and nights without rest until it was completed. On the following morning, when the enemy were advancing, he showed great coolness in evacuating all his men under heavy shell fire.

T./Lt. Charles Henry Fitzroy, Infy., Alberta R.

For conspicuous gallantry and devotion to duty. With three men he entered an enemy sap in daylight, killed two of the enemy, and destroyed the post. Later also in daylight, he led another patrol to the same spot bombed four of the enemy who had been observed there, and put them all out of action. He showed splendid courage and initiative.

Capt. Robert Douglas Galbraith, Rly. Troops.

For conspicuous gallantry and devotion to duty. Finding that the troops of other units on his right flank had withdrawn, he brought his company out in good order to a support trench 50 yards in rear. Going forward himself with a machine gun to his old position, he inflicted very heavy casualties on the enemy. Having expended all the available ammunition, he withdrew his men again to a comparatively sheltered position, where he reorganized and reinforced his company with men of other units. He then led his company forward to his first position, and maintained it until relieved. His personal example, great courage, and devotion to duty had a most inspiring effect on all ranks.

Lt. Percy Harold Gardner, Infy., Eastern Ontario R.

For conspicuous gallantry and devotion to duty. In the course of five days the enemy made three attempts to raid his company's front, but on no occasion did any of the enemy succeed in entering the front line. This was largely due to his skilful dispositions and organization and to the splendid example of courage and devotion to duty which was an inspiration to his men.

Lt. Arthur Edward Gillis, Mtd. Rif., Quebec R.

For conspicuous gallantry and devotion to duty. He made several reconnaissances in preparation for a raid, and obtained valuable information. During the raid he led his men with great dash and coolness into the enemy's trenches in spite of strong resistance, and inspired them with confidence by his splendid example throughout. He contributed materially towards the success of the enterprise.

Lt. John Edward Hanning, Engrs. and R.F.C.

For conspicuous gallantry and devotion to duty. When as observer on patrol he was endeavouring to shoot down a hostile balloon, he was at once attacked by a hostile scout. Although his machine gun was on two occasions put out of action, and though he himself was wounded in the leg, he succeeded in firing a long burst into the enemy machine, the pilot of which collapsed in his seat, his machine spinning to the ground. The controls of his own machine were so badly damaged that his pilot could not fly it. He therefore fitted a dual control, and succeeded in bringing the machine back to our lines and landing it safely. His great courage, skill, and determination undoubtedly saved his pilot's life.

Lt. Donald Frederick Hardwick, Cav.

For conspicuous gallantry and devotion to duty. In the attack he led the advance squadron of his regiment, and although seriously wounded, he, by his personal courage and disregard of danger, ensured the continuance of the advance, in which many prisoners and three machine guns were captured. His gallantry and fearlessness contributed in a special degree to the success of the operation.

Lt. Frederick Maurice Watson Harvey, V.C., Cav.

For conspicuous gallantry and devotion to duty. In the attack, by his fearless leading he overcame the resistance of the enemy, although the latter were in greatly superior numbers. He engaged many of the enemy single-handed, and, although wounded and suffering from a considerable loss of blood, continued to fight his way forward until he effected a junction with another mounted party, thus contributing in a great degree to the success of the attack. He commanded his men with magnificent gallantry, skill, and determination.

Lt. (A./Capt.) Roger Graham Hutchison, Cav.

For conspicuous gallantry and devotion to duty. When in command of the first wave of the attack, he showed great courage and dash in the handling of his party, and pushed his men on in advance of another brigade party, thus enabling many prisoners to be captured and saving many casualties which would otherwise have been incurred. Later, he organized

the defences of the left portion of the wood under heavy shell fire, and successfully repulsed several hostile counter-attacks. He showed a splendid example to all under him.

Lt. Archibald Weston Ilott, Rly. Trps.

For conspicuous gallantry and devotion to duty. During an enemy attack, he was detailed with a small party to keep forward light railways open for traffic. He kept the lines in operation under heavy shell fire until he was almost surrounded, and then skilfully withdrew his men without casualties. By his coolness and determination he saved a large quantity of ammunition and valuable material.

Lt. Amilius I. Jarvis, R. Can. Dns.

For conspicuous gallantry and devotion to duty. In the attack, volunteering to organize and maintain communication between the attacking troops and the quarry on the northern side of the wood, he personally ran out a wire, despite the intense machine gun and rifle fire, and acted as telephone operator, thus enabling covering machine gun fire to be accurately maintained. His skilful and most fearless action contributed in a marked degree to the success of the attack.

Lt. Herbert Rae Kincaid, Infy. and R.F.C.

For conspicuous gallantry and devotion to duty. On one occasion he succeeded in completing a very long distance reconnaissance over the enemy's lines under the most difficult conditions, and returned with information of the greatest value. He has performed most efficient work on photographic reconnaissances during the recent operations, the work being carried out on several occasions at very low altitudes.

Lt. Richard Burkett Mills, Cav.

For conspicuous gallantry and devotion to duty. He penetrated through the enemy's advanced lines with the utmost skill and fearlessness, and advanced to their main position, sending back information of the greatest value. During the withdrawal three days later he showed great courage and ability in holding together the left flank and withdrawing his men in safety, though the enemy had already penetrated some distance in rear of this flank.

Lt. John Edwardes Pugh, Can. Loc. Forces, and R.F.C

For conspicuous gallantry and devotion to duty. He carried out twenty successful bombing raids and fifteen long-distance photographic reconnaissances, showing great determination in carrying out his work, in spite of strong opposition by enemy aircraft. In two days he took 108 photographs in the course of long-distance flights. During a period of five days he dropped three-quarters of a ton of bombs on enemy troops and transport, and engaged ground targets with machine gun fire from a low altitude. On one occasion whilst on a bombing raid he was attacked by five enemy machines, one of which he destroyed. He set a splendid example of skill and resource.

Capt. Joseph Benjamin Stratford, Cav.

For conspicuous gallantry and devotion to duty. Although greatly outnumbered, he continued to attack, and by sheer courage and determination succeeded in driving the enemy out of the southern portion of the wood. He then consolidated the position, which he succeeded in maintaining, thus enabling our line to be re-established. His courage and skill were most conspicuous throughout.

Lt. Frank Harold Taylor, Cent. Ont. Regt., Attd., R. F. C.

For conspicuous gallantry and devotion to duty. On one occasion, whilst on offensive patrol, he shot down a hostile scout in flames and a second out of control. On the following day he shot down an enemy triplane, which finally crashed to earth. During the recent operations he has carried out many successful attacks on enemy infantry from low altitudes, and has taken part in over 80 offensive patrols. His gallantry and good service merit the highest praise.

Lt. Samuel Herbert Williams, Cav.

For conspicuous gallantry and devotion to duty. In the attack he personally led his regiment through the wood to the far side, capturing prisoners and machine guns. Finding that he had but a few men to hold the captured position, he placed a machine-gun in position and collected men from other units. When all the machine-gun crew had become casualties, he himself operated the gun, killing a large number of the enemy and completely breaking up the hostile counter-attack. His most courageous action contributed in a high degree to the capture and retention of this important position.

Capt. John Ewart Wilson, Mtd. Rif., Quebec R.

For conspicuous gallantry and devotion to duty during a raid on the enemy's lines. When the officer commanding the party was killed, he at once took command and led his men with great skill and coolness. At the conclusion of the raid he directed the evacuation of the casualties to our lines, a distance of over 1,000 yards, and was the last to leave the enemy's position. He showed great keenness in the preparation and organization of the raid, and his untiring efforts contributed largely to its success.

Lt. Lawrence Joseph Young, Mtd. Rif., Quebec R.

For conspicuous gallantry and devotion to duty during a raid on the enemy's trenches. He led his men with great dash and fearlessness to the objective, and when the officer commanding the party was killed he rendered valuable assistance to the officer who then took command, remaining with him until the whole party had left the enemy's trenches. His gallantry and good leadership were an inspiration to his men.

ORDERS IN COUNCIL.

[1515.]

AT THE GOVERNMENT HOUSE AT OTTAWA.
Thursday, June 20th, 1918.

PRESENT:
HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 13th June, 1918, from the Acting Minister of the Interior, stating that Mrs. Flossie Fitzgerald, who has been deserted by her husband, was granted homestead entry for the North-west quarter of Section 30, Township 10, Range 27, west of the 2nd Meridian, on the 6th November, 1917, considerable cultivation duties have been performed.

The Minister submits copy of a medical certificate showing that Mrs. Fitzgerald has become totally and permanently unfit to fulfil the residence requirements.

The Minister, therefore, recommends that in view of the statements contained in the medical certificate above referred to, the residence requirements of the Dominion Lands Act be dispensed with in this case in accordance with the provisions of Sub-section 2 of Section 20, Chapter 20, 7–8 Edward the Seventh, so that free patent may be issued to Mrs. Fitzgerald upon proof being furnished in the ordinary way that the other conditions of the law have been fulfilled.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

Tuesday, the 2nd day of July, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Dominion Lands Act (chapter 20 of the statutes of 1908) provides that every application for entry for a homestead shall be made by the applicant in person, unless otherwise provided by regulations made by the Governor in Council;

And whereas under regulations approved by Orders in Council dated the 26th of August, 1908, and the 11th of January, 1915, homestead entry may be made by proxy on behalf of a husband, father, mother, son, daughter, brother or sister;

And whereas it is represented that cases are likely to arise where a number of soldiers eligible for soldier grant entry under the terms of the Soldier Settlement Act, 1917, and eligible also to make ordinary homestead entry, desire to send one of their number in advance to select and enter for land on their behalf;

And whereas authority has already been taken under section 23 of the Soldier Settlement Regulations to meet a case of this kind in so far as the soldier grant entry is concerned, but there is no corresponding provision in the case of an application for ordinary homestead entry by proxy on behalf of a "settler," as defined by the Soldier Settlement Act;

Therefore His Excellency the Governor General in Council, in view of the above, is pleased, on the recommendation of the Acting Minister of the Interior, to make the following regulation and the same is hereby made and established accordingly:—

In the case of a "settler" as defined by the Soldier Settlement Act, 1917, who is eligible to make ordinary homestead entry, application for entry by proxy may be permitted not only in the case of a person making entry on behalf of a husband, father, mother, son, daughter, brother or sister, but also in the case of a person who for special reasons has been authorized by the Department of the Interior to make entry on behalf of such "settler."

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency the Governor General in Council on the recommendation of the Acting Minister of the Interior is pleased to order and it is hereby ordered that the regulations for the survey, administration, disposal and management of Dominion Lands within the Forty-five Railway Belt, in the Province of British Columbia, established by Order in Council of 17th September, 1889, shall be and the same are hereby amended by rescinding section 9 thereof and substituting the following therefore:—

9. (1) The word "highway" as used in this section shall mean all public wagon-roads, streets, roads, trails, lanes, bridges and trestles, but shall not include canals, towing-paths or other like public ways.

(2) The authorities of the Province of British Columbia shall, during the pleasure of the Governor in Council and subject to the provisions of these regulations, be authorized and empowered to make and establish such public highways through or over Dominion lands in the railway belt, exclusive of areas set apart as Dominion forest reserves and parks, but including lands held under homestead entry, contract of sale, lease, license or any other form of occupancy, and also including foreshores and lands covered with water, as if the British Columbia Highway Act, chap. 99, of the Revised Statutes of British Columbia, 1911, as amended by chap. 29 of the Statutes of 1913, were applicable to the said Dominion lands.

(3) Notwithstanding the powers conferred upon the Provincial authorities by the preceeding sub-section, the Governor in council may authorise the location and construction by any person of such public highways as he may deem expedient through any land subject to these regulations, and for that purpose may take or authorise to be taken without any notice and without any consent on the part of the person owning or occupying such land or having any claim, estate, right, title or interest therein, any requisite area of land, and any existing roads whether the area so taken be or be not in excess of the Provincial allowance for roads, in any section, quarter section or legal subdivision, and may also enter upon or authorise entry upon any such lands and the taking therefrom of any gravel, stone, timber or other material required for the construction of such highway or for the purpose of cutting and maintaining any drains that may be considered necessary.

(4) Whenever any highway is made and declared and has been put into actual use by the Public or whenever the Governor-in-Council has established a highway as provided in the last preceeding sub-section such public highway shall become the property of the Province, the legal title thereto remaining in the Crown for the public use of the Province subject to reversion in the case of closing or abandonment as hereinafter specified, provided that the ownership of any minerals under such roads shall not be affected by the making or establishing of any such highway.

(5) No road so established by the Governor in Council shall be closed up or its direction varied or any part of the land occupied by it sold or otherwise alienated without the consent of the Governor in Council.

(6) Whenever any road constructed by the Provincial authorities over any of the lands subject to these regulations is later closed by the same authorities or by reason of abandonment or otherwise ceases to be a public highway, or whenever any road established by the Governor in Council is closed in the manner specified herein, then, in either such case, the part of such highway, if any, which was comprised of Dominion lands when constructed and which at the time of such closing or ceasing to be used as a public highway, is still situated across or adjacent to Dominion lands, shall revert to and become the property of the Crown in the right of Canada and may be dealt with by the Minister subject to these regulations.

(7) Until necessary highways providing means of egress and ingress to the lands of settlers and landholders shall have been located and constructed, a convenient right of way not exceeding sixty-six feet in width over any Dominion lands disposed of is hereby reserved for the use and convenience of settlers and land-holders in passing from time to time to and from their locations or lands, to and from any now existing public highways, providing always that such settler or landholder making use of the aforesaid privilege shall not damage the fences or crops of the occupier located on the land over which such right of way is reserved.

(8) Notwithstanding any other provisions of these regulations, in case the Provincial authorities and the Governor in Council should both establish highways across the land of any owner or occupier, no greater area shall be taken without compensation from such owner or occupier for the purpose of the said highways than is permitted to be taken by the Provincial authorities under the said British Columbia Highway Act.

(9) Every homestead entry, contract of sale, lease, license or any other form of company, patent or other grant hereafter issued of any Dominion lands within the Railway Belt shall be subject to a reservation providing for the taking of an area for road purposes and compensation for the same as provided herein.

THE Committee of the Privy Council have had before them a report, dated 22nd May, 1918, from the Minister of the Interior, stating that an application has been received from the Division of Biology of the Canadian Department of Mines, for permission to collect biological specimens of birds and the smaller mammals in Jasper Park during the coming summer.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 17th day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 4th day of June, 1918, from the Acting Minister of the Interior, stating that application has been made to the Department of the Interior by William Henry Hammond, owner of the Basque Ranche, comprising an area of about 2,057·5 acres situated in the Railway Belt near Ashcroft, in the Province of British Columbia, to purchase under irrigation conditions 873·7 acres of Dominion lands lying adjacent to his holdings, all of which it is proposed to bring under an irrigation system.

The lands applied for have been inspected by officers of the Department and reported to be useless for cultivation without irrigation, and that the irrigation of the same is feasible providing water can be secured for the purpose. The lands are vacant and available.

The Minister, therefore, recommends that the lands enumerated in the schedule submitted be sold to William Henry Hammond on the following conditions:—

(*a*) The lands sold to be brought under cultivation by irrigation.

(*b*) The purchase price to be at the rate of five dollars ($5.00) per acre, subject to a deduction of the cost of the irrigation works up to an amount not exceeding two dollars ($2.00) per acre, and the amount so credited shall be deemed to be a payment in cash made on the date of sale, the said purchase price to be paid as follows:—One dollar ($1.00) per acre within one year from the date of the authorization of the sale by the Governor in Council, the balance within three years from the date of such authorization or upon fulfilment before the expiration of the said three years of all other conditions of the sale, with interest at 5 per cent per annum.

(*c*) The necessary water rights to be secured from the Provincial Government of British Columbia; no work to be done on the land until preliminary water rights are secured from the province.

(*d*) The work to be commenced within one year from the date of the authorization by Order in Council of the sale and to be completed to the satisfaction of the Minister of the Interior within three years from such date, unless other dates are fixed by the provincial authorities in connection with the water rights, in which case the provincial dates may be accepted if approved by the Minister of the Interior.

(*e*) Examination to be made by engineers of the Department of the Interior on completion of the work.

(*f*) Patent to issue, when conditions completed, for these parcels, the irrigable portions of which have been brought under cultivation by irrigation.

(*g*) The sale to be cancellable for non-payment of the purchase price or for failure to comply with any of the terms or conditions of sale.

(*h*) Prior to patent no transfer or assignment of the lands, or any rights therein, to be made without the consent of the Minister of the Interior.

The Committee concur in the foregoing recommendation, and submit the same for approval.

Such attestation shall not be transferable and shall be surrendered when formal application for entry is made under these regulations.

RESERVATION OF LANDS.

Reservation of lands.

8. The Board may request reservation of available Dominion lands for the purposes of the Act.

Lands especially set apart.

9. In the event of any parcel of land reserved under the Act being required for some specific purpose in connection with soldier settlement, or being particularly valuable on account of its location or otherwise, or with respect to which it is ascertained that some person has a right the existence of which was not known at the time the land was reserved for soldier settlement, the Board may withhold such parcel of land from general disposition under soldier entry, whether before or after such parcel has been made available for entry, and set apart the same for much disposal as may be deemed proper.

Cancellation of reservation.

10. If in the opinion of the Board any parcel of land which has been reserved under the Act is not suitable for the purposes of soldier settlement, the Board may request the cancellation of such reservation.

Lapse of all reservations.

11. All reservations of lands under the Act shall lapse three years after the close of the present war.

Timbered lands not open to entry.

12. A quarter-section containing more than twenty-five acres of "merchantable timber" is not open to entry, and if entry is obtained for land which, though not reserved at the time, is ascertained to be valuable on account of merchantable timber upon it, the entry may be cancelled, provided that in the case an entry is so cancelled no compensation shall be made to the entrant for the value to him of the timber on the land.

Surveying and advertising.

13. No land shall be open for entry under the provisions of these regulations until it has been surveyed in accordance with the provisions of the Dominion Lands Survey Act, and until notice that it is to be open for entry upon a date to be set forth in the notice has been posted for at least thirty days in the land office of the District in which the land is situated, and has been published in at least one newspaper in that District and in one newspaper in the provincial capital; and the printing and publication of the notice shall be made in such manner as is determined by the Board.

Thirty days' notice in case of new surveys.

It shall be the duty of the Agent, when requested to do so by the Board, to advertise any newly surveyed land reserved under the Act, and to post notices promptly in his office and in each of the offices of the Sub-agents in his district.

Ten days' notice in all other cases.

14. In the case of other then newly surveyed lands, the Agent shall, when notified by the Board to make any land available for entry under these regulations, advertise such land for ten clear days, unless otherwise directed by the Board, by posting a notice in his office, available for public inspection, giving date and hour of the posting and the date on which the land will become available. Such notice shall be in the form prescribed by the Board, and a copy of same shall be promptly mailed by the Agent to each of the Sub-agents and to the representatives of the Board in his district, and to

the Postmaster nearest the land, to be posted in their respective offices.

Soldier entry on lands not reserved.

17. The right of soldier entry may be exercised by any settler qualified as such under the Act on any parcel of land which although not reserved for the purposes of the Act at the time, is open to homestead entry under the provisions of the Dominion Lands Act. An application for soldier entry on such land by any person eligible shall *ipso facto* reserve the same for the purpose of the Act.

Information as to lands.

18. General information concerning lands for soldier settlement may be obtained by any prospective settler on application to the Soldier Settlement Board, Ottawa, or to any representative of the Board elsewhere.

Precise information as to whether any particular parcel of land is open to soldier entry may be secured on application to the Agent of Dominion Lands for the district within which the land is situated.

APPLICATION FOR ENTRY.

Notice may be wired.

Provided that where an application for a soldier entry is so made, the person receiving the same may, at the expense of the applicant, wire notice of receipt of the application to the office of record, whereupon, if the land is available, it shall be held for the applicant until the application papers are received.

No second application.

21. Where an application for soldier entry is made at any place other than the office of record, the person receiving the application shall not receive another application for entry on the same land until first application has been disposed of by the office of record.

Personal application.

22. Every application for a soldier entry shall, except as hereinafter provided, be made by the settler in person.

Application by proxy.

23. Application for entry by proxy is permitted only in the case of a person making entry on behalf of a husband, wife, father, mother, son, daughter, brother or sister, when duly authorized to do so in the form prescribed, or in the case of a person who, for special reasons, has been given permission by the Board to make entry on behalf of a settler.

The proxy must appear before the Agent of Dominion Lands for the district; sub-agents and local representatives are not authorized to accept applications for entry by proxy.

The settler on whose behalf such entry is made must, before the expiration of six months from the date of the entry, appear personally before the agent and satisfy him by declaration that he is already in residence or on his way to commence such residence, and in the latter case that he will be in residence before the end of the six months. Should he fail to make appearance, the agent shall, unless otherwise determined by the Board, cancel the entry without notice at the end of six months from the date of entry.

24. Application for soldier entry shall be made only during the regular office hours on every day except Sunday and statutory holidays.

Declaration by applicant.

25. No fees.

26. No fees shall be charged in connection with a soldier entry, but the applicant may be required to pay the value of the improvements, if any, on the land, and any charge or indebtedness against the land.

Application for lands not available.

27. An application for entry on land which is not available for entry at the time the same is made shall not give the applicant any priority of right in the event of the land becoming available.

CERTIFICATE OF ENTRY.

What constitutes entry.

28. When application is made in the manner hereinbefore described for land open to entry under the provisions of these regulations, the agent or officer acting for him shall accept it and issue to the applicant a Certificate of Entry, and the acceptance by the agent, or officer acting for him, of the said application and the issue of the Certificate of Entry shall constitute a soldier entry under the provisions of these regulations.

Certificate.

29. The Certificate of Entry shall entitle the recipient to take, occupy, use and cultivate the land entered for, and to hold possession thereof to the exclusion of any other person, and to bring and maintain actions for trespass committed on the said land; and the land shall not be liable to be taken in execution before the issue of letters patent therefor; provided that occupancy, use and possession of land so entered for shall be subject to the provisions of the Act, or regulations thereunder or amendments thereto.

Squatter before survey.

30. A person who has bona fide settled and made improvements on agricultural land before the survey thereof and was in occupation of and ordinarily resident on the land at the time of survey shall, if eligible to make entry for a soldier grant under these regulations, have a prior right to obtain entry for the land so settled on; Provided that this right is exercised within six months after notice in writing that the land is open for entry has been given by the Agent to such settler, or has been posted in a conspicuous place on the land; and that entry shall not be allowed for more than a quarter-section as a soldier grant.

Squatter after survey.

31. The occupation of land after the survey thereof, without entry as provided by these regulations, gives the occupant no right thereto, and the occupant may be ejected as a trespasser, and his improvements forfeited to the Crown.

One day priority to adjoining settler.

32. On the day on which any land is to be made available for entry after being advertised or posted in the manner hereinbefore described, the privilege of entry thereon shall be restricted to a settler eligible to make entry who holds an adjoining quarter-section under homestead or soldier entry, or who obtained homestead patent for such quarter-section and is still the owner thereof, or who was a squatter before survey on such quarter-section.

Conflicting Claims.

Determining priority.

33. In the event of there being more than one applicant claiming the prior right to entry under the preceding section, the priority of their claims shall be determined by the priority of the dates of their respective entries, or the commencement of residence in the case of squatters before survey.

34. To ensure due consideration being given to the rights of all persons claiming priority, the Agent shall receive all applications for entry offering under the preceding section, if requested to do so, but shall issue no certificate of entry for such land until the close of the office hours of the day on which the prior right of entry is considered; or until the morning of the following day;

Application before sub-agent.

Provided that if the Agent is advised by wire or otherwise on such day by a Sub-agent or a local Representative of the receipt by him of an application for entry from a person claiming a prior right

of entry for the land affected, and it is evident from the records that such person, by reason of the priority of date of his entry for or commencement of residence on the adjoining homestead has a better claim than any of the other applicants appearing in person, the Agent shall hold the land until such application made before the sub-agent or local representative has been received;

Sickness of applicant.

Provided further that if on account of sickness or other satisfactory reason shown to the Agent, a settler who according to the records has a prior right of entry over all other applicants is unable to appear in person on such day, the Agent may hold the land for such settler for a reasonable length of time, reporting immediately all the circumstances of the case to the Board;

Doubtful cases.

Provided also that if the Agent is in doubt as to the priority of any applicant, he shall not grant entry on the land affected, but refer the matter to the Board for consideration.

Land available to any settler.

35. Any land which, after having been posted in the manner hereinbefore described, has not been entered for by an adjoining settler on the first day on which such land became available for entry, or if it has not been reserved for any of the reasons above mentioned, it shall be open for entry on the following day to any settler eligible to make entry under these regulations.

AT THE GOVERNMENT HOUSE AT OTTAWA.
Thursday, 20th June, 1918.

PRESENT:
HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Commitee of the Privy Council have had before them a report, dated 12th June, 1918, from the Acting Minister of the Interior, stating that Section 3 of the Coal Mining Regulations, approved by Order in Council dated the 20th April, 1910, provides that the length of a location, acquired under the provisions of such regulations, shall not exceed four times the breadth thereof.

In the year 1911, two locations, lying in Township 46, Range 24 w st of the 5th Meridian, were staked out under the provisions of the above regulations, and leases o the c al mining rights under the tracts staked were issued, which leases have since been assigned t the Cad min Coal Company, Limited.

It has been discovered on survey that these two locations do not adjoin throughout, as was the intention of the original stakers, and that there remains undisposed of a triangular strip about one-half mile long and with an average width of less than one hundred feet, containing a total area of 4.4 acres, between the locations, which the above company claims is essential to its successful operation of the locations in question.

It has been represented that the company's main entry to the mine is through this available strip of land, and that upon it has been erected the company's tipple, store houses, general store and miner's cabin.

As the company has opened a mine on this land and incurred a very large expenditure in development, the Minister recommends that he be authorized to grant the company a lease of the coal mining rights under the 4.4 acres referred to, notwithstanding the provision of the Coal Mining Regulations already referred to.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,
52–4 Clerk of the Privy Council.

Ottawa, Friday, 28th June, 1918.

PRESENT:
HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 21st June, 1918, from the Minister of the Interior, stating that it has been represented to the Department of the Interior that Mr. George Ross who entered for the East ½ of the South-west ¼ of Section 24, Township 10, Range 10, West of Principal Meridian, on the 10th August, 1915, became permanently disabled through illness after obtaining entry, and was, therefore, unable to perform his residence duties in pursuance of the provisions of the Dominion Lands Act of 1908.

Evidence has been submitted that Mr. Ross performed two months' residence, erected a house and broke one acre in 1916, and was admitted to the Home for Incurables at Portage la Prairie, Manitoba, on the 17th February, 1917.

A certificate from the Superintendent of that institution, dated the 8th June, has now come to hand, setting out that Mr. Ross is over seventy-five years of age and will never be able to do any further work on the land referred to.

The Minister, therefore, recommends that Mr. Ross be relieved from the performance of any further residence duties, under the provisions of Clause 2, Section 20 of the Act, and that authority be given for the issue of a free patent for the land described, upon proof being furnished in the ordinary way that the other requirements of the law have been complied with.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,
2–4 Clerk of the Privy Council.

Miss Reith represents that her two nephews above referred to are respectively thirty and twenty-seven years of age; that they are orphans; that she is the next of kin and that they have requested her to apply for permission to make entries on their behalf.

In view of the relationship and the circumstances above stated, the Minister recommends that Miss Margaret Reith be authorized to make entries by proxy on behalf of her nephews, William John Franklin Reith and James Wilbert Reith.

RODOLPHE BOUDREAU,
1–4 Clerk of the Privy Council.

[1101]
AT THE GOVERNMENT HOUSE AT OTTAWA.
Monday the 3rd day of June, 1918.

PRESENT:
HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency the Governor General in Council, on the recommendation of the Minister of the Interior, is pleased to order and it is hereby ordered that Section 27 of the regulations governing the granting of yearly licenses and permits to cut timber on Dominion Lands, established by Order in Council of the 1st July, 1898, and subsequent Orders in Council, be rescinded and the following substituted therefor:—

27. Licensees are required to keep a bush count of all saw logs and other timber cut upon a berth, as well as the number of pieces hauled therefrom, in the form of a book to be furnished for the purpose by the Crown Timber Agent. The books covering operations for twelve months ending the 30th April in each year are to be returned to the said Agent duly completed by the foreman in charge of operations, who shall subscribe to the affidavit therein.

(*a*) All saw logs and other timber cut upon a licensed or permit berth, or upon unpatented homestead lands within the Railway Belt of the Province of British Columbia, whether merchantable or cull, must be clearly marked with a distinguishing number on scaling end with crayon, chalk or pencil, at the time of scaling.

Numbering will be necessary even when the logs will be sawn immediately or before being placed in the water. The scale of each log and length will be entered opposite its number in consecutive order in a scale book, cull logs being identified by the addition of the letter "C".

Where operations are carried on to such an extent as to require the use of more than one scale book, the books are to be numbered serially with letters of the alphabet in the order in which they are used. These books are to be carefully preserved by the licensee for inspection by the Crown Timber Agent or other officer of the Crown.

No person is authorized to scale timber cut upon Dominion Lands other than those authorized in writing by the Minister or his appointed agent.

(*b*) The requirements in the next preceding subclause will not apply to timber cut on Dominion Lands within the Railway Belt lying south of a line drawn East and West from the Town of Yale.

All timber cut within said tract, which is subject to Crown dues, shall be scaled by a Dominion Timber Scaler holding a scaler's license from the British Columbia Government, and in accordance with the British Columbia log rule.

(*c*) The following fees, to which shall be added reasonable expenses, shall be paid for the scaler's services by the licensee or permittee conducting operations :—

For scaling saw logs and spars, 5 cents per thousand feet board measure; for measuring piles and poles, 5 cents for each 200 lineal feet; for measuring railway ties, pulpwood, shingle bolts or cordwood, 5 cents for each cord of 128 cubic feet.

When the fees and reasonable expenses are not paid promptly on completion of the work, the amount due shall be made a lien upon the timber with respect to which the work was done, or upon the berth from which the timber was taken.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 2nd day of July, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 5th June, 1918, from the Minister of the Naval Service, stating that the Technical Officers of the Department of the Naval Service have reported that periodical increases of pay are considered desirable in the various ranks in the Royal Canadian Navy on similar lines to those approved in the Royal Navy; also that progressive pay be granted to officers of the Royal Naval Canadian Volunteer Reserve after the same period of service as similar ranks in the Royal Canadian Navy, observing that when the various ranks were instituted in the Royal Naval Canadian Volunteer Reserve rates of pay on promotion only were laid down.

The Technical Officers further submit that small increases of pay to warrant officers and the institution of several new warrant ranks are considered desirable. All ratings are now paid on the same scale as soldiers of the C.E.F., and it is desirable, therefore, to make these small increases in the pay of warrant officers in order that there may be a suitable gain in pay to a rating promoted to warrant rank.

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Regulations heretofore established for the administration and management of Dominion lands within the Railway Belt of British Columbia in pursuance of the authority conferred by Chapter 59, Revised Statutes of Canada, 1906, and Chapter 10, 1—2 George V, do not include any special provisions for the disposal and administration of lands required for the development of water-powers and other water privileges, and.

Whereas it appears desirable that Dominion lands in the said belt required for the development of water-powers and other water-privileges should be disposed of and administered under special regulations which shall harmonize with the said provincial water administration.

Therefore His Excellency the Governor General in Council on the recommendation of the Minister of the Interior and in virtue of the authority conferred by the said Chapter 59, Revised Statutes of Canada, 1906, and the said Chapter 10, 1-2 George V, is pleased to order and it is hereby ordered that the attached regulations, namely, The Water-Lands Regulations, shall be and the same are hereby made effective for disposing of and administering such Dominion lands within the said belt (excluding only lands within areas that are or may be set apart and designated as Dominion parks) as are required in the development of water-powers and other water-privileges.

(1) Any person who desires to acquire a right to use or occupy any Dominion lands for the diversion, storage or carriage of any water, or for the construction, maintenance or operation of any works for such diversion, storage or carriage of water, including lands to be flooded, shall file or cause to be filed with the Minister an application in writing for that purpose.

5. Pending the consideration of any such application for the use and occupation of Dominion lands, the Minister may, from time to time, reserve the lands applied for from any disposition not consistent with the rights desired under such application.

6. (1) The applicant, before commencing the construction of any works upon Dominion lands, shall cause to be filed with the Minister a plan prepared from an actual survey by a qualified Dominion land surveyor, and signed and certified correct by him, showing the location and extent of the lands so required, and shall obtain the Minister's approval thereof. Minister may grant Interim Permit.

8. (1) Upon the filing of the application, plan and report set out in the last three preceding sections, and subject always to these and any further regulations on the subject, the Minister may, if he deems such action advisable, grant to the applicant an interim permit authorizing entry upon or the use or occupation of any Dominion lands subject to such conditions as may, in his opinion, be required by such applicant for the purpose of making surveys and constructing works, but such interim permit shall, in every case, be subject to the provisions of these regulations respecting leases so far as applicable.

Term and nature of Interim Permit.

(2) The term of the interim permit shall be as nearly as possible concurrent with that of the conditional-water-license granted to the applicant under the British Columbia Water Acts, it being the intent of these regulations that the applicant shall secure his water-rights from the provincial authorities before the corresponding land-rights shall be granted, and it being the general purpose of the said permit to supply such applicant with such rights in Dominion lands, as, in the opinion of the Minister, may be required by him in the exercise of the rights conferred by the said conditional water-license.

Surveys may be delayed in certain cases.

9. (1) If the Minister is of the opinion that a strict compliance with sections 6 and 7 would seriously interfere with the immediate and necessary construction of works or with the exercise of water rights acquired or in process of being acquired by the applicant, he may, by a writing under his hand, grant the applicant such temporary rights of entry upon or of the occupation or use of any Dominion lands as are, in his opinion, required by the applicant pending the time when the plans and report called for in the said sections 6 and 7 shall have been completed. The applicant shall, however, in such case pursue the preparation and completion of the said plans and reports with due diligence, and upon the filing and approval of the same, and upon compliance otherwise by the applicant with the terms laid down by the Minister, the interim permit mentioned in the last preceding section may be issued.

---

1. The Department of the Interior in order to facilitate the preparation of plans by applicants will endeavour to have a qualified member of the British Columbia Hydrometric Survey available for making the necessary surveys at reasonable cost to the applicants.

(2) The location of any works so constructed by the applicant prior to the filing and approval of the said plans and reports shall be subject to the approval of the Minister and the permittee shall and will make any changes with respect thereto which the Minister may require after the said plans and reports are filed. The temporary rights granted by the Minister under this section shall, in every case be subject to the provisions of these regulations respecting leases in so far as applicable and shall further be subject to cancellation at the at the discretion of the Minister.

Dispensation from Surveys by D.L.S. in certain cases.

10. Notwithstanding any other provision of these regulations, if the Minister considers that any application is not of sufficient importance to warrant the surveys and report by a Dominion land surveyor called for in sections 6 and 7, he may, by letter or other writing, authorize such applicant to dispence with the requirements of either or both of the said sections, but may, in such case, call for such plans and information as he may deem necessary, and upon satisfactory compliance by the applicant with all such requirements, the Minister may grant the interim permit mentioned in the last preceeding section, but in every case where works are constructed without plans being submitted and approved showing exact locations, such works shall be subject to approval as to location by the Minister and the applicant shall and will make any changes therein which the Minister may subsequently require.

Lease, when may be issued.

11. Upon the receipt by the Minister of a notice from the Comptroller of Water Rights or other proper provincial authority that the said applicant has completed his works and is in all respects other than the acquirement of the neeessary interests in Dominion lands, entitled to a final water license under the provincial Water Acts, together with a copy of such license or a statement of the proposed terms thereof, and upon it being shown to the satisfaction of the Minister that the applicant has observed and fulfilled all the terms and conditions required by the Minister or by these regulations to be by such applicant observed and fulfilled, the Minister may, subject always to these regulations, issue in favor of the applicant a lease, a license of occupation or other form of grant conferring such rights in Dominion lands as are in the opinion of the Minister, necessary for the proper maintenance and operation of the said works, and subject to such special terms and conditions, not inconsistent with these regulations, as the Minister may impose.

Lease concurrent with water-license.

12. The lease shall be for the same term of years as such final water-license and shall run concurrently therewith ; provided always, that in no case shall any lease authorize entry upon or use or occupation of any Dominion lands for a period exceeding fifty years from the date thereof.

Lease or permit to depend on water-license.

13. The easements, rights and privileges acquired under any interim permit or lease shall be subject always to compliance by the permittee or lessee with all the terms and conditions of the water-license in connection with which such interim permit or lease is issued, and if, under the provisions of the Water Acts of British Columbia or the regulations made pursuant thereto, or by other lawful means such water-license is terminated or cancelled, or becomes null and void, then such interim permit or lease shall, *ipso facto*, become void and of no effect, and all the rights granted thereunder shall cease and determine.

Lease voided when lands no longer needed.

14. (1) Every lease shall be valid or effective to authorize the entry upon or the use or occupation of any Dominion lands only in such manner and to such extent as may be necessary for the purpose of constructing, maintaining and operating the works authorized to be constructed, maintained and operated under the water-license in respect of which such lease is granted and no further.

Procedure when lease voided for non-use or abandonment.

(2) If, because of a change in the location of the said works, or because of their non-use or abandonment, or for any other reason continued or further entry upon, use of, or occupation of such lands in whole or in part for the said purpose becomes, in the opinion of the Minister, unnecessary, he shall give the lessee written notice of the contemplated withdrawal of such lands from the operation of the lease and his reasons therefor. The lessee may within sixty days after the giving of such notice file a written objection to such withdrawal of lands. The Minister may, after the consideration of such objection, or after the expiry of the time allowed for objection, if no objection is filed, make an order withdrawing such lands from the operation of the lease.

Termination of works when lease voided.

15. If any lease issued under these regulations is voided, terminated or cancelled in whole or in part by any lawful process, the lessee shall not be privileged to remove any works, buildings or other improvements constructed by him on the said lands unless the Minister's consent in writing is first obtained. The Minister may make any provision which he deems advisable for arriving at the compensation, if any, which is to be paid to the lessee for such of the said works, buildings or other improvements as are taken over by His Majesty and as are considered serviceable in the future disposition which is to be made of the said lands.

Rentals.

16. The sum to be paid as annual rental shall be fixed by the Minister and specified in the lease, but such rental shall be subject to revision at the same times and, at the discretion of the Minister, in the same manner as if the lease were subject to the statutes, regulations and general practice of the province governing of leases of lands valuable in the development of water privileges, providing always that the Minister shall act in the place of any provincial authority empowered or required to take action under the provisions of the said regulations in respect of such revision of rentals.

Lease not exclusive.

17. Every such lease shall be subject to the right of His Majesty to grant liberty or privilege to other persons for any purpose to enter upon, use or occupy the lands so leased or to use any existing works upon such lands in common with the lessee ; provided always that, in such case, if it is proposed to move or alter or in any way affect the lessee's works, the rights of the lessee in respect of the said works shall not be, in the opinion of the Minister, prejudicially interfered with, nor shall other works be substituted which, in so far as the lessee is concerned are less fitted to accomplish the purposes of the said works as set out in the water-license.

Grants not to be capitalized.

18. The lessee, in estimating the value of the lands, works, and properties, held by him in connection with his lease, whether for the purpose of fixing the tolls or rates which may be charged for power or for the purpose of appraising the property upon which he is entitled to earn or receive any return, income, price or compensation or for any other purpose, shall in no case give any pecuniary value to or claim any pecuniary value for the rights and privileges granted by his lease.

Transfers.

19. Before any assignment or transfer of any lease or of the rights and privileges conferred thereby or of the works or undertaking connected therewith becomes valid or effective the assignee or transferree must have executed and filed with the Minister an undertaking or agreement to comply with the provisions of these regulations in so far as applicable and to observe and fulfil all the terms and conditions of such lease as amended by any additional terms and conditions which the Minister may then see fit to impose, and the Minister's approval in writing of such assignment or transfer and of such undertaking or agreement must have been

obtained. No such approval shall be given by the Minister unless it is shown to his satisfaction that such assignment or transfer is expedient in the public interest and that no compensation whatever is to be paid for the rights and privileges conferred by such lease.

Care of Dominion Lands.

20. The lessee shall in the construction, maintenance and operation of his works, take such steps and do such acts and things, as are necessary for the proper care, maintenance and protection of any Dominion lands affected thereby, and shall comply with any instructions of the Minister or of any person acting for the Minister in that behalf.

Roads, trails, &c.

21. No roads, trails, telephone lines, buildings or other improvements the property of the Crown in the right of the Dominion shall be removed, altered or in any way affected by any lessee in the construction of his works without the Minister's consent in writing having been first obtained. Such lessee shall in every case replace or reconstruct such improvements and shall build and maintain necessary and suitable crossings for all such roads and trails existing or that may be established intersecting any water conduits of such lessee to the Minister's satisfaction. The Minister may, if he deems it necessary, require the applicant or lessee to furnish a bond for the satisfactory carrying out of the provisions of this section. The lease shall be subject to the right of the Minister to construct, or authorize the construction of roads, trails or telephone lines on or across the leasehold.

The lessee shall pay for any merchantable timber cut or removed from any Dominion lands such sums by way of stumpage and royalty as may be fixed by the regulations governing the administration of forest reserves, if within any such reserve, or by the regulations governing the granting of yearly licenses and permits to cut timber, if on Dominion lands other than forest reserves.

Forest Reserve provisions.

25. The lessee shall do no unnecessary damage to timber on any Dominion lands. Every lessee whose lease includes any lands situated within any Dominion forest reserve shall carefully comply with all regulations relating to forest reserves and shall also comply with all instructions of the Director of Forestry in all matters pertaining to the care and preservation of the forest reserves.

26. No trees on any Forest Reserve shall be cut by such lessee without the permission of the Director of Forestry and when any trees are so cut the debris of such cutting shall be piled and burned or otherwise disposed of as instructed by the forest officer in charge of the reserve. No burning shall be done except under permit from such forest officer. The lands covered by the lease shall be cleared and kept clear at all times of unnecessary combustible material and the lessee shall take all possible precautions to prevent the starting or spread of fire from the leasehold and shall give assistance in the fighting of fire as required by the regulations relating to forest reserves.

Lands fraudulently entered upon.

27. If it is shown to the satisfaction of the Minister that any homestead entry, agreement to sell or other existing interest less than a fee in any Dominion lands required for the proposed works of any applicant has been secured by any person with a knowledge that the said lands would be required in connection with the development of a water privilege, and with the object of deriving gain from such interest by reason of the future development of such water privilege, the Minister may fix the terms upon which so much of the said lands as may be required for the proposed works may be withdrawn from the said entry, agreement of sale or other interest less than a fee, and secured by such applicant.

Water applicants not under B. C. Water Act.

28. "No cisco or lake herring of a less weight than six ounces avoirdupois, round weight, shall be retained or taken out of the water, and anyone who catches such fish of less than the said minimum weight shall liberate it in the water alive and uninjured, and in order to assume that the fish shall not be injured during the sorting of the different sizes, all such sorting of ciscoes or lake herring shall be done in the water and before the said fish are removed from the fishing implement in which they may have been captured."

This regulation shall become effected on July 1, 1918.

[1510]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday the 20th day of June 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a Report, dated 8th June, 1918, from the Acting Minister of the Interior, stating that application made to him on the 13th November, 1913, by Raoul Pirmez and George Roels, of the City of Calgary in the Province Alberta, for permission to purchase certain land underlyng and abutting upon Kleskun Lake, in Township seventy-three (73), ranges three (3), four, (4), and five (5) west of the sixth (6th) meridian for reclamation by drainage, comprising eighteen thousand four hundred, (14,800) acres, more or less.

Approval of the drainage and reclamation by the applicants of the said lands has been given by the Director of Surveys of the Province of Alberta, on behalf of the Government of that Province, and no known interests will be prejudicially affected by the proposed drainage works.

Investigations made by an engineer of the Department of the Interior show that the lake serves no useful purpose as a source of water supply and that its drainage and the reclamation of the underlying and adjacent land would be in the public interest.

The land is valueless in its present condition.

The necessary investigations to determine the feasibility of the project and the conditions upon which the sale of the land could be recommended were not completed until July, 1914, and the outbreak of war made it necessary for Mr. Roels to return to Belgium early in August, 1914, and for Mr. Pirmez to return in December of the same year. Mr. Roels is a reserve officer in the Belgian army and Mr Pirmez was the Belgian Consul at Calgary, Alberta.

As the proposed reclamation project had been found to be feasible and in the public interest, and as there was no reason to doubt the intention of the applicants to construct the required works and to reclaim the land upon being authorized to do so, the Minister reserved the land from other disposition in order to protect the priority and interest of the applicants.

On the 31st day of December, 1915, the applicants transferred their interest in the aforesaid application to Charles Frederick Adams and the said Adams on the 25th day of August, 1917, transferred his interest to Edmund Thompson of Kingman, Alberta, and both transfers have been accepted and registered in the Department of the Interior.

Satisfactory evidence has been submitted of Mr. Thompson's ability to construct the works necessary for the reclamation of the land.

The Minister, therefore, recommends that authority be given for the sale of the said land to the said Edmund Thompson and that an agreement containing the terms, restrictions and conditions set forth in the attached form of agreement be entered into between the Minister of the Interior, as representative of His Majesty King George the Fifth, and the applicant.

The Committee concur in the foregoing recommendation, and submit the same for approval.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

APPLICATIONS TO PARLIAMENT.

THE SENATE.

Substance of Rules of the Senate relating to Notices and Applications for Bills of Divorce.

As Revised and brought in force 22nd March, 1916.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during at least three months before the consideration by the Committee on Divorce of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the district in Quebec, Manitoba, Saskatchewan, Alberta, British Columbia or the Northwest Territories, or in the county or union of counties in other provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining district or county or union of counties.

Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the district, but otherwise shall be published in one newspaper in both languages. If a notice given for any session of Parliament is not completed in time to allow the petition to be dealt with during that session the petition may be presented and dealt with during the next ensuing session, without any further publication of such notice.

A copy of the said notice and a copy of the petition to be presented shall, at the instance of the applicant, and not less than two months before the consideration by the Committee of the petition, be served personally, when that can be done, on the person from whom the divorce is sought, who is hereinafter called "the respondent."

If the residence of the respondent is not known or personal service cannot be effected, then, if it be shown to the satisfaction of the Committee that all reasonable efforts have been made to effect personal service, and, if unsuccessfull, to bring such notice and petition to the knowledge of the respondent, what has been done may be deemed and taken by the Committee sufficient service.

No petition for a bill of divorce shall be presented to the Senate after the first sixty days of the Session.

The petition of an applicant for bill for divorce must be fairly written and must be signed by the petitioner, and should briefly set forth the marriage, the names in full of the parties thereto, their ages and occupations, when, where and by whom the ceremony was performed, the domicile and residence of each of the parties at the time of the marriage, their matrimonial domicile, residence, and any change thereof, the material facts upon which the petitioner relies as the grounds on which relief is asked, and the nature of the relief prayed for.

The petition should also negative connivance at, or condonation of the wrong complained of and collusion in the application for divorce.

The allegations of the petition must be verified by declaration of the petitioner, under *The Canada Evidence Act, 1893*.

The copy of the petition served upon the respondent shall have endorsed thereon, or appended thereto, he following information:—

(*1*) The petitioner's residence at the time of service.

(*2*) A Post Office address in Canada at which letters and notices for the petitioner may be delivered.

(*3*) The name and address of the solicitor, if any, acting for the petitioner.

(*4*) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa, upon whom all notices and papers may be served.

(*5*) That if the respondent desires to oppose the granting of the divorce and to be heard by the Senate Committee on Divorce, the respondent must send a notice to that effect to the Clerk of the Senate at the Parliament Buildings, Ottawa, within two months from the date of service upon the respondent, and must in the notice to the Clerk of the Senate give:—

(*a*) The respondent's residence at the time of sending such notice.

(*b*) A Post Office address in Canada at which letters and notices for the respondent may be delivered.

(*c*) The name and address of the solicitor, if any, acting for the respondent.

(*d*) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.

(*6*) That, if the respondent does not so notify the Clerk of the Senate, the petition may be considered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(*7*) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the

satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, ($210).

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

A copy of every petition for a Bill of Divorce, or relating to any matter arising out of an application for divorce, and of every document and paper accompanying such petition or produced in evidence before the Committee, shall be furnished to the Committee by the person on whose behalf the petition, document or paper is presented or produced.

Clerk of the Senate.
